

THE DAILY EXAMINER

NOVEMBER 29, 1900.

NOTES AND COMMENTS.

An Ottawa despatch to the Montreal Herald says there is no truth at all in the rumor that Mr. Schreiber, deputy Minister of Railways, is to be superannuated and the position given to Mr. Ruel, law clerk of the department.

Speaking of Premier Farquharson's tug-boat operations which have brought in over \$8,000 from Mr. Tarte's department in two years, the Halifax Mail says that Mr. Farquharson is "almost as fortunate as Mr. Tarte's relations."

Mr. Duncan McNutt, chief despatcher at the Sydney end of the I.C.R. has been appointed assistant to Superintendent Campbell, of the Eastern Division. Mr. McNutt, while retaining his former position, will be relieved of the office routine by Mr. Boomer, senior despatcher, and will thus be enabled to give his attention to the traffic of the road, which has been greatly congested of late.

EVERYBODY is pleased that Lord Roberts has not suffered as a consequence of his recent fall from his horse. But the field marshal will have to explain the accident to Rudyard Kipling. The poet wrote:

"There's a little red-faced man,
Which is Bobs,
Rides the tallest horse he can—
Our Bobs.
If it bucks or kicks or rears,
He can sit for twenty years,
With a smile round both his ears—
Can't you, Bobs?"

The obvious explanation will be that the horse fell, and "Bobs" had to follow his example,

TO THE ELECTORS OF PRINCE EDWARD ISLAND.

As the Government have issued their mandate for a general election on the 12th of December and you will be called upon to choose representatives to manage your affairs in the next parliament of this Province, it is fit and proper that a retrospect be taken and a true estimate formed of our position and financial standing as a Province.

The term of the Legislative Assembly, just dissolved, had many months remaining, and much surprise is expressed that the electors should have been put to trouble and annoyance at this unseasonable time. However, it is evident that the Government are acting on the assumption that the present time is auspicious, owing to the result of the recent Dominion election. They hope, by this sharp movement, to obtain a snap verdict from the electorate in order to hold on to power for a further term.

A stronger reason for this unconstitutional appeal to the electorate at this time seems to be a desire to secure the vote before the people have had time to examine the public accounts showing how rapidly the debt of the Province has been rolled up.

Previous to the election of 1897, attention had been directed to the reckless and wasteful extravagance which obtained in the public service, and it was hoped that better methods would be adopted. On the contrary, notwithstanding the promises of the Government to make revenue and expenditure meet, it is found that the debt has increased enormously, by leaps and bounds, the balance against the Province being many thousands of dollars greater than a year ago. It will be found, when the accounts are before the public, that the property holders will have good cause for serious alarm.

The electors looked for great improvements from the party in power. This party asserted that they would manage affairs better than any previous administration. They solemnly declared that "taxation was a long way off," and promised that they would reduce the public expenditure. They denounced the idea of a Provincial debt. The system of borrowing at the banks was severely condemned.

They promised the electors that the claims of the province against the Dominion government would be speedily settled,—failing which the matter in question would be submitted to arbitration.

It is not possible to enumerate all the promises given and pledges broken within the compass of this brief address. Suffice it to say, that the people have been deceived and disappointed.

The public service has been degraded; the system of expending the moneys granted for road service without competition, has become a public scandal, and the people have decided that the money shall be applied to the purpose for which it was voted, and not to government officials and their favorites.

It may be asked—What is the policy of the Opposition?

The Opposition hold that the government should adopt measures to recover all moneys due this province from the Dominion.

That the financial position of the province shall be ascertained exactly, and means devised for making revenue and expenditure meet for the future.

They assert that the whole Road System is corrupt and inefficient and requires to be re-modelled.

They demand that the law which now permits absentee representation be so amended as to prevent a repetition of the recent abuses.

They condemn the mismanagement of the Stock Farm, and the failure of government to give proper encouragement to agriculture and fruit-growing.

They insist that no public money shall be expended in excess of the

votes of the legislature, unless in case of urgent necessity.

Provision will be made for a quarterly publication of revenue and expenditure.

A radical change will be made in the administration of the Public Works Department so that the money now misapplied, shall be used for the purpose intended, and not for the benefit of private individuals as is now the custom.

Economy will be carried out in every department.

Taxation will be arranged upon a more equitable basis and kept down to the lowest limit consistently with the needs of the public service.

The resources of the Province will be safeguarded and husbanded by every legitimate means that can be devised.

With these assurances and holding those views, the Liberal-Conservative party appeal to you, the electorate of the whole Province for your approval and support, firmly convinced that upon due consideration a right conclusion will be arrived at, and that the present Government will meet, as it deserves your condemnation at the polls on the 12th day of December.

I have the honor to be, Gentlemen, your obedient servant,

D. GORDON.

PARALYSIS CURABLE.

Stricken Ones to be Seen Everywhere—This From of Living Death Cured by Dodd's Kidney Pills.

The most startling example of human helplessness is the paralytic. The victim excites your commiseration, but resents your pity. He of the palsied hand stiffly pressing the benumbed side is to be seen everywhere we go.

The most convincing proof that this pitiable condition is the outcome of kidney disease is the fact that Dodd's Kidney Pills cure it.

Not generally recognized as a kidney disease, it succumbs to kidney treatment.

Did you ever know of a cure? Just think a moment!

If you do it must have been the work of Dodd's Kidney Pills, for no other medicine ever yet cured.

An Old Theory Exploded

The old-fashioned theory of tearing down disease was entirely changed by the advent of Dr. A. W. Chase's Nerve Food, which cures by creating new rich blood and nerve tissue. Through the medium of the circulation and the nervous system they strengthen and invigorate every organ in the human body.

Famine is rife in the extreme south of Italy, and jewels from the church shrines are being sold for the benefit of the destitute.

An Enormous Sale.

To all who have felt the evil effects of deranged kidneys, it is interesting to know that Dr. A. W. Chase's Kidney-Liver Pills are meeting with enormous sale and unparalleled success in this district. Backaches and aching kidneys are fast becoming a thing of the past where Dr. A. W. Chase's Kidney-Liver Pills are known. One cent a dose, 25 cents a box at all dealers.

Half the men you meet can never tell a lie without swearing to it.

Minard's Liniment
Cures Diphtheria.

Mother's Favorite.

Dr. Chase's Syrup of Linseed and Turpentine is mother's favorite remedy for croup, bronchitis, asthma, coughs, colds and sore throat. It has by far the largest sale of any remedy for coughs and colds. It is pleasant to the taste, prompt in action and is an absolute safeguard against consumption and pneumonia. 25 cents a bottle. Family size 60 cents.

Itching, Bleeding Piles

Mr. W. G. Phyll, proprietor Bodega Hotel, 36 Wellington Street East, Toronto, says: "While living in Chicago I was in a terrible state with itching and bleeding piles. I tried several of the best physicians and was burnt and tortured in various ways by their treatments to no avail, besides spending a mint of money to no purpose. Since coming to Toronto I learned of Dr. Chase's Ointment, I used but one box and have not been troubled with piles in any shape or form since."

How One Gets Bilious

A sluggish liver fails to filter the bile from the blood, and when the poisonous matter goes through the body in the circulation, the whole system is tainted and deranged. This is called biliousness, and can be completely cured by Dr. A. W. Chase's Kidney-Liver Pills, which act directly on the liver, making it healthy and active. One pill a dose, 25c a box. The cheapest medicine in the world.

It is estimated that \$1,500,000 was lost in election bets on Bryan's defeat.
