☞ Mr. JAMES E. KELLY, Travelling Agent for the *Examiner* throughout Prince Edward Island, will, in a few days, proceed on a Tour to the Westward, and we trust our Subscribers will be prepared to pay him the amounts of their several accounts. We shall feel much obliged to our local Agents if they will assist him as far as possible in accomplishing the object of his mission.

ERRATUM—In the communication signed "D. Ferguson," inserted in the *Examiner* of the 3rd instant, 9th line from the beginning, for, "and if he thinks that in placing restrictions," &c, read "*no* restrictions," &c.

The Screw Steamer *M. Stephenson* returned to this harbour on Saturday evening, the 7th instant, from a sounding cruize, having on board Commanders Orlebar and Hancock, &c. We understand Capt. Orlebar is directed to join the Royal squadron at St. John's, Newfld., and to act as Pilot for the coast of Nova Scotia and the Gulf of Saint Lawrence. During his absence Com. Hancock will carry on the survey. The *Gulnare* is now surveying the south coast of Newfoundland, and on which coast she will be employed all the summer, whilst the Steamer will be employed sounding off the coast of Nova Scotia.—*Mon.*

The Bishop of Nova Scotia, holding his triennial visitation throughout Prince Edward Island, has made his first visit to the districts of Cascumpec, Kildare and Tignish. There was Divine service at Cascumpec Cross Roads on Wednesday, the 4th of July. The prayers were said by the Venerable the Archdeacon Read, D. D., and the lessons by the Rev. W Dyer, Missionary of the District—after which his Lordship delivered a most excellent sermon, which was patiently listened to by a large and attentive congregation. After the service an address was presented, on behalf of the members of the Church of England within this extensive mission, to which His Lordship gave a suitable and effective reply impromptu. On the following day the Bishop proceeded to Tignish, where a very neat chapel has been erected for the use of Episcopal and Presbyterian congregations. At this place a confirmation was held, when 44 persons received the holy rite. His Lordship addressed them on the subject, explaining the nature of the ordinance. The morning prayers were said by the Aachdeacon, the lessons by the Rev Mr Dyer. After visiting the Church now in course of erection at Kildare Capes, the Bishop, accompanied by the Archdeacon, returned to Lot 11, en-route for Port Hill and St. Eleanor's, having appointed for a confirmation at Port Hill on the following day—Friday.

His Lordship expressed his gratification at the general prospects of the mission, the exertions of the worthy and highly respected missionary, and the progress made by the congregations in providing him with a residence, and the erection of a church. Nor was the Bishop less pleased with the general appearance of the settlements throughout this remote and little-known, but rapidly improving, district.—*Isl.*

AMONG the passengers who left in the steamer "Westmorland" on Monday 9th inst., en route for England, was Mr. H. E. BULWER, His Excellency's Private Secretary. After a residence of little over twelve months, Mr. Bulwer left the Island highly esteemed and respected by all parties. We understand he has been appointed by the Imperial Government to a responsible office in one of the Ionian Islands. Judging from the talent and discretion displayed by him whilst here, we doubt not he will creditably discharge the trust confided to him.—*Isl.*

WE understand by the English Mail of Friday last, that two vessels—the "Vulcan" and "Dashaway"—laden with Coal for the British fleet, shortly expected at this Port with the Prince of Wales, sailed from South Wales, for Charlottetown, about the 30th of June. Messrs Douse & Son, of this City, appointed agents, by the shippers.—*Isl.*

LAUNCHED.—On the 4th inst., from the shipyard of Mr. Peter Guard, Cascumpec, for the Hon. James Yeo, of Port Hill, and purchased by Mr. William Richards, the Clipper Barque 'Wild Wave,' of 502 tons. This vessel is copper fastened, and built under inspection, to class 7 years, A 1, is fitted with Cunningham's Patent Self-Reefing Topsails, and for strength, model and workmanship, does much credit to the builder.

SPECIAL NOTICES.

A CARD TO THE SUFFERING.

The REV. WILLIAM COSGROVE, while laboring as a missionary in Japan, was cured of consumption, when all other means had failed, by a receipt obtained from a learned physician residing in the great city of Jeddo. This receipt has cured great numbers who were suffering from Consumption, Bronchitis, Sore Throat, Coughs and Colds, and the debility and nervous depression caused by these disorders.

Desirous of benefitting others, I will send this receipt, which I have brought home with me, to all who need it free of charge.

HOLLOWAY'S OINTMENT—Measles, Scarlatina—These are the first great trials after birth to which our children are obnoxious. Both diseases are very infectious, and both require judicious management. In one the chest, in the other the throat is most likely to suffer: but the mother or nurse will find in Holloway's Ointment a sovereign value for these distressing symtoms. When rubbed upon the throat, chest, and back it is absorbed, the respiration becomes more tranquil, the cough less troublesome, the lips grow less vivid, the eye brightens, and the countenance looses that anxious gaze always the forerunner of a serious assault on the constitution and nervous system. This invaluable ointment not only cures the urgent symptoms but dispels all dangerous sequels.

ARREST OF COUNTERFEITERS.—The detective Police have arrested and imprisoned at Buffalo, N. Y., one Andrews and his associates, whom they caught in the act of making a counterfeit of AYER'S CATHARTIC PILLS. Their detection was accomplished at the instance of Messrs. J. C AYER & Co., of Lowell, Mass., who have shown a commendable energy and promptitude in protecting the public from imposition through spurious imitations of their invaluable medicines.

DOCT. AYER'S SARSAPARILLA, CHERRY PECTORAL AND PILLS have come to be staple necessities with the community, and the imposition upon the sick of spurious, worthless, if not injurious fabrications of them, is in fact the consummation of villainy. We hope the scoundrels will get their due, and in the keeping they now are, they are pretty sure of it.—*Police Gazette.*

WISTAR'S WILD CHERRY BALSAM.—This Balsamic compound has become a home fixture. Let those who suffer, and have in vain attempted to cure their coughs, colds, bronchial or pulmonary complaints, make use of this unequalled remedy.

INCOMPARABLE AS A HAIR DRESSING.—*Burnett's Toilet Preparations* are conceded by all who use them, to be superior to most other preparations, and are valued accordingly. The "Cocoaine" is enjoying a wide popularity in this city, and deservedly so. It is in fact pronounced *incomparable as a hair dressing.—Hartford Courant.*

AYER'S CATHARTIC PILLS.

The sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these PILLS have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief were they not substantiated by men of such exalted position and character as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, while others have sent me the assurance of their conviction that my preparations contribute immensely to the relief of my afflicted, suffering fellow-men.

The Agent is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures, of the following complaints:—

Costiveness, Billious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pains arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the *system*, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangement of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by some unprincipled dealers with some other pill they make more profit on. Ask for AYER'S PILLS, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

Prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

MOFFAT'S LIFE PILLS AND PHŒNIX BITTERS.

THESE Medicines have now been before the public for a period of THIRTY YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a partial blessing. So great, indeed, has their efficacy invariably and infallibly proved that it has appeared secarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and induing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither *Mercury*, nor *Antimony*, nor *Arsenic* nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened fæces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind as to produce habitual Costiveness, with all its train of evils, or sudden *Diarrhœa* with its imminent dangers. This fact is well-known to all regular anatomists who examine the human bowels after death; and hence the prejudices of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs, the healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; *Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill-Temper, Langour*, and *Melancholy*, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS, by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

DIARRHŒA and CHOLERA, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucuous membrane.

FEVERS of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in such cases, and the thorough solution of all intestinal obstruction in others.

The LIFE MEDICINES have been known to cure *Rheumatism* permanently in three weeks, and *Gout* in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence they have ever been found a certain remedy for the worst cases of *Gravel*.

Also *Worms*, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and *Consumption*, by relieving the air vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces those dreadful diseases.

Scurvy, Ulcers and *Inveterate Sores*, by the perfect purity which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and *Bad Complexions*, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of *Salt Rheum*, and a striking improvement in the clearness of the skin. *Common Colds* and *Influenza* will always be cured by one dose, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for upwards of THIRTY-FIVE YEARS, and that he tried in vain every remedy prescribed within the whole compass of the *Materia Medica*. He, however, at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but absolutely impossible, by any human means.

FEVER AND AGUE.

For this scourge of the western country these *Medicines* will be found a safe, speedy, and certain remedy. Other medicines leave the system subject to a return of the disease—a cure by these medicines is permanent—TRY THEM, BE SATISFIED, AND BE CURED.

BILIOUS FEVERS AND LIVER COMPLAINTS.

General Debility, LOSS OF APPETITE, AND DISEASES OF FEMALES—these medicines have been used with the most beneficial results in cases of this description:—KING'S EVIL and SCROFULA, in its worst forms, yields to the mild yet powerful action of these remarkable Medicines. NIGHT SWEATS, NERVOUS DEBILITY, NERVOUS COMPLAINTS of all kinds, PALPITATION OF THE HEART, PAINTER'S COLIC, are speedily cured.

MERCURIAL DISEASES.

Persons whose constitutions have become impaired by the injudicious use of MERCURY, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury infinitely sooner than the most powerful preparations of Sarsaparilla. A single trial will place them beyond the reach of competition, in the estimation of every patient.

BE CAREFUL OF COUNTERFEITS.

Several have lately been discovered, and their nefarious authors arrested, both in the city of New York and abroad.
