PREMIER black and white sale now on. AT THE CAPES.—No crossing today. THE CITY SNOW PLOW...

A. O. H.—Meeting this evening at eight o'clock. I. O. O. F.—Regular meeting of Witley Lodge tonight. Degree work.

TO-NIGHT.—A preparatory service will be held in St. James Church tonight at 8 o'clock. Rev. Mr. Sutherland will preach.

THE STANLEY.—Yesterday afternoon the Stanley was reported jammed in the ice four miles southeast of Cape Bear. There is no news of her to-day.

CARNIVAL POSTPONED.—Owing to the storm, the carnival to have been held at Victoria, Crapaud, last evening, has been postponed until the evening of Wednesday, 21st inst.

THEATRICAL.—The manager of the "Will of the Wisp" Company has telegraphed for dates at the Masonic Temple Opera House for the 1st, 2nd and 3rd of March.

AT WORK AGAIN.—It is pleasing to learn that James McKie, engineer on the cruiser Curlew, who was injured at St. John a short time ago, is quite well again and has resumed work.

THINKING OF HIS FUTURE STATE.—The Clatham House says: "We would like to see a copy of 'Our Home in Heaven,' by Rev. E. Wallace Waits. Surely some copy of our readers must have presented a copy. Its possessor will oblige by informing us."

CITY COUNCIL.—A special meeting of the City Council will be held on Tuesday evening next at half-past seven o'clock, for the purpose of appointing auditors and all standing committees, and for the further consideration of the dredging of Queen's wharf and the appointing of an inspector of such work, if necessary.

HE PAID HIS FINE.—John Mallett, who was recently convicted before Judge J. P. for violating the Scott Act in Charlottetown, paid his fine of \$50 and costs yesterday. Mallett, when convicted, gave notice of an appeal to the Supreme Court, but subsequently changed his mind and paid his fine, as above stated.

A GOOD PROFIT.—The Halifax Herald says: It is reported that S. S. Naylor, of Prospect Farm, King's, cleared over \$6 per barrel on a shipment of apples made to England. Mr. Naylor shipped his own fruit, and it did not go to either the London or Liverpool markets. Last year Mr. Naylor realized extraordinary prices, and this year has done still better.

GRADUATING EXERCISES POSTPONED.—On account of the stormy weather the Graduating Exercises of the Training School for Nurses in connection with the P. E. Island Hospital, to have been held in the Y. M. C. A. last night, did not come off. To-night the contemplated exercises will take place and the original programme will be carried out. Let every one come and hear Miss Davies recite and Mrs. Roome sing.

MORE SUMMONSES ISSUED.—A summons has been issued against Edward Cullen, Pownall Street, for violating the Liquor Regulation Act. The charge is that he is selling intoxicants in an apartment having more than one entrance or exit. The summons is returnable on Monday. A summons has also been issued for a man charged with keeping a cross dog. It is returnable on Monday.

TORONTO'S RECORD.—There are 136 newspapers and periodicals published in Toronto, 99 printing offices, 199 real estate agents, 131 druggists, 562 dressmakers, 23 bakers, 32 boot and shoe stores, 131 bakers, 102 dry goods, 329 music teachers, 66 milliners, 80 laundries, of which 20 are conducted by Chinamen, 185 hotels, 710 grocers, 57 restaurants, 120 stationers, 226 merchant tailors, 129 tobacconists, 88 jewelers.

SNOW STORM.—Another snow storm set in early last evening and continued during the night. About three inches of snow fell on the level. In some sections, however, big drifts are reported and travelling is heavy. The wind was at first from the southeast, changing to the east, northeast and north west. The average velocity of the wind was about twenty-four miles an hour. The coldest recorded during the storm was 14 degrees above zero.

THE GLOUCESTER FLEET.—Eighty-three men were drowned out of the Gloucester fishing fleet during the past year. About forty of them were natives of the Maritime Provinces. Two were Islanders, George Brown and Captain Nelson Castello. Brown was lost overboard on the passage from New York, March 28, and was 25 years of age. Captain Castello commanded the Spencer F. Baird, which was sunk with all on board off White Island on Dec. 15. He was 25 years of age and belonged to Grand River.

MOSBY'S SEWERAGE.—According to a statement now being prepared by the city engineer, Moncton has ready eleven miles of sewers, or to be accurate, 56,208 feet, or a little over 105-8 miles. Of these only 2,346 feet, or 9-16ths of a mile is wood, while 5,479 feet is double brick (being the main sewers) and 28,371 feet (nearly 54 miles) single brick, the balance of about 21 miles, being tile pipe, the most of which is 12 inches or over in diameter. The cost of the system has been in the vicinity of \$70,000.

NO LIQUOR LICENSES.—A Halifax despatch of the 13th says: Constellation prevails among the Halifax liquor dealers to-night. The law says the city council shall meet on the second Tuesday in February to consider applications for liquor licenses. The usual hour for meeting is eight o'clock. The Mayor called the meeting to-night for 7:30. There was no quorum at that hour, and the Mayor left the building. No meeting was held, and no licenses can be legally granted this year. There are 130 applicants, each of which is accompanied by a petition from three-fifths of the electors of the section where the license is applied for. The fact that no licenses can be granted this year will add interest to the plebiscite to be taken on the prohibition question.

TO-DAY! but better beats it, and that is the story of our Factory-made Furniture. For years we have made GOOD FURNITURE and sold it at fair prices. As our trade increased we increased the value of our goods. Their value this year is better than ever. We are therefore looking for increased sales. We had them in January, why not in February, March and right along? We can meet the lowest prices offered, and go "one better."

BEER BROS. Weather Bulletin. TORONTO, Feb. 16, 10 a. m. Fresh to strong westerly wind, fair, turning colder.

NEWS NOTES.

Truth should be the first lesson of the child, and the last aspiration of manhood.—Whittier.

Reginald's adoption of the single tax is an other indication that northwestern Canada, like the Western States, is not averse to new ideas.

That indefatigable friend of her sex, Her Excellency the Countess of Aberdeen, has made a formidable, and we may safely presume, a successful plea for a maternity hospital in Ottawa.

The Earl of Low-lace, who died recently at the advanced age of 88, was not only the husband of Byron's only child, but he was a direct descendant of Henry VII. and Lady Catherine Grey. He was an architect, a landscape gardener, and an engineer.

The death of George Grant is reported at Bristol, Que., aged 88 years. His mother and the mother of the late Sir John Macdonald were cousins. On one occasion Mr. Grant's father visited the Macdonald family at Kingston, and received from the father of the late premier a musket, which George Grant, a son of the deceased still retains as a souvenir of bygone days.

The Swiss Federal Council has resolved to expel the foreign anarchists within its jurisdiction and to pay their passage to England. They will help to swell the number of riotous incendiaries in London beginning to give the London police such ugly work to do. The time may not be long in coming when England will have to follow Switzerland's example. It was once a cause of pride that every persecuted proletarian could find safety under the Union Jack. Now it is a source of danger.

The extent to which the depression in the United States has been felt by the thrifty classes of persons of moderate means who deposit their surplus earnings in the savings banks, is shown in the recently published report of the New York State Bank Superintendent. This report shows an excess of drafts over deposits in those institutions during 1893 of \$34,518,091. The city savings banks suffered the most. In the preceding year the deposits in the State were \$17,331,113 in excess of the withdrawals.

The deadliest disease in the Province of Quebec is one of which least is heard in the discussion of sanitary matters. Consumption last year caused over 8 per cent. of those whose deaths the Provincial Board of Health has recorded. In all, 1,483 persons, out of 18,256 who died, perished from some form of pulmonary wasting. It is only of late years that consumption has been the subject of close scientific study, but it is beginning to be understood that it is, to a large extent, a contagious as well as a preventable disease.

British Columbia is waking up to the fact that dairy farming offers opportunities for making money which at present are largely left to outsiders. In 1892 British Columbia imported eggs to the value of over \$100,000; butter, cheese and condensed milk, over \$500,000; the total amount of the province imports figuring up to \$2,656,638. The British Columbia farmers are, therefore, talking of organizing a dairymen's association, setting up creameries and cheese factories, and establishing a dairy department at the Dominion Experimental Farm at Agassiz. The farmers see no reason why the two and a half millions should not go into their own pockets, instead of being taken out of the country. They are acting on the lines of the advice given by Messrs. Foster and Angers on their Western trip, to take up mixed farming.

OUR HATS

were not made twenty-five years ago, nor do we ask old-time prices. Our assortment is the largest on P. E. Island, and our styles the latest. We know what the people want and we buy to suit our customers.

If you can't get a Hard or Soft Felt Hat to suit you at PROWSE BROS', you need not try in the city.

We have bought the largest stock of Hats for Spring in the city, and in buying such large quantities we bought as low as any wholesale house in the Dominion.

Why go to a house where they only keep about three dozen Hats, when you can buy from men who import hundreds of dozens of First-class Hats.

PROWSE BROTHERS,

The Stylish Hatters. Charlottetown, February 9, 1894—m w f

If You Keep Your Eyes Open

You'll see that when you pay a good price for a thing in a reliable house you always get the worth of your money. It is the cheap things that are expensive.

COLUMBIA BICYCLES FOR 1894.

A Magnificent Line of Wheels.

The Columbia Bicycles for 1894 easily maintain their reputation as the leading Bicycles of the world. While many improvements have been added, enhancing their already high value, the price of them has been lowered—their best wheel selling for \$25 less than the corresponding one of last year. I hope in a little while to have a supply of the 94 catalogue, and will be happy to furnish to intending purchasers on receipt of a 3-cent stamp. R. M. YOUNG, Agent for P. E. Island. jan19
