CURRENCIES

MONTREAL (CP)—The U.S. dollar in terms of Can.dian funds was unchanged at $1.07¼. Pound sterling was up 1-16 at $3.01½.

NEW YORK

NEW YORK (AP)—Rebounding from two sharp declines, the stock market made a moderate recovery Thursday on the lightest trading in about three weeks. Something less than a third of the losses taken Wednesday and Monday were recouped, based on the action of the Associated Press average.

The market was higher from the start, reached its peak in early afternoon, then trimmed its best gains.

Strength in rails was a conspicuous feature on the advance. Pennsylvania Railroad was the most heavily traded rail stock, rising 1¼ to 24½ following a prediction by the company that it would go in the black this year in contrast with the 1962 deficit, and that the road planned more efficient operations.

Selected auto s, chemicals, oils, office equipments, tobaccos and photographic issues did well.

The Dow Jones Industrial average closed with a gain of 1.63.

Volume of 4,330,000 shares compared with 5,400,000 Wednesday.

The relatively low level of stocks compared with recent peaks attracted "bargain hunters" according to brokers, and some of these came in and out of the market very fast. Chrysler at its best, showed a gain of 2¼ but closed with a net loss of ¼ at 88½ on 56,300 shares. Radio Corp. was up 1¼ at its high for the day but closed with a loss of ⅛ at 88½.

The Associated Press average of 60 stocks advanced 9 to 279.0

American Photocopy again was the most active stock but retreated substantially from recent gains as it fell 1 to 12¾ on 209,000 shares.

General Motors was second most active, up ½ at 84¾ on 74,800 shares. Third was Texaco, up 1⅛ at 65⅝ on 71,900 shares.

Next came Chrysler, followed by Sperry Rand, up ⅛ at 17⅝. Pennsylvania Railroad was sixth most active.

Xerox gained 7 at 372 and was 15th most active issue, an unusual performance for such a high-priced stock. After the market close came news that Xerox directors had proposed a 5-for-1 stock split and a dividend increase.

Among Canadian issues Hudson Bay Mining added ⅝, Granby Mining g, International Nickel ½, Distillers Seagrams and Dome Mines each ¼ and Aluminium Ltd. and Canadian Pacific each ¼.

Prices were mixed on the American Exchange. Sc urry Rainbow Oil gained ⅜. Canadian Javelin lost ⅜, Canadian Marconi ⅛, Presto and Fargo Oil each 1-16.

TORONTO

TORONTO (CP)—Higher industrial prices helped to raise the 108-stock Exchange index but base metals, golds and western oils all registered fractional declines in heavy trading on the stock market Thursday.

The 77-stock industrial index gained .26—approximately equal to 1.3 on the old industrial index — and the exchange index closed ahead .20.

However, the industrial picture was patchy. Abitibi rose one point to 50, but other papers closed even. Maple Leaf Gardens jumped two points to 45.

Banks were down, Toronto-Dominion off and Montreal, Nova Scotia, Royal and Imperial Bank of Commerce ¼ each.

Geco Mines dipped ¼ while Noranda was up ¾ in senior base metals. Bethlehem Copper fell 25 cents to $7.10 in juniors.

Speculative issues again provided most of the volume on the market. Croinor was the leader, ahead one cent to 25 cents on 780,150 shares. Consolidated Mogul fell 25 cents to $2.05 on 420,551 shares.

Hudson Bay Oil and Gas was down ⅝ and Great Plains ¼ among senior western oils.

On a generally dull Foreign market, Moore Corporation declined ¾.

On index, base metals slipped .02 to 59.41, golds .57 to 128.61, western oils .28 to 82.51 and industrials gained .26 to 125.32 The exchange index rose .20 to 125.32. Volume for the day was 4,104,000 shares compared with 3,807,000 Wednesday.
