Royal Bank Plans To Increase Capital

MONTREAL, (CP)—James Muir, president of the Royal Bank of Canada, announced Monday that shareholders will be asked at the Bank's annual meeting in January to approve an increase in the authorized capital of the bank to $100,000,000.

Present authorization is for $50,000,000.

If the change is approved, says the announcement, it will be the first time since 1930 that the authorized capital of the bank has been increased.

FROZEN PATIENTS

MONTREAL (CP) — Patients in future may be wheeled into an operating room "on ice" to give a better chance of survival during surgery. Dr. H. Churchill-Davidson of London, England, visiting here, said extensive studies are being conducted on how far body temperature can be lowered safely as an anaesthesia measure.

The clock tower of Auxerre, France, is the city's charter of liberty. In 1457 Duke Jean of Bourgogne granted the city the right to build a tower and to install a clock in it—as an emblem of their communal liberty. As long as they shall keep the clock in good running condition both liberty and time were to be their own.
