POLITICAL FORUM

OUR WOMAN CANDIDATE

Sir, — The entrance of a lady candidate to the political arena is proving to be a popular move. She has received telephone calls and letters from different parts of her electoral district pledging confidence and support, particularly from women voters. It is an innovation for Prince Edward Island, which no doubt will have many disciples in the other Provincial elections in the near future. Women are beginning to assert their "equal rights". From time immemorial, they were held like chattels, and in some countries their status hasn't improved much, if any.

When they were delivered from comparative bondage by the granting of the franchise, their natural modesty and the inferiority complex inherited for thousands of years in a state of shalldrom, kept them from demanding recognition at once. A great change came about during World War II. Manpower became short. Women took men's places, and in many instances demonstrated that they could do the jobs assigned them as well and generally better than men.

This lady, Mrs. L.G. Ramsay of Indian River, is well qualified to represent any body of people in any parliament. She has had very considerable experience in the administration of local and community affairs, and in the larger political amphitheatre her many personal friends and admirers of her ability wish her unqualified success.

The absence of women in our Legislature has been frequently deplored by male members of the House of Assembly.

Whether she sits on the Government side or on the Opposition benches, a woman's intuition and mellowing influence would have a benign effect. Let us hope that the 3rd District of Prince will have the honor of electing the first woman to the P.E.I. Legislature, just as they have had the distinction of nominating the first woman candidate in a political campaign.

I am, Sir, etc.
WOMAN VOTER,
3rd District of Prince.

Lieut. Trainor Is Promoted To Lt. Cmdr.

Lieutenant J. J. Trainor, R.C.N. (Reserve) has been promoted to the rank of Lieutenant-Commander and has assumed the duties of executive officer on the H.M.C.S. Queen Charlotte. It was announced here last night.

He superseded Lieutenant-Commander Colin A. Binmore who was placed on the retired list early in the year.

Lieutenant-Commander Trainor joined the Navy in 1942 and saw extensive wartime service overseas. He has been a member of the R.C.N. (R) since the cessation of hostilities in 1945.

A graduate of St. Dunstan's College and McGill University, he is Chief Welfare Officer for the Province.

FUNERAL YESTERDAY — The funeral of the late John K. MacKenzie, Stanley Bridge, was held yesterday afternoon from South Granville Presbyterian Church. The service at the church and grave was conducted by the Rev. D. J. Canupbell assisted by the Rev. W. I. Green. The pallbearers were: Peter Buchanan, James Hiscott, Henry McMillan, William Gunn, John Keir, John MacLeod. Interment was in the church cemetery.

CORONER'S JURY

(Continued from page 3)

ness. He stated that it was between daylight and dark.

Asked if there were any cars ahead of him, he stated that he could not say, "but it runs in my mind there was although I would not swear to it. A couple of heavy vehicles passed me between my home and the scene of the accident."

Saw No Other Cars

He said he did not see any other cars at the accident, and that he was in town quite a little while before eight o'clock, "five or ten minutes at least."

"Would you have stopped if you had not been hailed or did not know Mr. Tweedy?" asked Jurymen Bradley. "I don't know, I might not as I would not want to get involved," he stated. He said the lights of any cars he had met did not bother him.

Oliver Funn, Mount Edward Heights, stated that he left Charlottetown about 7:10 on the evening of the accident and was heading for Murray Harbour. He met one car at Southport corner and travelled on as far as the Keppoch Road.

"Shortly after I saw a car and truck stopped on the road. The car door on the left hand side was opened," he said. "I slowed down and went by very carefully. I did not notice anyone around and did not know there was any accident."

"I only met one car between Charlottetown and the scene of the accident and did not meet any more until I passed the accident. The next car was in front of Well McNeill's. I met different ones after that."

"It would be between 7:10 and 7:15 p.m. It was not dark and I did not put on my car lights. I did not put on my lights until somewhere near Pownall." He stated that the car he met by Mr. McNeill's did not have its lights on.

"Borden Champion, Charlottetown, service manager at F.R. MacLaine's, stated that he recovered Mr. Tweedy's vehicle the night of the accident. He testified that he received the call shortly after eight o'clock and that he towed the car into town."

Asked by Dr. MacGulgan if the car would run under its own power, he replied that it obviously would not as the radiator was considerably damaged and was bent into the fan belt and cooling system.

Asked by the coroner to explain what he saw, he said that he viewed the car next morning and mentioned to some one that the damages would possibly amount to \$400. "It was mostly superficial with 90 percent of the damage being above the fenders."

The engine bonnet, cow and windshield were considerably damaged, but he pointed out that a great deal of damage could be caused to these parts with very little force.

Asked if he searched the car, he replied, "No, particularly." He stated that Judge Tweedy had phoned him Sunday morning and asked to be taken down to the shop, as there was a bottle of cream and a hamper of potatoes and turnips he wanted to take home. He assisted Mr. Tweedy to take these articles to his house.

Made Check-up

Witness testified that he did a 6,000 mile inspection check on Judge Tweedy's car shortly before the accident and gave the car a thorough going over.

"What kind of force caused the car damage?" asked Mr. White. "I would say there was no sudden impact and that the car ground to a stop. I would say both vehicles probably moved before the car stopped. There was a bottle of cream in the trunk that just tipped to one side and the seats in the auto were not moved, so there could not have been a sudden impact."

Tuberculosis League Activities Reviewed

Mr. F.W. Curtis was re-elected President of the Prince Edward Island Tuberculosis League at the annual meeting held yesterday at the Charlottetown Hotel when the full slate of officers was returned to office along with the present Board of Management. Two additions were Mr. S.W. Willis and Rev. F.P. MacDonald. The officers include: 1st. Vice President, Mr. Sidney T. Green, 2nd Vice President, J.E. Dalton, Summerdale, Secretary, Mr. A. Walthen Gaudet and Treasurer, Mr. M.J. Barkhouse.

Members of the Executive Committee include, Rev. J.T. Ibbott, Mr. C.T. Montgomery, Mr. N.A. McLellan, Mr. Parnell MacMahon and Mrs. L.I. Miller. Medical adviser is Dr. P.A. Creelman, and Executive Secretary, Major V.N. Horton.

Dr. E.M. Found, the guest speaker, gave an illustrated address emphasizing the educational theme in combating tuberculosis, and the work accomplished through sanatorium treatment.

16,203 people were X-rayed in the Province during the past year by the Mobile X-ray clinic operated by the P.E. Island Tuberculosis League, it was stated at the meeting. 100 cases of infection were found through the survey. Of that number 19 were primary, 50 minimal, 25 more advanced and six far advanced.

The cost per new case found amounted to \$920. This compares with a cost per new case found amounting to \$534 in 1949, \$444 in 1943 and \$404 in 1947.

Lieutenant-Governor T.W.L. Prowse was a special guest. Other guests included Dr. C.W. Curtis, Chief Health Officer for the province, and the guest speaker, Dr. E.M. Found.

In his report as President of the organization F.W. Curtis said "the declining rate of case finding is also gratifying to our medical authorities, although it is giving rise in the minds of some as to whether the cost of the mass survey is justifiable in proportion to the results indicated in our statistics."

Mr. Curtis noted that the medical adviser's report indicates that the TB situation is much improved in the last five years, but the President added his own comment: "When a widespread public menace is on the verge of being brought under control, it is not the time to relax counter-measures. Rather, when we have an enemy on the run, is the time to press hard and exploit past gains. The League's mobile unit is one means of getting to a large percentage of our rural population which could not otherwise be conveniently given this preventive service. To withdraw its detective value at this stage, without substituting something else, would enable potential active cases to spread without check and the conflagration would burst out anew."

He added that "if there are more effective and economical preventive means should not the League look into the question?"

Thanks were extended by the President to all those who had helped during the year. He had a special word of thanks to the Minister of Public Health and Welfare and his associates; also to the executive secretary, V.N. Hudson, the three technicians and the Seal Sale secretary.

The Seal Sale brought in a revenue last year of \$8,656.21. Government grants amounted to \$10,072.79. The total receipts amounted to \$18,729.00. There was a bank balance of more than \$11,000 at March 31 in addition to a small amount of cash on hand amounting to \$11.49. The financial report was given by Mr. M.J. Barkhouse, the League Treasurer.

The League has five permanent employees. There is the executive secretary, an X-ray technician, an assistant technician, a dark room technician and Seal Sale secretary.

M.P. explained a chart to the jurors which showed the distance in feet that were required by a car to stop after the driver had seen the object while driving at a certain rate of speed.

Driving at the rate of 10 miles an hour, the car could stop in 5.6 feet; at 15 m.p.h. in 12.5 feet; at 20 m.p.h. in 22.2 feet; at 25 m.p.h. in 34.7 feet; at 30 m.p.h. in 50 feet; at 35 m.p.h. in 68 feet; at 40 m.p.h. in 89 feet; at 50 m.p.h. in 140 feet.

These tests were based on the facts that the car brakes were in perfect working order. Cpl. Warner explained. He said the tests were conducted by the American Automobile Association.

At the outset of the inquest the Coroner pointed out an omission in the press reports of the first part of the inquest held a week ago. He said this was in regard to a question he had asked Miss MacDonald about the brakes of the truck. His question was: "When the truck was stopped, did you have any knowledge whether the brakes were put on or not?"

Miss MacDonald was called to the witness stand and answered that the brakes had been put on. She said the foot brake had been put on.

Members of the jury were Messrs. Thomas White, foreman; Leo Bradley, Vernon Currie, Mark Hagan, J.T. Davies, E.C. Baker and H.L. Hardy.

Mr. F.W. Curtis

All Set Now For Election Results

Premier J. Walter Jones, 73 year old Liberal leader, is aiming at a record as he takes his party into today's Prince Edward Island general election.

If his party remains in power in the 30-seat Legislature he will be the first party leader ever to take his forces successfully through three general contests. Liberals have been in power for the last 16 years and under Premier Jones since 1943. He went to the polls that year, and again in 1947.

His main opposition tomorrow will come from R.R. Bell, 50-year-old lawyer and practical farmer. Mr. Bell assumed leadership of the six-man opposition in the last House, succeeding Dr. W. J. P. MacMillan, veteran leader of the party who resigned because of pressure of other duties.

Both the Liberals and Progressive Conservatives have full slate of 30 candidates in the field. The C.C.F. is contesting only five seats, compared to 16 in 1947 when all their candidates lost their deposits. Since then the deposit has been increased from \$50 to \$200 and party leaders say this is one reason for a reduction in the number of candidates.

Douglas MacFarlane, 34, a Bedouque farmer, is president of the C.C.F. party but is not contesting a seat. His father, however, is a candidate. One of the five C.C.F. candidates is Mrs. Hilda Ramsay, a housewife and the first woman to contest a provincial seat.

The issues have been clear-cut. Premier Jones said he wanted to know whether the people approved of his Government's financial negotiations with Ottawa. Mr. Bell, criticizing the short notice of the election, termed it an election of fear. The C.C.F. said the election of their candidates would awaken Federal authorities to the Island's needs.

Both the older parties have promised more assistance to the Province's basic industries—farming and fishing. They have agreed too on study and possible reform of the Island's unique electoral system.

Under the system two classes of representatives—Councillors and Assemblers—are elected although there is no distinction in the Legislature.

Because of varying qualifications for voting, it is possible for one person to vote for all 30 candidates. This makes it impossible also to estimate the number of eligible voters.

The Island itself has a population of about 95,000, approximately the same as the city of Halifax. Those eligible will cast their votes at 245 polls from 9 a. m. to 5 p. m. A.S.T.

Let's talk about Eye-Appeal! The beautiful, new SILEX COFFEE MAKING SETS very definitely have "IT". Your old favorite Coffee Maker comes forth this Spring in a new guise and you'll have no trouble finding it in the China Department of either the Charlottetown or the Summerside Store. The Silex sets, in grey red or yellow consist of the striped glass Coffee Maker with upper bowl and de-canter covers and a smart buffet tray of heat resistant, colorful plastic. This set is called the "Phoenix"! And they are priced 8.95 in the China Department of Both Stores.

You'll always find something deliciously new and different in the way of edibles when you visit the Grocery Department. This morning I spotted Vacuum Sealed Tins of DIAMOND BRAND SHELLED WALNUTS. When purchased in this way they are sure and certain to have all the energy building, protein and mineral content that they had when picked from the tree. The fresh, full, rich flavor is sealed right in with not a chance of escape. The neat little 4 ounce tins of Diamond Brand Shelled Walnuts are priced 43 cents in the Grocery Department.

FOR ONLY JUST 1.98 you can get a stunning swing SKIRT in the popular Dirndl pattern and made of fine quality American Cotton—Where can you get these? Why, right here in the 5 and 10 Department! These well-made Skirts are in serviceable, dark plaids and colorful diamond designs on a black background. The sizes are from 12 to 18. . . . And I'm going to tell you—these Dirndls are selling so quickly, you'll have to step lively in order to get one—remember they're priced ONLY JUST 1.98 in the 5 and 10 Department.

Here's a DATE to remember. . . MOTHER'S DAY—May 13th! In the China Department of the Summerside Store, there's a display of the best selection of MOTHER'S DAY CARDS that I've ever, ever seen! They're all Coutt's Cards which means that they're the finest to be procured. You can choose a Mother's Day Card for as little as 5 cents or for as much as 1.00 in the China Department of the Summerside Store.

Premier Says Ferry Service Will Start On Scheduled Time

Belief that the Wood Islands ferry service will go on this year as scheduled despite rumors to the contrary, was expressed yesterday by Premier J. Walter Jones. The Premier said there was only a few dollars' difference between the subsidy which is being asked by the operating company, and what the Dominion is offering, and that this difficulty will be resolved before the May 1st date of sailing operations.

Meanwhile Mr. R. E. Mutch, president of Northumberland Ferries Ltd., said he had no statement to make as to when the service would start, or as to the nature of the rumored hold-up in the arrangements.

Former Islander Scores Song Success

Mr. Clarence Charters, composer of "When Its Summer At Green Gables," and formerly of this Province, is stated in a Vancouver newspaper to be on the threshold of fame with his new song, "Isle of Campobello," written in collaboration with U. S. musician S. B. "Whitey" Hains.

Campobello is the historic New Brunswick spot sometimes called "The Summer White House" as the Roosevelts were among the famous U. S. families who had summer homes there. Among those said to be interested in the song are publishers, musicians, radio station C. B. R., Don Garrard and Eleanor Roosevelt.

Mr. Charters was formerly with the Charlottetown Hotel, and is now employed with the C.N.R. hotel in Vancouver.

Salvation Army Red Shield Campaign

It has been learned from Mr. T. Roy Cudmore, Provincial Chairman of the Red Shield Appeal, that the organization throughout the Province is proceeding very well.

Besides the many Women's Institutes who are volunteering to canvass their districts, the Town of Summerside has completed their organization under the chairmanship of Mr. Don Baker, assisted by Miss Jean MacFadyen, chairman of the Women's Division.

ST. JOHN'S, Nfld.—(CP)—Returns from 6,000 of the 7,000 official big game hunting licences issued here showed that 2,513 moose and 221 caribou were shot in Newfoundland last year. This is a total increase of about 300 over the previous year.

Big Hit Scored By Liguorian Players

The Liguorian Players of the Holy Redeemer Parish scored a decided hit last evening as they presented their annual Minstrel Review in the Holy Redeemer Hall. Performed with the idea in mind of raising funds for a new hall, the evening's program was one of lustrous entertainment with every member of the large cast throwing themselves whole-heartedly into the work of putting the show across.

Ranging from slap-stick comedy to lovely melodies, the minstrel show this year is far superior to any performed by this group previously, and justly merits the support of the public which was so evident in the packed auditorium last evening.

Stealing the spotlight from more experienced entertainers were a group of twelve young boys, "The Junior Jolsons", who performed their song and dance routines with a vigor and spontaneity which won the entire audience. Yvonne Murray was at her best as she sang the beautiful "Mighty Like a Rose" and Chester Donovan came into his own with the singing of the popular "Be My Love."

A comedy highlight was presented in the singing and impromptu

dancing of Lois Hennessey, and Hugh Trainor, Amby Weatherbie, Connie MacLean, Lorne Hennessey and Carl Proude kept the show rolling in their roles of end men.

Under the direction of A. H. MacLean, with Vernon MacDonald as master of ceremonies, the entertainment moved rapidly along, with very few pauses, to a fitting climax in which a novelty number was sung in which it was stated the next minstrel show would be in the new hall.

Other specialties were as follows: "Lazy Bones", Carl Proude; "Dixie Land", Connie MacLean; "Goin' Home", Leo Dolron; Humorous Parody by Lorne Hennessey; Tapping Feet, Electa Roberts; The Mountaineers; and "Dixie's Favorite Son" Amby Weatherbie.

Contributing two numbers to the program were the six "High Hatters", comprised of Phyllis Costello, Anita Miller, Teresa Doyle, Electa Roberts, Phyllis Gaudet and Lillian Bolger. Other members of the cast included Verna Lafferty, Shirley Weatherbie, Olive Dolron, Claire McVade, Joyce McCarville, Connie Gaudet, Stella Gallant, Anna MacDonald, Barbara Roberts, Shirley Coker, Catherine Murphy and Tena

Weatherbie. Additional men were Art Murray, Joe Pitre, Billy Weatherbie, Joe Molyneux, Charlie Lund, Freddie Duncan, Jackie Duncan, Allan Shepherd, Lloyd DesRoches, Joe McAdam, Walter Doucette, Sonny Miller, Terry McWade, John Molyneux and Walter Duffy.

The "Junior Jolsons" were Jackie Blanchard, Ernie Coyle, Donnie LeClair, Wayne McDonald, Clifford Morgan, Roddie Rossiter, Leonard St. John, Charley Smith, Kimbal Blanchard, Ian MacDonald, Jimmy MacLean, and Pat McWade.

Associate directors of the entertainment were Connie MacLean and Hugh Trainor, and music for the evening was supplied by "The Charlottetownians."

The program will be presented again this evening and tomorrow night, and is expected to play before a capacity house at both performances.
