CONTRACT BRIDGE

By B. JAY BECKER

You are South, neither side vulnerable. The bidding has been:

South	West	North	East
1♣	Pass	1♠	Pass
3♣ †	Pass	3♥	Pass

What would you now bid with each of the following four hands?

1. ♠KJ5 ♥7 ♦Q83 ♣AKQ642
2. ♠A9 ♥J75 ♦6 ♣AKQJ954
3. ♠AKJ ♥K83 ♦2 ♣AQJ875
4. ♠A7 ♥Q62 ♦K8 ♣AKJ962

Three spades. The only bids worth considering are three spades, three notrump, and four clubs. The three notrump bid is dismissed largely because there is no true diamond stopper. A four club bid is unsatisfactory because it suppresses the spade fit which partner doesn't know about, and also represents a more independent club suit.

The three spade bid tells the tale accurately, showing, as it does, secondary support for spades and a club suit that is not self-sustaining. Room is thus also left for North to bid three notrump.

2. Four clubs. The possible bids are four clubs, four hearts, and five clubs. The four heart bid is not desirable because the immediate raise would indicate either four-card support or three much better hearts. A five club bid would reflect the great club strength but would also represent more side strength than the hand has. The four club bid identifies a very good suit, since clubs have been bid three times, but at the same time limits the high card values held.

3. Four spades. In the previous two hands the jump to three clubs was based on a long club suit and 15 high-card points. This time there are 18 high - card points. The extra high-card values are best shown by jumping to four spades.

Partner cannot misread the three-card support, since a jump raise in spades would have been given immediately with a holding of four spades. The jump to four spades shows that the earlier three club bid contained maximum high-card values. North is thus encouraged to go on to a slam if his hand permits it. It is extremely likely, in view of our high cards in spades, that North has at the least a five-card spade suit.

4. Three notrump. North's three heart bid may have been based on a four-card suit. For this reason it is not wise to raise hearts at once. Since the hand is satisfactory for notrump play, and there is no particular reason to prefer a suit contract, this message is best conveyed by a three notrump bid.

Partner may then carry on or not, in the light of this information. North's values at this point are unknown. All that can be done at the moment is to describe our hand as accurately as possible.

Maritime Heat Sets Records

HALIFAX (CP) — The Maritimes was a virtual hot bed Wednesday sweltering for the second day in a row from a heat wave that broke and tied records mercilessly.

It was a startling change for the normally cool eastern provinces.

The hottest place was Edmundston, N.B., where the mercury rose to 91, a degree short of the 1937 record. At Fredericton, it was a blistering 90—one degree above Tuesday's mark — and enough to tie a record set in 1880.

It was an oppressive 87.1 in this capital city. But not quite up to the 88.3 registered in 1914 a year of a prolonged heat wave. But the weather office says that wartime record would be surpassed today.

At the province's southern tip, in Yarmouth, the temperature was a slightly subdued 71. But it broke by one degree the record of 1914.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. each day the code letters are different.

A Cryptogram Quotation

C K L F C O R F C O R N F C X, V G -
Z O G V K Q O S R V N Q — X K C G V.
