**Forgery.**

To the Editor of the Examiner,—  
SIR,—The mean and villainous practice of forging letters is, I regret to find, fast coming into prominence in certain localities in this Island. Since reading your remarks on this subject in yesterday's EXAMINER, another instance of letter forging has been brought to my notice. A letter bearing the forged signature of a resident of Souris, and addressed to a certain party living in another part of the country, was, according to the showing of the Post marks, mailed at Souris East Post Office, on the 4th November.

A more cowardly and contemptible action than this it would be difficult to imagine. It is well that the law provides for the accommodation of forgers, and in this case the culprit is better known than he imagines, as he will find to his cost ere long.

Yours, &c.,  
K.

**The Forgery Case.**

To the Editor of the Examiner.  
SIR,—With reference to a letter and also a denial in your issues of the 24th and 25th inst., signed by William Henneberry, and to your complaint that you had been imposed upon in publishing the same, I beg to assure you that the letter was not bogus, and that I can satisfy anyone who will call upon me with indisputable evidence that Mr. Henneberry was solely responsible for the appearance of the letter and its contents.

I am, yours, &c.,  
R. F. MACDONALD.  
Souris, Nov. 27, 1880.

**The Rebellion at Cape Colony.**

THE Premier of Cape Colony, telegraphing under date of the 20th inst., says:—"The resources of the colony are apparently equal to the requirements for suppressing the rebellion. The colonial government has no intention of applying for imperial troops." A despatch from Cape Town, dated the 22d inst., says:—"The British Residence at Leribe, which had been twice attacked by the Basutos, has been relieved by reinforcements."

**KAOKA,**

The Only Satisfactory Substitute for Tea and Coffee.—Highly Recommended for Regular Use at Ordinary Meals.

THE VERY BEST ARTICLE FOR DIETARY USE EVER DISCOVERED.

THE injurious effects which the continuous use of tea and coffee have on the human system are well known. The most eminent physicians advise the patients to abstain from using either. Owing to the taste for these beverages which has been universally acquired, it has been found necessary to find a substitute. Various substitutes have been tried, but KAOKA is the only one ever discovered which has been found to perfectly answer the purpose. Unlike Tea and Coffee, it contains neither Theine nor Caffeine, nor any other poisonous principle whatever which can even by long use, prove hurtful to the weakest constitutions. It is especially recommended for sick persons and children. Families using white bread habitually should adopt KAOKA as their regular drink at meals. They will then have supplied to them the elements which, when taken into the system, go to form bones, nails, teeth, sinews and brains, and which have been separated from the fine flour of which the white bread is made. Thousands of persons who have been afflicted with Dyspepsia, Nervousness, Indigestion, Sleeplessness, Sick Headache, &c., have been restored to perfect health by eschewing tea and coffee altogether, and drinking with their meals nothing but KAOKA. It contains no "chemicals." The elements from which it is made are wheat and sugar, nothing more.

For sale in pound and half-pound packets at the "Crown Grocery," South Side Queen Square.

**CHAPPELLE'S ALMANAC**, for 1881, is out; and it is an improvement on anything yet out. Its anniversary information has been localized. The dates of the births and deaths of prominent personages who have figured on the Island stage, together with the dates of remarkable events, are given; and another new feature is the table showing the relative value in Canadian currency of all nations. The "voices of the stars" are very loud; and will doubtless be read with interest by many persons anxious to know about the wonders that are going to happen in 1881. Apart from this, Mr. Chappelle's enterprise is creditable, and deserves recognition.

**LEINE PROSEPER**, an Indian who was remanded to jail on the 16th inst., appeared again at the Stipendiary Magistrate's Court to-day. Leine was arrested by the City Marshal for drunkenness. At the time of arrest he carried a gallon can, and the Marshal, desirous of knowing the contents of the vessel, asked poor "Lo" what it contained, and received the curt reply, "Lassars." This answer did not satisfy the Marshal. He opened the can and found it contained rum as dark in color as molasses. In court, in response to the Stipendiary Magistrate's question—"Where did you get the liquor?" Leine said, "I give money to one brudder, and he get it for me, all same." Loo was then cast into prison, from whence he emerged to-day a reformed red man, for, we learn, he took the Total Abstinence Pledge, while in jail, for three years. He informed the court this morning that he did not know where he got the "Lassars," and was discharged.
