New York: Market advances; steels and oils lead move.

CURRENCIES

MONTREAL (CP)—The U.S. dollar closed Friday at a discount of 3 3-32 per cent in terms of Canadian funds, up 5-32. Pound sterling $2.71 15-16, up 7-16.

TORONTO

TORONTO (CP)—Prices among index issues on the stock market moved higher today amid moderate trading.

Western oils climbed 1¾ points. Golds and base metals were a shade higher on index.

Senior base metals were fractionally higher but a few stocks lost a little ground. Uraniums, golds and coppers were firm in narrow-range trading. Junior base metals had a few more losses than gains.

Western oils were ahead on average with senior issues gaining fractions. Lower-priced stocks were generally higher in a 20-cent range but a few lightly-traded issues lost as much as 15 cents.

WELLINGTON, New Zealand (Reuters)—Used car dealers are snapping up everything on the market in case the Labor party wins Saturday's general election and cuts imports of new autos. Cars are the largest single import item in New Zealand. The country imports more articles than it exports.

U. S. Banks Cut Discount Rate

WASHINGTON (AP)—Federal reserve banks in Chicago, Cleveland and San Francisco will reduce their discount rate from 3½ to 3 per cent effective Friday, the Federal Reserve Board said Wednesday.

That will leave only Dallas of the 12 regional federal reserve banks holding to the 3½ per cent rate which went into effect throughout the system last August.

The discount rate is the interest which member banks pay to the federal reserve on borrowed funds.
