BLACKBERRIES.
Rochester, a paper was read by C. E. Houghton, Ferrisburgh, N. Y., on "One thousand dollars from an acre of blackberries." Mr. Chapman said his attention was called to blackberry growing by a newspaper article, and he resolved to go into it, but did not know anything whatever of the requirements in the way of soil or varieties. He bought some plants where he could get them cheapest, and afterwards learned that the cheapest plants were sometimes the dearest. A good many die up old plants from old plantations which were nearly worthless, and sold them for what they could get. After experimenting for a great many years and buying his blackberries for family use, he finally succeeded in learning enough about the business to grow crops successfully. He had not yet got to where he produced at the rate of \$500 worth from a measured one half acre, as did a neighbor. Part were sold at 15 cents per quart, but the greater portion at 10 cents. A single picking sold for \$100.

OIL STOVES

constitute one of the greatest of home comforts in hot weather. You can light them at once without any kindling wood, and the fire burns at its brightest as soon as lighted. When no longer required, it can be immediately extinguished, and the house thus not overheated by a blazing fire kept for hours longer than necessary to save the bother of re-kindling. No trouble, no dirt—these are overcome by the Brightest and Best, that only cost from 75 cents up. Get a Stove and enjoy the summer.

Don't Make Any Mistake

When you are threatened with consumption or lung troubles and get the wrong kind of Emulsion. There is only one perfect, pleasant and effective preparation of that life giving substance and it is Miller's Emulsion. There is no bad taste to this preparation. It is compounded on an entirely new principle, by which the vital energy of the Liver of the Norwegian Cod Fish is retained and incorporated with the hypophosphites of lime and soda, making the most potent blood maker known to science. It has saved thousands of young lives, and is revolutionizing the old method of consumption treatment. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrofula and all Lung affections. In Big Bottles, 50c and \$1, at all Drug Stores.

No one knows what exercise is until he has handled a baby.—Galveston News.

Castoria.
"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the interest of their children, and use Castoria instead of the various quack nostrums which are doing their loved ones, by forcing opium, morphine, a soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."
Dr. J. F. Knicker,
Conway, Ar.
