STRESSES NEED FOR NURSES HOME, TRAINING SCHOOL-Mr. J. Frank Arnett, president of the Prince County Hospital Board, interviewed yesterday in connection with the forthcoming drive for funds for a new Nurses Home and Training School said that while no definite plans have so far been laid that at the next meeting of the Board, with all directors present steps will be taken to get the machinery of the drive in action. President Arnett said he felt that everyone realized the necessity for this move and that the public in general would be in sympathy with the drive and would support it to the utmost. Commenting on the great need for this new home Mr. Arnett said "much credit is due the nursing staff of the Prince County Hospital, who during the storms of the past three weeks have shown their loyalty to duty in facing the elements on foot, by taxi and truck to be present at the bedside to carry out their great humanitarian mission of caring for the sick and suffering at a time when many citizens found it impossible to get to their place of business. The citizens of Prince County are indebted to these brave young nurses and can show their appreciation of their services by generating a new Nurses Home and Training School for the convenience and training of the staff to carry on the ever increasing service being provided the people of Summerside and surrounding districts."

JOY NON-COMMITTAL ON RETURN TO TRUCE TALKS-MUNSAUNG, Korea, March 8-(Saturday)-(AP)-Vice-Admiral C. Turner Joy, chief United Nations truce negotiator, returned Friday from Tokyo conferences with General Ridgway but was non-committal on whether he brought any new formula to ease the deadlock on Korean armistice talks. An Allied spokesman here would not comment on the talks or the possibility Joy had received new instructions. Only developments in conference tents at Panmunjon would disclose this. Negotiators were scheduled to meet again today at 11 a.m. (9 p.m. EST, Friday). During a one-hour, 58-minute session Friday, Chinese Red Col. Pu Shan sent truce supervision staff off on a new tangent. He proposed striking out specific references to Korea in a paragraph covering withdrawal of naval forces during a truce. Allied staff officers interpreted this as a new Communist attempt to broaden the scope of the agreement to cover Formosa, Nationalist Chinese-held island. Col. Don Darrow, Chief U.N. Command Staff negotiator, told the Reds "this armistice agreement is for the purpose of ceasing all hostilities in Korea. In order that the document be misinterpreted, outside aids felt that we should clearly specify these limitations of the agreement. Col. Pu Shan, a Harvard-educated member of the Red negotiating team, had asked: "Is it the understanding of your side that during the armistice one side could continue to blockade over the area under the control of the other side or outside of Korea-or that during the armistice the ground, or naval, or air forces of the (one) side should fail to respect the areas under the control of the other side, or outside of Korea?" Formosa and the Red mainland of China were not mentioned specifically but observers felt there was little doubt that blockade or invasion of the Chinese coast was uppermost in the minds of the Reds.

FREETOWN ROYALS OUST SUMMERSIDE HIGH 4-1

The Freetown Royals finally clinched the long-drawn out semi-final series with the Summerside High School, winning their way into the finals of the South Shore Hockey League with a 4-1 victory over the Sum-Hi kids at Bedeque Rink last night. The teams had tied three times previously and Freetown had won one game, so the series ended with Freetown having seven points to the High School's three.

The Sum-Hi boys widely outplayed the Royals in the initial frame but could not seem to get the puck into the net, and ended the period behind by a 2 to nil score. The last two periods were evenly fought, but the High School players were firing fast as the third period came to close, some of them just about on their feet. The game was marred by a lot of high sticking, fist brawls and prolonged arguments with the spectators rushing on the ice on two occasions to get rightside glimpses of the fighter's mission of caring for the sick and suffering at a time when many citizens found it impossible to get to their place of business.

Coroner Warns Against Poison

According to information received yesterday from Coroner Dr. Austin Delaney, certain types of shellac contain, beside ethyl alcohol, which is non-poisonous, a violent poison known as methyl hydrate—a poison form of alcohol to humans. People, he said, would be well advised to make sure of what they imbibe, as the consequences are nearly 100 per-cent fatal.

This announcement by Coroner Dr. Delaney followed an earlier urgent warning by Summerside Police Chief Peter White, made after three persons, two men and a woman, were admitted to the Prince County Hospital—one of these men died later. The warning was issued, he said, because of two recent deaths (occurring previous to the death of the man on Thursday), and because of the fact that other people have been admitted to the hospital for treatment.

In his warning the Chief said it would appear they must have been drinking a liquid which contained something of a poisonous nature. While the beverage consumed has not been officially named, it is understood that it is the semi-liquid liquid comprising the top 1/3 of the contents of the bottles of shellac, and it is pretty generally known that this type of liquid has been consumed fairly regularly by a few residents without previous mishap.

There was a large attendance at St. Anthony's Parish Hall when the people of Duvar put on their variety concert. One and all seemed to enjoy themselves. The pre-Lenten bingo which was to have been held on Thursday night, Feb. 21st, and put off due to the storm, was held at the home of Mrs. Jerry Gallant under the direction of the St. Ann's Ladies' Club of Howland and Woodstock, on Feb. 25th. There was a fair crowd in attendance and over \$36 was taken in. A beautiful three-tier cake donated by Mrs. Leo Arsenault was won by Mrs. Frank Gallant.

Mrs. Joe Arsenault, who is spending the winter with her daughter and son-in-law, Mr. and Mrs. Vincent Gallant of Howland, is now visiting in Bloomfield.

Pius Peters of Duvar made a business trip to Howland on Feb. 25th. Just as the roads were getting fit for travel, another storm on Thursday, Feb. 28th, with high wind and drift filled them all in again. Mrs. Tennis Peters and her daughter, Mrs. Alban T. Arsenault, spent Wednesday, Feb. 27th, in O'Leary. Mrs. John Pineau of Bloomfield was visiting in Woodstock, guest at the home of Mr. and Mrs. John F. Gallant, on Sunday, Feb. 24th. Class was held in Howland school on Saturday, March 1st, to replace some days missed due to storms. Mailmen have been unable to go over their route on several occasions lately, due to storms. Even the trains did not make their daily run on Thursday, Feb. 28th, and no mail arrived until Friday evening.

Red Cross Awards Are Presented At High School

Four classrooms at the Summerside High School were presented with twenty-five year awards yesterday morning by Dr. Muriel Uprichard, Ontario National Director of the Junior Red Cross for being organized under the Junior Red Cross for 25 years. What made the presentation particularly interesting is that three of the teachers, Mrs. Bertha Wood, Miss Estelle Brown and Miss Ann Green have taught these classes during the whole 25 year period.

Dr. Uprichard, a graduate in child psychology from London University was special speaker to the Summerside schools and the schools of Prince County at the weekly assembly broadcast from the Summerside High School. Dr. Uprichard spoke on the needs of children in other lands. On this she is well informed, for last year she visited Europe twice and saw first hand, the condition of Western Germany, Italy, Greece and Turkey.

She showed that the contributions of the boys and girls of the Junior Red Cross did much to help those boys and girls living in those devastated countries. She praised highly the display of projects currently being visited by the public at the Summerside High School.

In the afternoon Dr. Uprichard visited the Red Cross room in the Summerside Town Hall and gave an interesting talk to the workers. She also spoke of the great appreciation of the displaced persons for supplies of all kinds that they have received.

"Devil's Doorway" M-G-M's new outdoor drama set against the dramatic land of the West in post-Civil War days, tells the story of the courageous stand of the American Indian against the White Man and his ever-westward march. Robert Taylor who recently scored one of his biggest hits in the Western drama, "Ambush," now enacts a proud Shoshone Indian, one of the most unusual roles of his career.
