GUERNSEY CLASS LEADERS
Among Guernsey class leaders in Eastern Canada in the '365 day division for the month of June are listed the three year old "Harvey Queen", who gave 8,306 lbs. of milk, 450 lbs. butter fat, and "Morsyas Blondie", 2 years, with a record of 9,966 lbs. milk, 496 butter fat.

HINTS ON PAINTING
A Summerside correspondent supplies the following hints on house painting: Clean all surfaces; burn and scrub all loose surface; don't paint over blisters or dust; don't paint in wet weather; choose good combination of colours; use good paint—cheap paint fades quickly; always paint all the way across building; not up and down, and avoid lapping; get experienced painters—a job well done saves money.

LAD HAS ARM INJURED
Master Roddy Savidant, son of Mr. and Mrs. Vincent Savidant, Russell Street, Summerside, had a narrow escape from serious injury on Saturday when he had the fingers of his right arm caught in the wringer of the washing machine and his arm drawn in past the elbow. Mrs. Savidant who was in the back yard hanging out the clothes heard his screams and rushed in and released him just in time. Medical aid was immediately given. Although the arm was found to be badly lacerated it is expected that no serious effects will result. The young lad had the misfortune to break the same arm some months ago in a fall.

OPENS CAMPAIGN
Rev. Charles B. Templeton opened his evangelical campaign in Western Prince County last night in Mont Rose United Church. The congregation estimated at 350 people packed the church to overflowing. The evangelist spoke on "The Blind Delineation" and he made a powerful appeal for full commitment to Christ. The minister, Rev. John M. Sheen presided and he welcomed the evangelist and his wife. Mrs. Templeton sang "The Ninety and Nine" and Rev. and Mrs. Templeton sang "Beyond the Sunset." Prayers were offered by Rev. E. A. Fitzpatrick of Alberton, Commandant J. H. Hardy, of the Salvation Army, and Rev. W. G. Dickenson, O'Leary.

FAREWELL PARTY
On Thursday evening, July 13th, a farewell party was held at Long River Hall, for Mr. John Paynter, son of Mr. and Mrs. Oliver Paynter, who has joined the R.C.A.F. and has since left for Ayler, Ont., for basic training in air and ground communications. In recognition of the important step he has taken, and of the active part he has always taken in the community, "Jack" was the recipient of a well filled purse from friends and neighbors of Long River. Mr. Elwood Campbell capably filled the role of chairman, and an address was read by Miss Margaret Campbell, while Mr. Robert Dunning made the presentation. The recipient, who in addition to being a native son of Long River, had been a popular and efficient teacher in the school until a year ago, made fitting reply. Lunch was served by the ladies.

PERSONALS
Mr. and Mrs. Preston Stewart, Halifax, are enjoying a vacation at French River.
Mr. Thane MacNeill arrived on Saturday from Toronto on a visit to his parents, Mr. and Mrs. Basil MacNeill, Emsdale.

Miss Eileen Shea of Somerville, Massachusetts, is spending her holidays with Mrs. J. Harold McIvor, Summerside.

Miss Mary Pope, daughter of Mr. and Mrs. Reginald Pope, Summerside, has arrived from Montreal for the summer.

Miss Kathleen Allen arrived from Montreal on Saturday evening to spend two weeks with her parents, Dr. and Mrs. Harry Allen, Summerside.

Miss Barbara Milligan of Northam has been the guest of her aunt, Miss Lulu Toombs, Summerside, for the past two weeks.

Mr. and Mrs. Charles Coles of Walpole, Massachusetts are vacationing on the island and at present are the guests of Mrs. Coles' mother, Mrs. W. A. Toombs, Summerside.

Mrs. William MacKay has returned to her home in Freeland after a two months' visit in Newton Centre, Massachusetts where she was the guest of Mrs. K. Denmore.

Mr. and Mrs. William Leslie who have been spending their vacation in Elmidae with Mrs. Leslie's mother, Mrs. M. Milligan, returned by automobile on Thursday to their home in Massachusetts.

Rev. A. W. and Mrs. Robertson, accompanied by their son, Ross and his wife and family, are vacationing at Park Corner Beach. Rev. Mr. Robertson, who now lives at Millerton, N.B., was minister of the Presbyterian Church at Kensington, at the time church union came into effect, and he and his wife are being heartily welcomed by old friends here.

Inquiry Into Fishermen's Loan Board Operations

A hearing of the Commission inquiring into the operations of the Fishermen's Loan Board was held on Monday at the Parish Hall, Mont Carmel, with Judge J. S. DesRoches, Commissioner, presiding.

The Commissioner opened the meeting with remarks in both French and English explaining the purpose of the investigation and describing the type of information required from those fishermen present and that anyone was free to make a statement.

Commissioner Counsel J. O. C. Campbell, K.C., then gave a brief outline of the set-up of the original Fishermen's Loan Board and its functions and referred to the outright grant from the Dominion Government to be used to make loans to fishermen when, when paid back, would form a revolving fund to be loaned out again and again. He stated that the fishermen felt it was relief or outright aid to fishermen when loans were made in the early years and he wished that any man present would come forward and tell what he knew about the loans in general and mention irregularities, if they knew of any.

There followed a short informal discussion following which the Commissioner asked for witnesses to give their statements.

Henry Gallant Sworn
Q—Are you a fisherman in Mont Carmel? A—Yes.

Q—You have told us that all the fishermen here belong to a fishermen's union, is that correct? A—All the fishermen here except one man.

Q—You mean all the fishermen in the community, as a general rule belong to the union? A—Yes.

Q—The loans that you get here generally are gotten through the fishermen's union of late years. A—Yes, lately.

Q—By lately, you mean the last couple of years. A—Don't exactly know—gotten them for quite a while now.

Q—During the War did you get them through the Union? A—I couldn't tell you. I only got a loan two years ago.

Q—You have gotten no loan until lately? A—No.

Q—No thirty or forty dollar loans? A—No.

Q—Is it your opinion that around election time loans were easier to get? A—That's the talk that was going around. People were

serious fire at Victoria
About three o'clock on Saturday afternoon fire at Victoria completely destroyed a barn and shed on the farm belonging to Lloyd and Ivan Craig. All machinery in the barn was lost. The loss is estimated at \$4,000, and it is believed there is no insurance.

The Craigs, who had moved to Victoria from Bedouin in the spring, had just completed remodeling the barn 28 X 51 feet.

It is not known how the fire started. The two children of Mr. and Mrs. Ivan Craig were playing in the barn loft. The boy, aged five, informed his mother of the fire, and revealed that his sister, 4, was still in the loft. Mrs. Craig was able to rescue the child, though the fire was already well advanced.

The fire department at Craupaud responded to the alarm. The fire had gained so much headway that it was impossible to save the barn or the shed, but the men were able to keep the flames from spreading to the house and other buildings.

The president, Mr. Earle Cannon presided last night and the various committees reported. Mr. F. L. Mollison for the band committee said that the newly organized Legion Band is coming along fine but help will have to be found for the acting band master, Mr. Uiric Drapeau.

The means and means committee was instructed to proceed with some money-raising project and there was a general discussion of means of financing the cost of the new building.

It was reported that \$30 had been paid out during the month in relief. All needs in this regard had been taken care of. One funeral of a comrade was attended by members of the Branch.

There was a general discussion and much dissatisfaction was expressed with recent government appointments in this locality which had not gone to ex-service men. The resolutions committee is preparing a resolution on the matter.

With her as her aunt, Sister Alexis of Rome of the Sisters of Charity, New Bedford, Mass. Miss B. Pelletier, R. N. of Rimouski and Mr. Gendron of Quebec.

Sister St. Winnifred and Miss Pelletier were members of the staff of St. Joseph's Hospital, Rimouski, during the terrible fire that swept across the city last spring. St. Joseph's was destroyed in the conflagration and they had to evacuate the hospital of 240 patients, including 85 babies in 46 minutes. Although an 85 mile an hour gale was blowing and the fire was bearing down on them the evacuation was successfully carried out.

Canada's forests
Canada's forests (exclusive of Newfoundland) cover 37 per cent of the total land area of the country.

Hudson Bay has an area of 472,000 square miles.

ermen began getting on their feet with the War and since. Do you agree with that? A—Yes.

Destinee Foier Sworn
Q—You were telling us something a while ago in the informal discussion about an incident—first of all, you yourself don't remember anything about those early loans? A—The only thing I remember—it was between 1936 and 1938. One fellow got a loan and I think it was a lawyer applied for him and this fellow bought equipment and he was told by the lawyer that he wouldn't have to repay this loan, that it was money granted by the Dominion Government. He was more or less encouraged not to pay this loan. The lawyer and the individual are both dead.

Q—He was told the Dominion Government was behind it and it didn't have to be repaid. A—Yes.

Q—You wouldn't know off hand how much the loan was for. A—I think it was around \$500.

Q—Any experience you have had with loans has been through the union. A—Yes.

Q—Did you have any experience with merchants? A—No.

Q—Was it the general talk that the merchants were anxious to get the business? Have you heard that? A—No. Only talk. One winter they got relief.

Q—That was the storm of 1938. A—It was supposed to be only for food. Some of them used it to buy clothing.

Q—I forgot to mention that there was a storm I think it was the fall of 1938 and between that and the spring of 1939 there was an extra contribution given for relief—\$30,000.00 from Ottawa and \$15,000.00 from the Province. That was definitely not to be repaid. Then the only irregularity that you heard of was in connection with direct relief. A—That's right.

Joseph A. Gallant Sworn
Q—Are you a fisherman of Mont Carmel? A—Yes.

Q—Your Post Office would be St. Nicholas. A—Yes.

Q—You mentioned that you got a notice a year or so ago of a \$40.00 note that you were supposed to owe. A—That's right.

Q—You never got any fisherman's loan. A—No.

Q—Were you fishing around here from 1936 to 1940—before the War? A—No. I was fishing on the North side.

Q—You got no loans. A—Other people around were getting loans.

Q—What I am wondering is, did you gather any impression as to whether those loans were to be repaid or not—those early ones. A—I don't know—when I got the notice I knew I didn't owe any money so I just burned it. Somebody must have got it.

Q—How do you get along with gasoline rebates—do you have any deductions made? A—No.

Mr. Josephat Richard Sworn
Q—You got a couple of loans of \$100.00? A—I got one for \$100, and one for \$135.00.

Q—What did you use them for? A—For fixing up boats—got them through the Union.

Q—And you had to repay them. A—Yes.

Q—You never got any of the small thirty-five dollar loans or forty dollar ones? A—No.

Q—And have you heard of any irregularities? A—No. I don't think so.

Counsel: I think that's a reasonably good expression of opinion. We will be back this way again in the fall—probably Egmont Bay and any of you here are free to come to that meeting and make any further statement you care to make if there is anything that you have forgotten.

Mr. DesRoches (Commissioner): This meeting then stands adjourned to next Saturday July 22nd at 10 a. m. at Montell.

MAKES STIRRING
Continued from page 3)
spirit of brotherhood and goodwill makes its contribution to community responsibility. That is why you see Scouts engaged in all sorts of community tasks, helping the Red Cross, the Community Chest, the March of Books, acting as ushers, serving at practically every kind of community function in a score of different ways.

"The ambition of every Scout is of some day to be a King's Scout. It is a significant fact that the badges which qualify a Scout for this high rank are all service badges—each preparing the boy to be of service to his community. Thus to the boy service becomes synonymous with progress in Scouting.

Need For Leadership
"We need above all things more leaders. We need more business and professional men to take a personal interest in the movement. Therein lies the crux of Scouting's problem. If we are to extend the influence of Scouting on our youth, we must have more manpower to take the benefits of Scouting to an ever widening number of Canadian boys. Let us as adults remember that to the boy it is fun, adventure and comradeship, but let us remember that of greater importance to us is the development of young men who believe in an active work to preserve our democratic way of life, and to improve upon it.

"You are men of substance and influence in your community. You have a big stake in this country of ours. If Communists should reach power in this country, freedom as we know it would be wiped out overnight. If we are to preserve our freedom we must learn to value the commonplace things we have.

"For it is the commonplace things which are making such a great contribution toward the up-building of this country. Enemies of democracy are working day and night, unceasingly to spread their propaganda and expand their influence. Not only have we who
