Gov't Plans Loans To Immigrants; Hears False Impression Being Given

OTTAWA, May 29—(CP)—Immigration Minister Harris today gave notice on the Commons order to revise extensive paper of a bill to amend the Immigration Act, and to provide loans to help immigrants get to Canada. Loans would be provided "in respect of transportation and living costs" of immigrants while en route to their destination in Canada.

Meanwhile a Progressive Conservative member from the Maritimes said today that immigrants are getting a "false impression" of Canada and urged the National Film Board to do something about it.

Asks 3 Billions To Cover Work In 5-Year Period

WASHINGTON, May 29—(AP)—President Truman asked congress today to vote \$3,341,000,000 to expand the United States atomic weapons program during a five-year period.

"The national security and the security of the free world," Truman said in letters to congressional leaders, "demand that we maintain and increase our leadership in this field. . . not to do so invites disaster."

Truman gave no details of the projected expansion, saying only that it would "provide greater capacity for the production of fissionable materials and for the fabrication of such materials into atomic weapons."

Presumably, any such major expansion would speed up additions to the U.S. stockpile of conventional bombs and would also permit greater speed in the development or production of such weapons as atomic artillery, nuclear-powered submarines and aircraft, and the fearsome hydrogen bomb.

Truman gave an indication of the importance which he attaches to the effort by the Atomic Energy Commission and the navy to speed completion of the world's first atomic-powered submarine, which officials hope will be a working pattern.

Rioting Timed With Visit Of Anthony Eden

By Tom Reedy (AP)—FIFTEEN thousand Communists, surging in from the Russian zone for an anti-western demonstration touched off a savage clash with Berlin police tonight in a growing wave of nerves.

Club-swinging police wounded hundreds of the invaders, arrested 300 and broke up the demonstration after an hour of rioting in the down-town borough of Kreuzberg, in the United States sector.

Tear-gas squads were ready but were never needed. There was no gunfire.

The riot was set off by a group of 1,000 brawny Communists distributing leaflets denouncing West Germany's newly-signed peace contract with the Allies and calling for Germany unity, Soviet style.

After a series of short but sharp brawls with highly-trained West Berlin police platoons, the rowdies were shoved into side streets and dispersed. Most of the other demonstrators, teen-age youths, kept out of the fight.

Reports that 25,000 strong-armed men had been ordered into other areas in the British, United States and French sectors kept police on the alert but proved unneeded.

Eden Urges Firmness

The rioting was timed with a visit of Foreign Secretary Eden of Britain, who told West Berlin parliament and people to stand firm. He said the Red pressures were "passing phases" and forecast eventual German unity in peace with this city as the capital.

"The security and welfare of Berlin and our position here are essential parts of world peace," Eden said. "We shall not be influenced by threats."

In the West German capital of Bonn Chancellor Konrad Adenauer's Government stamped hard.

Head of Baptist Mission Board Dies

MONCTON, N. B., May 29—(CP)—Rev. John B. McLaurin, Toronto, general superintendent of the Canadian Baptist Foreign Mission Board, died of a heart seizure in a local hotel tonight.

Mr. McLaurin had just arrived at the hotel when he suffered a weak spell and died in the hotel manager's office. He had arrived in the city a short time before to attend the annual closing exercises of the United Baptist Bible Training School here.

2 Drowned When Dredge Sinks At Lake Erie Port

PORT STANLEY, Ont., May 29—(CP)—The captain and a deck-hand on a government dredge were drowned today when the vessel sank in the harbor of this Lake Erie port.

The other crew members, one a woman, scrambled to safety. Some climbed on the superstructure, which remained above water as the vessel settled on the bottom.

Crew members said that Capt. John Howell, 64, of Port Stanley, refused to leave the engine room controls after a piece of machinery broke loose from its moorings and holed the dredge.

Deckhand William Sweet, 18, of Saint John, N. B., asleep in his cabin at the time, leaped overboard although he could not swim, and was drowned within sight of the others.

Another dredge crewman, Aubrey Redmond, aboard the tug Hercules towing the dredge, made a futile attempt to save Sweet who slipped from his grasp.

Sweet's body was recovered.

Heavy Red Artillery Fire On Korean Front

SEOUL, May 30—(Friday)—(AP)—Furious red artillery fire Thursday for the second straight day raked the Korean front, where Communist forces of troops and tanks are in position to strike.

For a time the rate of fire in the mountainous east even exceeded that of Wednesday, when the Communists hurled a record 7,136 rounds into Allied positions along the twisting, 153-mile front.

The heavy shelling blistered the strategic punch-bowl area, where two enemy platoons were thrown back early Thursday.

A United States Eighth Army tactical summary said the Communist artillery then opened up, and sent more than 1,400 rounds of artillery shells in a period of about 1 1/2 hours.

A short but vicious artillery duel broke out on the western front northwest of Chorwon.

An Allied patrol intercepted about 300 Chinese Communist troops moving up for an attack and stopped them cold in an action beginning Wednesday night. The Chinese withdrew leaving 84 killed or wounded.

Authoritative officers in Tokyo say the Reds now have a total ground strength in Korea just shy of the 1,000,000 mark, with at least 400 tanks and 1,900 planes.

Indian River Dramatic Club Wins Top Award At Festival

"Eyes of Love", the three act comedy drama by the Indian River Dramatic Club, directed by Rev. Louis Callaghan assisted by Mrs. L. G. Ramsey, was awarded the smallman Cup for the best production in all the entries at the P. E. I. Drama Festival concluded its four evenings of competition in the Parkdale Hall last evening.

In his remarks, Mr. Donald Wetmore, who had adjudicated the finals, said he awarded the prize to this group because of its excellent teamwork.

Miss Hilda Pickard, Charlottetown, who played the role of Mademoiselle Rose in the St. Peter's A.Y.P.A. production of the one-act play, "The Lord's Prayer," was selected as best in the entire festival, and Mr. J. MacDonal of the St. Mary's Dramatic Club, Souris, was selected as best actor for his role as "Timothy Shea" in "Shea's Wedding".

This latter production was also awarded the trophy for the best entry from King's County, and the Women's Institute trophy for the second best production in the entire festival was awarded to the Irishtown Women's Institute presentation of "Merry Molly Malone," directed by Mr. H. B. MacLeod.

The Rose bowl trophy for the best presentation by a City group was awarded to the only entry in this class, "The Lord's Prayer," directed by Mr. Stuart Dickson.

Individual Awards

Mrs. Bertram Patterson, Charlottetown, convener of the Awards Committee made the above group presentations and also planned individual awards on actors and actresses named by Mr. Wetmore as follows:

Selected as the best actor and actress in each play were Mrs. M. Blinn as "Tessie" and Mrs. J. MacDonal as "Timothy" in "Shea's Wedding"; Mrs. Harold MacLeod as "Mrs. Barrington" and Mr. Leigh Paynter as "Mr. Barrington" in "Merry Molly Malone"; Miss Donald MacDonal as "Gallya" and Mr. Sydney Heckbert as "Jim" in "Eyes of Love"; and Miss Hilda Pickard as "Mademoiselle Rose" and Mr. Peter Shama as "Jacques" in "The Lord's Prayer."

Scholarships

Mrs. Roy Smallman, Charlottetown, convener of the Scholarship Committee then presented scholarships to the following directors: Mr. P. A. MacLellan, director of "Shea's Wedding"; Mr. H. B. MacLeod, director of "Merry Molly Malone"; Father Louis Callaghan of "Eyes of Love"; and Mr. Stuart Dickson, director of "The Lord's Prayer."

Pleads Guilty To Gold Bricks Theft

VAL D'OR, Que., May 29—(CP)—Ralph Galpeau, 48-year-old mine-mill mechanic, today pleaded guilty to burglary of East Malartic Mines Ltd., property and theft of four gold bricks valued at some \$120,000.

Magistrate Larouche said he would pass sentence May 30 and Galpeau was sent to cells pending sentence.

There was little about the court ceremony to suggest that the dark-haired man, formerly of Sturgeon Falls, Ont., was confessing to one of the biggest gold-bullion thefts in Canadian history.

Three of the gold bricks, valued around \$100,000, have been recovered. The fourth, weighing about 25 pounds and the smallest, is still missing and an officer who worked on the case said it "may have been melted down already."

Supreme Court To Rule On Rate Reduction Legality

OTTAWA, May 29—(CP)—The Supreme Court of Canada will rule on a challenge to the legality of freight-rate reductions put into effect May 1 on rail traffic between Eastern and Western Canada.

The issue was sent to court today by Mr. Justice C. E. Locke, who gave Canada Steamship Lines permission to ask the court to disallow the \$7,000,000-a-year rate reduction order of the Board of Transport Commissioners.

The court is expected to hear the suit next fall. Meanwhile, the reductions—about five per cent on the traffic to which they apply—will stay in effect.

The rate reductions, largely for the benefit of Western Canada freight payers, were ordered by the Transport Board under legislation adopted at the late 1951 session of parliament. That measure authorized that a subsidy of up to \$7,000,000 a year be paid the railways in return for cutting rail charges between the East and West regions.

Basis of the subsidy is the railways' cost of maintaining the track over the East-West rail "bridge" across Northern Ontario. The Transport Board in mid-April found that this cost would be more than \$7,000,000 for 1952 and ruled that the maximum amount of the subsidy should go into effect for this year.

Expect Normal Condition At Ferry Terminals To Be Restored By Monday

"Both the Abegweit and Prince Edward Island will be making round the clock trips between Cape Tormentine and Borden. Mr. W. E. Robinson, Regional Vice-President and General Manager, C. C. N. Moncton, stated in a telegram received by The Guardian last evening. The trips were scheduled to begin last night on the return of the M. V. Abegweit from Halifax.

Mr. Robinson also said there is a good supply of refrigerator cars on hand if needed, and by Monday everything should be back to normal.

French Communist Boss Charged

By Geoffrey Anderson PARIS, May 29—(AP)—Communist boss Jacques Duclos was charged today with plotting against the internal security of France by inciting anti-Ridgway riots as a front for Red revolution.

The Communist-led General Confederation of Labor (C.G.T.) immediately countered with an order to its 3,000,000 members to stage general strikes an all-out fight for "peace, bread and liberty."

French authorities, clamping down heavily on the Reds, seized many of today's editions of Communist newspapers throughout the country.

Among these were the main party organ L'Humanite, which carried a front-page message by Duclos proclaiming the solidarity of the French Reds with Soviet East Germany in its campaign against newly-signed Western alliances with West Germany.

Duclos was arrested in his car last night at the height of Communist riots in which one worker was killed and 17 other demonstrators and 300 policemen were injured. Some 500 Red demonstrators were arrested here and in other French cities where similar violence broke out.

Expect Diesels To Speed Long-Distance Freight

(By Forbes Rhudo, Canadian Press Staff Writer) TORONTO, May 29—(AP)—A full day may be saved in the movement of freight between the east and west, when sufficient diesel locomotives are in use on Canadian railways, A. J. Lomas, vice-president, Canadian National Railways, said today.

Addressing the annual meeting of the Canadian Manufacturers' Association, he stated: "A complete study of our schedules has been undertaken, and as the adoption of diesel locomotives becomes more prevalent, we confidently look forward to the day when we can speed our fast freight trains and save 24 hours between Montreal and Toronto and Western Canada."

Mr. Lomas also said that to keep pace with the growing volume of freight traffic, Canadian National has 10,000 units of freight equipment on order.

Many Topics Discussed

Mr. Lomas spoke to the transportation conference of the C. M. A. meeting, which spent a second day in discussion of a wide range of topics, including economic conditions, defence production, employer-employee relations, education, industrial design, and fire protection.

G. F. Buckingham, general traffic manager, Canadian Pacific Railway, said some of the conditions imposed under amendments to the Railway Act (Section 331, Chapter 22, Revised Statutes of Canada, 1951) would be very difficult, if not impossible.

Diocesan Synod Votes To Retain Church Name

HALIFAX, May 29—(CP)—The Diocesan Synod of the Church of England voted 118-16 today in favor of the church retaining its present name—the Church of England in Canada.

The vote was taken at the request of General Synod officials. Decisions made at synod sessions in the 29 dioceses will be tabled during the General Synod this year.

The Nova Scotia diocese, which includes Prince Edward Island, favors the present name, but if any change is made it will suggest "The Anglican Church of Canada."

The synod also voted formation of a committee to examine youth work and the advisability of naming a full-time youth worker to co-ordinate and expand activities of various church groups.

The synod, in a strong resolution, protested what it termed "ridicule" of priests and certain services of the church in some phases of dramatics.

Major MacNutt On Laymen's Council

HALIFAX, May 29—(CP)—Judge J. Elliott Hudson of Halifax was elected president of the Diocesan Laymen's Council at the annual meeting held at the Church of England Institute here.

Other officers elected include, vice-presidents: Major T. E. MacNutt, Prince Edward Island Deaneery, and Sidney Oram, Cape Breton Deaneery.

Husband Charged In Wife's Murder

WELLAND, Ont., May 29—(CP)—Mrs. Antonia Gazo, 45, was found strangled in her home today and police said her husband, Mike Gazo, will be charged with murder.

The coroner, Dr. Malcolm MacLean, said there were signs of a "mild argument" and that the woman had died of strangulation.
