ABSOLUTE PURITY.

The following analyses (made by the Dominion Analyst) of three BAKING POWDERS sold in this market should put a stop to the unjust efforts of the Royal to mislead the public as to its being the only pure Powder. These impartial tests show that other Powders are as pure and wholesome:

W. SAUNDERS, Dom. Analyst, St. John, N. B. reports:
Royal—Contains Alkaline Carbonates—a mixture consisting mainly of Bi-Carbonate of Soda and Cream of Tartar—adulterated with about 20 per cent. of starch.

W. F. BEST, Dom. Analyst, St. John, N. B. reports:
Pure Gold—Contains Cream of Tartar, Carbonate of Soda—fresh and pure.

Nov. 19, 1885—Not adulterated; same as usual.
April 7, 1885—Not adulterated; same as usual.
June 1, 1885—Fresh and pure; same composition as usual.

WOODILL'S German Baking Powder has a reputation for purity and wholesomeness now nearly 30 years.

Provincial Rifle Association.

REPORT OF THE COUNCIL.

The Council have the honor to submit the eleventh annual report of the proceedings of the Provincial Rifle Association.

1. The Council tender their acknowledgments to His Excellency the Governor General, for the handsome silver and bronze medals which he again presented for competition at our annual prize meeting.

To the Dominion and Provincial Governments for their continued grants to the Association.

To His Honor the Lieut.-Governor for his usual donation of \$20 to the general prize fund.

To the Brigade Major of the District, to the Ch'town branch of the Bank of Nova Scotia, to the Patriot Publishing Company, to Dr. Jenkins, M. P., E. J. Hodgson, Q. C., F. Mitchell, Esq., and Lieut. E. A. Smith, 71st Battalion N. B. Militia for their several contributions, also to the prize fund.

We also tender our sincere thanks to our regular subscribers for their cheerful support and encouragement at all times; to the Superintendent of the P. E. Island Railway, and to the Steam Navigation Company for the facilities afforded to competitors and for transport at reduced rates.

2. In accordance with the resolution passed at a meeting of Council, held in the City Court Room on the 21st July, the annual prize meeting, 1885, commenced on Wednesday the 12th, and concluded on Saturday, the 15th August, at noon.

The number of competitors present during the meeting showed a considerable increase over the attendance of 1884.

The Governor-General's Medals were won in the same order as last year, and by the same two members of the Active Militia, viz., Sapper Davison, of the Engineers, and Corporal Gillis, No. 5 Batt. Garrison Artillery.

The Silver Medal of the Dominion Association also fell to the lot of Sapper Davison as first grand aggregate prize; and the second aggregate, Lieut. Smith's prize, to Corporal Gillis.

3. The team representing the Association at the Ottawa meeting in September left Charlottetown in two detachments on different days, and under separate Captains. There was a lot of time lost, and considerable expense incurred for telegrams, trying to obtain railway passes or transport requisition from headquarters, but to no effect, and the first detachment left here intending to pay for its own transport.

In this connection the Council think that it is greatly to be regretted that our best men, as a rule, do not attend the annual prize meeting at Ottawa, and are strongly of opinion that some other means ought to be adopted to secure a better representation of this Association at headquarters than is sometimes available under the present mode of selection.

4. The Treasurer's statement of accounts is herewith submitted. It shows receipts from all sources amounting to \$990.40, and expenditure \$994.24, leaving a balance of \$5.84 against the Association.

The receipts from special donations and annual subscriptions for the past year amounted, together with entry fees, to \$223.20, as against \$186 for 1884, an increase of \$37.20.

5. The following list gives the number of competitors in the several matches:—

- 1. All-Comers Match..... 85 competitors.
- 2. Nursery Match..... 37
- 3. Active Militia Match, No. 1.80
- 4. " " " No. 2.75
- 5. " " " No. 3.64
- 6. Consolation " " " 12

The different Batteries and Companies throughout the District (with the exception of Nos. 7 and 8 of the 82nd Battalion) were well represented on Kensington Range.

The weather on the whole was fine, and everything was carried out in a satisfactory manner.

The Range at Kensington requires an outlay of more than the usual amount this year, as it is absolutely necessary to have some place to keep and repair targets in, and which would facilitate rifle practice, do away with a lot of trucking to and from the city, and the targets could always be kept in good order.

(Sgd.) JAMES PEAKE,
Chairman of Council.

P. E. Island Elections.

OPINIONS OF THE PRESS.

(Montreal Gazette.)

The result of the election in Prince Edward Island yesterday was a decided success for the Government, the allies of the Conservative party in Dominion politics.

After being in power for seven years, as usual during the whole time by an active and comparatively large opposition, they have, on appeal to the country, been sustained, and in the new Assembly will have a majority of at least six, and probably ten, that is to say, two to one in a house of thirty members. Their record was a good one: like the Conservative administration in this Province they succeeded to power after a period of Liberal rule had brought about a large deficit; they have greatly reduced, and have, besides, cared for the interests of the Province in a manner that has commended itself to the electors. An attempt was made by the Liberals to introduce Dominion issues into the contest, and Mr. Fielding, the proprietor of the session white elephant in Nova Scotia, visited the island to seek new converts to his policy of disintegration. He and those with whom he sought to ally himself have met defeat, complete and unmistakable, the precursor of the collapse that awaits their friends in Quebec. Secession, it is evident, has no friends in the Garden Province.

(Pictou News—Repeal.)

The election appears to have been run entirely on local issues, and the question of repeal was not before the people at all. Had it been, we have little doubt that the Liberals would have been placed in power by a sweeping majority. In steering clear of the repeal agitation, in failing to second the motion of the Nova Scotia Liberals, the leaders of the opposition lacked judgment, and this is proven by the result. There can be little doubt too that Dominion money was used to a large extent to influence the electorate. Such a blow was dealt at the Ottawa Government by the repeal victory of the 15th ult., that the saving of P. E. Island became a vital point, and every nerve was strained to keep it in the hands of Toryism. Although our enemies still hold the reins of power, they have suffered to some extent a defeat, and their outlook for the ensuing Dominion election is anything but hopeful. Let them not forget, that the last time the Island returned 4 Liberals to 2 Tories almost at the same time as the last local election.

The chief matter of regret for the Nova Scotia party, is that, in those negotiations which must take place to arrange for common action regarding repeal, Fielding and his colleagues will have to deal in P. E. I. with opposition instead of the Government, for patriotic conduct need not be expected from supporters of Canadian Toryism. This however will only serve to retard for a brief time, the progress of the repeal movement. The necessity of repeal to these three Seaside Provinces is so self evident a fact, that the people, ere long, will take the matter in hand and dictate to their Government the course they shall pursue

(St. John Sun.)

Returns from Prince Edward Island indicate that the new legislature will be Liberal-Conservative by two-thirds majority. The contest was conducted, so far as the Opposition could make it possible, on straight party lines. L. H. Davies, M. P., Hon. David Laird, Mr. Yeo and other Grit statesmen asked the electors to express their disapproval of the Dominion Government by turning out the local administration. The electors did not do this, but they turned out a few of the Opposition members and left the Government majority larger than before. Mr. Davies made some speeches in which he claimed that among the issues before the country was Reciprocity. "Vote for Peters, Morris and Reciprocity," was the most prominent appeal in the Patriot newspaper, a journal of which ex-Governor Laird is the editor. But either the electors were opposed to Reciprocity, or they held that Reciprocity could not be secured by the mere act of electing Grit legislators, or perhaps they held that while Reciprocity was good, the election of Mr. Davies' candidate was too high a price to pay for it. Charlottetown is said to have given the Liberal-Conservative candidates a majority of 150. At the last local election one of them had a majority of 60, while the other had only one vote between him and his leading opponent.

The Prince Edward Island government deserved to succeed. It is an energetic, honest and economical administration. The people are wise in keeping a government like that when they have it. The Liberal Conservative cause is greatly strengthened by the circumstance that Mr. Davies and his friends make their fight not only against good government at Ottawa but against good government at Charlottetown. How far the federal issue led to the victory of the local government we have no way of knowing, but the Grit press of the upper provinces as well as that of Nova Scotia had new Brunswick, have declared that the defeat of the Sullivan government would be a defeat for Sir John Macdonald. It would perhaps be better to wait for the Dominion election to settle that point. We cannot, however, congratulate Mr. Fielding on the success of his Charlottetown expedition. Perhaps the Liberal organization of New Brunswick, which refused to congratulate Mr. Fielding on his Nova Scotia victory, will feel better satisfied with his more recent campaign. The defeat of the Prince Edward Island commissioner of public works is unfortunate. Mr. Campbell has, we believe, been an excellent official.
