

# HMCS Cayuga Engages In Eventful Shore Patrols

By Lieut. R. A. V. Jenkins, RCN (R), Naval Information Officer.

On Board HMCS Cayuga, at a United Nations Naval Base in Japan (delayed)—This destroyer returned to port recently from what was probably one of the busiest and most eventful shore patrols yet carried out by a ship of the United Nations Fleet.

The Cayuga, under the command of Commander James Plover, formerly of Winnipeg and Saint John and now of Victoria, had these experiences during the patrol:

1. Bombarded Communist shore position, both by day and by night;
2. Was herself the target of uncomfortably accurate enemy fire;
3. Witnessed a dog fight between UN Sabres and Communist Mig's;
4. Landed medical assistance for the crew of a UN bomber after the aircraft had crash-landed;
5. Saw several members of her crew have their baptism of fire in a sharp exchange between one of her motor cutters and a Red machine-gun post.

The Cayuga returned from the patrol with a ship's company that was happy to have so much activity and proud of the way the ship had acquitted herself.

**Ranged Up And Down**

Acting independently, the Cayuga ranged up and down the west coast of Korea, from the battle line to the northernmost point of the war area.

he does just what his cousin Tufty is doing now."

"What is he doing?" asked a twin.

"He is crouched on a big limb in that big tree waiting for one of us to come near him," replied mother.

"What would he do then?" asked a twin.

"Spring down on your back, and that would be the end of you," explained mother.

"Would he do that to cousin Flatthorn?" one of the twins wanted to know.

Mother shook her head. "No," said she. "No, neither Yowler or his cousin Tufty would think of doing that to cousin Flatthorn. He is too big. He is much too big. But both Yowler and Tufty love young Deer like you."

Meanwhile, stretched out on a big limb, Tufty the Lynx watched Mrs. Lightfoot and the twins out in the moonlight with a growling feeling of disappointment. They were not coming in his direction. He had hoped that when they left that thicket they would come along the shore of the pond and pass under the limb on which he lay stretched. He was hungry for a dinner of tender young Deer. He had been living on Mice and Rabbits, and now and then a Grouse, and he had not had too many of these. He drew his lips back in a silent snarl as he watched Mrs. Lightfoot and the twins moving away. He would have to look somewhere else for his dinner.

# Vishinsky Has Confidence In One American

By Norman Altstetter  
Canadian Press Staff Writer

PARIS, Nov. 22—(CP)—Russia's Foreign Minister has confidence in at least one American—George Sherry, 29-year-old United Nations interpreter.

Andre Y. Vishinsky has a standing request of several years that Sherry translate his speeches—sometimes at the rate of 300 words a minute—in the Assembly and committee meetings of the U. N.

The Russian's fast pace makes him the most difficult of the speakers Sherry has worked for—a list including Foreign Minister Robert Schuman of France, Foreign Minister Paul Henri Spaak of the Netherlands, and Jakob Malik and Andre Gromyko, both Soviet deputy foreign ministers.

Sherry, born in Poland and brought up in Romania until he was 16, learned Russian from his father and French and English from his mother. He later attended Columbia University in New York.

An expert in translating French and Russian into English, Sherry is one of 69 U. N. interpreters working in the main Assembly and the six committees of the U. N. at Paris. Officials say there are probably only about 100 persons in the world who possess the fluency for the translation job.

When a Russian delegate speaks, first instance words are translated simultaneously into English, French, Spanish, and Chinese. These are the five official languages of the U. N.

The translations go out over a wire system which brings each language to the earphones attached to every seat in the committee rooms and a flick of a switch brings in each of the five languages.

Simultaneously translating calls for a special fluency which brings an average salary of about \$3,000 a year. The translator has to listen, talk and sometimes scan a text all at the same time.

Sherry puts a little more into his job than most others, getting the right inflection of sarcasm when the delegate speaking is excited. He doesn't aim for a literal translation of the words the speaker is saying but rather tries to give the sense of each sentence.

## South Bedeque W.I. Annual Meeting

The annual meeting of the South Bedeque W. I. was held at the home of Mrs. Edwin MacFarlane on Nov. 7th, with the Vice-President in charge.

The meeting opened with the "Ode" and nine members were present. The Secretary was instructed to send for Red Cross work, and \$1.50 was paid to Mrs. Douglas Affleck for postage on tea sent to the adopted Institute in England.

Officers elected for the ensuing year were as follows: President, Mrs. George Henderson; vice-president, Mrs. Dan McLure, and secretary-treasurer, Mrs. Horace Wright.

Committees appointed were—School: Mrs. Hector Laird and Mrs. Thorne Affleck for Lower Bedeque; Mrs. Charles MacFarlane and Mrs. Lorne McCallum for Fernwood. Fruit and Flower Committee: Mrs. Robert Waugh and Mrs. A. Montgomery for Lower Bedeque, and Mrs. Cyril MacFarlane and Miss Martha Oatway for Fernwood. Directors: Mrs. Arthur MacFarlane and Mrs. Clayton McLure for Lower Bedeque, and Mrs. Edwin MacFarlane and Mrs. J. H. MacFarlane for Fernwood.

A splendid report was prepared by the retiring president on the year's work, and a vote of thanks was extended to her and the retiring secretary.

In conclusion it was decided the next meeting would be at the home of Mrs. Hector Laird.

## EARL OF HILLSBORO I.O.D.E.

The monthly business meeting of the Earl of Hillsborough Chapter of I.O.D.E. was held at the home of the Regent, Miss Marjorie Stewart on Nov. 19th with Miss Stewart presiding.

The meeting opened with prayer, following which minutes of the last meeting were read by Dorothy Keefe. The treasurer's report was given by Margaret MacMillan. Food parcels were sent to two English families.

A report on the Robin Hood Cooking School was given by Mrs. Gordon Rayner. Recent changes in the by-laws passed at the national meeting of I.O.D.E. were read by Miss Stewart, who also gave the meeting a report on the Canadian Association of Consumers.

Mrs. Albert Roop presented a paper on "The Canadian Scene".

Following adjournment, lunch was served by the hostess assisted by Mrs. Burnett and Mrs. Porter. Next meeting will be held on Dec. 4th at the home of Mrs. Gordon Rayner.

## Former Islander Dies In New York

Mr. William Westaway, 65, formerly of Montague, P. E. I., passed away at St. Luke's Hospital, New York, on November 10.

The deceased had been a member of the Royal Canadian Mounted Police as a young man and during the First World War had been retained in Canada for home defence. He had later gone to the United States where he studied the undertaking profession.

At the time of his death he was operating a funeral parlour under the name of Westaway and Orilly. He was honoured with a Masonic funeral, and was also a valued member of the Orange Lodge.

He leaves to mourn his passing four sisters and two brothers. Three of his sisters are registered nurses. With him at his death were Mrs. C. W. MacDougall, R. N., and Mrs. Margaret Whidden, R. N., of Roslindale, Mass. The other sisters are Mrs. (Dr.) McCue of Silver Lake, R. N., and Belle, of Brookline. The two brothers are Joseph of British Columbia and Rev. R. J. Westaway of Calgary.

## HUNTER RIVER STUDY GROUP

A very successful Study Group was held in Hunter River School on November 16. Miss Ena Morrison was elected president and Miss Jean Carr secretary.

The supervisor, Mr. Wilson Ross spoke on economic and social trends, as well as educational trends, in the world today.

In regard to the reading program the use of the Guidebooks was stressed, as well as vocabulary drill and "Think and Do" books.

The value of workbooks to help the child read and think was also stressed. Group projects such as choral reading were suggested to interest pupils in reading.

# PHOTOGRAPHIC MYSTERY CREATES SENSATION-

This picture, which appeared in the Ashland (Ky.) Daily Independent, was represented to that newspaper as an actual photograph taken in the sky over Korea. The Independent ran the picture on a Sunday and the entire edition of 14,000 copies was quickly sold out, with people clamoring for more. Two weeks later, also on a Sunday, the paper ran the picture again and again the entire edition was snapped up. Readers sent clippings to friends and the Independent has been receiving hundreds of letters from all over the country. According to the

information received by the paper, an Air Force man from Chicago took pictures of an American and a Communist plane during a combat patrol. He sent the films home to Chicago to be developed. To the amazement of everyone, including the flyer, the image of Christ, supposedly formed by clouds, showed up on one of the photos. A neighbor of the Air Force man's family in Chicago sent a print to his brother in Ashland. Someone there finally mailed it to the Independent. Actual origin of the picture is a mystery so far, because the names of the Air Force man and of the Chicago neighbor family are unknown.

After a short arithmetic discussion general questions were asked with the questions being answered by Mr. Ross.

A suggestion was made that at

the teachers could pay a small fee. Everyone felt that this was a good idea.

After general remarks by Mr. Ross, the meeting was adjourned.

## SUBMARINE SUCOR

At the height of its siege in the second world war the Island of Malta was supplied to a large extent by submarines.

# You and Canada

You -- along with thousands of others -- deposited many millions of dollars with The Bank of Nova Scotia this year.

Schools, roads and other public services are made possible in part by bond issues. \$28.5 millions of these bonds were held by The Bank of Nova Scotia as of October 31st.

Canada must buy and sell abroad to maintain prosperity at home. The Bank provides financial services so necessary to this important export-import trade.
