**MARRIED FIVE TIMES IN SIXTY-NINE YEARS**

CHICAGO, June 23.—Sixty-nine years old and married to five women without the formality of divorce, Thomas Worland smiled with relief when Judge McKinley sent him to the penitentiary on a sentence of one to five years. Worland cheered up perceptibly when sentence was passed, probably because two of his wives advanced to the bar of justice arm in arm.

Worland was first sent to the penitentiary in 1917 on a charge of bigamy. He admits he "has a way" with women and they cannot resist him, some even going to the extreme of kidnapping him. After getting out he married Olive Helth and Tillie Carlington, both of Chicago, in rapid succession. It was his fourth wife who tripped him this time.

F. Holl	3rd Base	A. McMillan
H. Oatway	Short Stop	McNutt
F. McKinnon	Left Field	C. Reddin
W. McDonald	Centre Field	P. Johnston
C. Matheson	Right Field	

**NOTES**

- John did good work.
- Gus hit some nice ones.
- Harry is a good base runner and it takes a good man to catch him.
- Both McKinnon and Matheson played a star game for the Giants.
- Hornby is a star player.
- Carbonell needs a basket.
- Murley needs a glass arm.
- Grant needs to come out and play ball with the Red Sox instead of talking to the girls.
- The Umpire was satisfactory to all.

**FIELDING TO INTRODUCE SPECIAL LOAN BILL**

OTTAWA, June 23.—A special Loan Bill will be introduced before prorogation, Hon. W. S. Fielding, Minister of Finance, announced when the Commons resumed this afternoon. The Finance Minister made his announcement as supplementing the legislative program announced by the Prime Minister last week. The bill, he said, would be confined entirely to obligations maturing in the near future.

**Your Storage Battery Needs "Food" and "Drink"**

The battery in your motor car is a living thing. Like any other living thing, it uses up energy every day which has to be replaced by means of "food" and "drink". The "food" is the electrical energy with which it must be regularly recharged and the "drink" is pure water that should be put in every two weeks.

**Have it Tested Here Twice a Month**

The Willard Battery people voluntarily accept the obligation of caring for all makes of batteries impartially. They will help you to prolong the life of your battery. They invite you to drive to any Willard Battery Station twice a month and have your battery's "pulse" taken.

If you neglect the battery, it will starve to death or die of overwork. Then you will have a bill to pay for repairs or a new battery. There is only one safe way to treat your battery, and that is to have its condition tested faithfully twice every month! Regular attention and proper care will keep it in good health.

A trained service man will test the strength of your battery, put in water if needed, and advise if anything further needs to be done to safeguard the life of your battery. Remember, the service is for you regardless of the make of battery you have. It is prompt, courteous and well performed. Why not make use of it?
