Queer Story of a Grave. A curious barren mound is to be seen in Montgomery churchyard. Whatever the cause, there is plainly to be seen a strip of sterility in the form of a cross among a mass of verdure. With the mound a melancholy legend is connected. It is called "Robert's Grave" and the story is that beneath this barren hillock lie the remains of an innocent man who was hanged on a tree taken evidence. It is said that the man stood on the gallows with the rope round his neck he solemnly declared, as a proof of his innocence, that grass should never grow on his grave. And even so it was. Any one who attempts to disturb the fulfillment of this prophecy by sowing grass on this spot, or the person with his life. Insurance are given to individuals who have been rash enough to do so and have met their doom soon afterward.—Cardiff Western Mail.

The Popular Southern Girl. Two men of southern manner of speech were talking of a mutual friend named Henry. "Did Henry ever get married to that young lady in Memphis?" asked one. The other shook his head and replied: "No, seh. When Henry got down there, he found he had to take his nunch and stand in line so as to be able to see the young lady, so he came away."—Chicago Record.

The Pursuit of Pleasure. We smile at the ignorance of the savage who cuts down the tree in order to reach its fruits. But the fact is that a blunder of this description is made by every person who is over-eager and impatient in the pursuit of pleasure.

Violent HEADACHES

Accompanied by Indigestion and Constipation cured by Dr. Chase's Kidney-Liver Pills

From Bath, Ont., comes the particulars of a remarkable cure effected by Dr. Chase's Kidney-Liver Pills. Mr. Jos. Gardiner was for forty years the victim of indigestion, constipation, and violent headaches. Nothing seemed to have the desired effect until he began the use of Dr. Chase's Kidney-Liver Pills, and they effected a complete cure. Mr. Gardiner writes:

"I have been troubled for over forty years with indigestion and constipation, would go for two weeks at a time. At intervals I would be taken with violent headaches. I spent dollars and dollars in vain, and was finally advised to use Dr. Chase's Kidney-Liver Pills, and must say that they are the only remedy that gave me permanent relief. I would not be without them for anything."

Blood Disorders

are simply kidney disorders. The kidneys filter the blood of all that shouldn't be there. The blood passes through the kidneys every three minutes. If the kidneys do their work no impurity or cause of disorder can remain in the circulation longer than that time. Therefore if your blood is out of order your kidneys have failed in their work. They are in need of stimulation, strengthening or doctoring. One medicine will do all three, the finest and most imitated blood medicine there is

Costs That Last a Century. To wear your grandfather's coat would not seem much of an honor, but to John Chinaman it is the greatest felicity. Not only is the common looking, shapeless blue blouse of his ancestor prized because it is his ancestor's, but because of its intrinsic value. The clothing usually worn by the Chinese is of the purest silk and costs anywhere from \$100 to \$250 a suit.

As a nation the Chinese object to wearing clothing of any other kind, and centuries of experiment have taught them how best to make up the costly caterpillar thread into the most durable form. On this account the Chinese dress, though of purer material, has none of the sheen usually associated with silk, a peculiarity which has resulted in the erroneous ideas as to their composition. All the garments are made in China and are only exported for the personal use of Celestials in foreign countries.

Owing to their cost, however, they are only purchased at long intervals, each garment being of so durable a character that they are handed down to the third and even the fourth generation. Wear appears to rather improve them than otherwise, with the result that the coat of the father or grandfather often has more intrinsic value than the newer and less worn articles.—Omaha World-Herald.

The Walls Ran Down. The Irishman who went up in the hotel lift without knowing what it was did not recover easily from the surprise. He relates the story in this way: "I went to the hotel, and, says I, 'Is Mister Smith in?'"

"Yes," said the man with the sojer cap. "Will yez step in?" "So I steps into the closet, and all of a suddint he pulls the rope, and—its the truth I'ze telling yez—the walls of the building began running down to the cellar."

"Och, murther!" says I. "What'll become of Bridget and the children which was left below there?" "Says the sojer cap man: 'Be aisy, sorr. They'll be all right when yez come down.'" "Come down, is it?" says I. "And it is no closet at all, but a haythenish balloon, that yez got me in!" "And wid that the walls-steed stock still, and he opened the door, and there I was wid the roof just over my head! And, begorra, that's what saved me from going up to the hevins intirely!"—Irish Independent.

Don't Tear Down—Build Up.

The old-fashioned theory of tearing down disease was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of the circulation and the nervous system they strengthen and invigorate every organ in the human body.

Bridegroom's Fatal Indiscretion. A queer case of cannibalism is reported as having recently taken place in the Solomon Islands. The Jeannette took from Noumea a Kanaka who had acted as orderly to the immigration office there and was on his honeymoon with his wife, intending to land at Aoba, where his wife's tribe lives. He, however, made the mistake of disembarking among the wrong tribe and was at once seized by the natives, overpowered, killed and eaten. The widow was provided by the tribe with a second husband.—London Mail.

Saved Two Cents. Mr. Pneer—You expect to be in San Francisco next week? By the way, you know where my aunt put those three lives. I have just written a letter to her. Would you mind delivering it some day as you pass the house? Mr. Pneer's Friend—No; but I might forget it. I think I'll just put a stamp on it and drop it into the first letter box. Mr. Pneer—All right. I don't care how you get it to her.—Chicago Tribune.

The Great Debate. When the uncertainty had become well nigh intolerable, Science ventured to go to the Serpent directly. "Is it or is it not a fact, O Serpent," asked Science, "that you swallow your young when you are attacked?" "Well, I always try to hold my own," replied the Serpent modestly, it is true, but evasively withal. And so the bitter controversy wages on.—Detroit Journal.

America's Position Among Nations. An English traveler who has recently been in this country remarks, in making a comparison between the principal great nations of the world, that "holy Russia is a formidable idea, Great Britain is a picturesque and pregnant idea, but the United States is a self conscious, clearly defined and heroically vindicated idea, in whose further vindication the whole world is concerned."—St. Louis Globe-Democrat.

children are sick children. Their inactivity and sober faces are not in keeping with robust childhood. They lack vitality and resistive power, and are very susceptible to colds and contagious diseases.

Scott's Emulsion brings new life to such children. It enriches the blood, it restores health and activity; it gives vigor and vitality to mind and body.

We have just received a lot of "Brahmin" Tea from Horace Haszard Esq. (Wholesale Agent) who has decided to go out of the retail business. We will handle this Pure India Tea in the future and our price is 25 cents per pound.

This Tea has made a name for itself by its peculiar flavor and quality second to none, and is well known all over both town and country.
