

A LOOK AT CONVALESCING PRESIDENT

President and Mrs. Johnson took a stroll Monday on the Bethesda Naval Hospital grounds. The President, thinner and moving with obvious effort, walked about a quarter of a mile. Later White House Press Secretary Bill Moyers predicted the Chief Executive's recuperation will stretch out longer than anyone thought. He underwent major surgery Oct. 3. (AP Wirephoto)

Traffic At Ports Shows Increase

OTTAWA (CP) — Ocean and lake ports handled 26,812,500 tons of freight during July, an increase of 3.6 per cent from July, 1964, the bureau of statistics reports. This brought the cumulative

total for this year about one per cent higher to 116,005,000 tons. The bureau said the commodities loaded in greatest volume in international shipments were iron ore and wheat, while the largest volumes unloaded were bituminous coal and iron ore. In coastal trade, the largest quantities carried were pulpwood and wheat.
