The park road Committee will please meet in the City Council Chamber to-morrow (Wednesday) morning at 10 o'clock.

It is said that buildings to cost $200,000 are in course of construcion in Pictou county, N. S. This does not look much like ruin.

W. S. Caine, M. P., is about to start upon a tour round the world. He will leave Liverpool for Canada, and cross the continent by the Canadian Pacific Railway.

Among the excursionists from Pictou to-day is Mr. Hugh Nichol, of Stratford, Ont., in full Highland costume. He is the guest of the President of the Caledonian Club.

Messrs. S. M. Mackenzie, of the New Glasgow *Chronicle*, and Albert Dennis, of the Pictou *Standard*, came over with the excursionists this forenoon. They are registered at the Rankin.

We are informed that the Band of the 82nd Battalion will escort the Pictou and New Glasgow excursionists, and the Prospect Cornet Band to the St. Lawrence this evening at seven o'clock.

We are informed that the pump on the corner of Richmond and Cumberland Streets has been out of order for some time past. Will the pump contractor kindly give it a small share of attention.

The plan of Market Hall and the sale of reserved seats for the Listemann-Kellogg Concert on Monday and Tuesday, August 1st and 2nd, will open at the Diamond Bookstore on Friday morning next, the 29th inst.

The Carleton correspondent of the Summerside *Pioneer* reports that a young man named David Muttart has been missing from that place for several weeks past, and that his continued absence is the subject of much speculation.

A few days ago a pocket book belonging to one of the midshipmen of the Canada, who were drowned in Bedford Basin, was found on the shore by a man living in the neighborhood. No trace of the boat or bodies has yet been found.

Mr. H. H. Beer, of Southport, called at our office to-day with a daisy, "as is a daisy," and which lays over that found on the farm of B. E. Wright, Esq., last week. It is thirty-two inches in height and contains fifty-two stalks. Next!

Some three hundred and twenty excursionists came over from Pictou and New Glasgow this morning in the St. Lawrence. The Prospect Band, of New Glasgow, accompanied them, and discoursed some choice music. They return this evening.

The Stipendiary Magistrate was engaged all the forenoon hearing five Scott Act cases brought before him by the City Prosecutor. Two were dismissed, two postponed at the request of the prosecutor, and the remaining one was adjourned for further evidence.

From John F. Wyman formerly Postmaster, South China, Me.: "Too much cannot be said of Adamson's Botanic Cough Balsam, as it is the best remedy for coughs, colds, etc., that I have ever seen; and to its wonderful effects I owe my recovery. It is well worthy of praise, and I would advise all to use it who are afflicted." Trial bottles 10 cents.

On account of a mistake made by the ticket seller at the Lyceum last evening, who inadvertently numbered a few tickets of which there were duplicates, a slight confusion existed for a short time, but was soon remedied, other seats being procured. Accidents of this kind are not usual, and we are assured by the management that they will be fully avoided in the future.

A rich treat will be furnished by Mr. and Mrs. Thos. N. Doutney, at Market Hall to-night. Laughter is better than physic, therefore none will regret going to hear them. The Doutneys may feel assured of having a great crowd. The name that preceded them has been sustained by them here by hard work, and that, too, by their individual efforts and not by any outside help.

In the dual role of "Lady Isabel" and "Madame Vine," Claire Scott is considered at her test by both press and public. She will appear at the Lyceum, Thursday evening, July 28, in the beautiful play from Mrs. Henry Wood's great novel of "East Lynne." Every husband, wife, father and mother should not fail to see this play, as it is one of the greatest moral lessons in the history of the drama. For particulars see advertisement in another column.

Lecture.—James McLean, Esq., a native of New London, P. E. Island, who, by his own efforts, procured for himself a good education, having carried off a large share of the prizes and bursaries offered for competition to the students of Dalhouse College and who, a few years ago, graduated with high honors in that institution, will deliver a lecture in Zion Church this evening, subject: "From Joppa to Damascus," the result of his own observation while on a tour through the Holy Land. Mr. McLean is at present practicing law with much success in Halifax. We bespeak for him a full house. A collection will be taken at the close of the lecture in aid of the Sabbath School of Zion Church.

The Land Bill.

London, July 25.

The House of Commons to-night went into Committee on the Land Bill. Upon taking up first the clause extending to leasers benefits of the act of 1881. Parnell proposed an amendment. The bill as it stands gives the option to a tenant or landlord to make application to the Court to fix rents. Parnell urged that the tenant alone should have the right to apply the period of such application to be limited to three years. Mr. Balfour accepted the amendment with a limit of two years, Parnell agreeing. Parnell proposed to extend the operation of clause to all leases, except those in perpetuity. Mr. Chamberlain supported the proposal, but the Government opposed, and it was negatived 191 to 142. The Government amendment extending the term to 99 years was agreed to.

O'Brien Again.

Dublin, July 25.

The executive advises the prosecution of Wm. O'Brien for the speech he made yesterday at Luggacurray, in which he incited the people to defy the Act. Radical Unionists are incensed at the Government for putting the act into wholesale operation without consultation or concert with the Unionists. Chamberlain has warned the Government that the Radical vote will not support their action unless the Dublin executive directs the exercise of the powers of the Act with mildness and discretion. Balfour's explanation in the Commons showed that the warning has been accepted. The proclamation over the greater area of Ireland is not to operate actively, but as a mere measure of precaution. The Parnellites propose to raise the debate to-morrow, attacking the proclamation by motion to adjourn.

Disallowed.

Ottawa, July 25.

An order-in-council has been passed, disallowing the Quebec statute relating to the Lieut. Governor, passed by the Quebec Legislature, on the ground that only the Dominion Parliament has power to legislate in regard to the office of Lieutenant Governor.

Volcanic Eruption

Malta, July 25.

HOT WATER.

THIS IS THE DAISY.

THE Cheapest and Best Hot Water Boiler in the market.

Only one year since it was patented, and one hundred (100) already in use, giving perfect satisfaction. It can't help it, because the principle upon which it is constructed is as nearly perfect as possible.

Since taking up this branch of business, we have completed several very important contracts, notably our new Dominion Building here, and also the one at Summerside, as well as a number of private residences.

As it is inconvenient to publish many Testimonials in a newspaper advertisement, we have selected two, which we feel will convince our friends that we are the right parties to do this kind of work.

In a very short time we will again be visited by Jack Frost, and those who contemplate making their homes comfortable, with less labor and less cost than by any other means, would do well to send for us to give them estimates at once.

McKINNON & McLEAN.

TESTIMONIALS.

MESSRS. McKINNON & McLEAN,—

Gentlemen,—With reference to the Heating Apparatus put into my house by you last fall, I would respectfully state that it has given very great satisfaction.

My house, as you are aware, stands in an isolated and exposed situation, yet during the coldest weather the heat could be regulated to any desirable temperature My experience leads me to believe that the hot water system of heating, as put in by you, is superior to all other forms of heating I have seen, in its saving of fuel and labor, simplicity of working, cleanliness, and safety from fire, and I hereby recommend it as being the most healthful, comfortable, safe and economical in use. I further wish to express my satisfaction with the manner in which the work was done by you. Yours truly,

House of Assembly, P. E. I., April 21st, 1887. SAMUEL PROWSE.
