ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little shrub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. Feb 4 eod wkly

MR. ROBERT BROWN died at Yarmouth on Wednesday last aged 81. The Times of that town says:—"When the first Division of the Sons of Temperance was started in Yarmouth (the first in the British provinces) Mr. Brown, who had been one of the organizers of the old Yarmouth Temperance Society, joined the order and remained in it up to the time of his death. Some weeks ago we had a very pleasant interview with the old gentleman, he being then the oldest son of Temperance living in British America, and his reminiscences of the early days of the temperance agitation were read with great interest."

A FACT which even political economists are apt to forget, is that a manufacturer's rate of profit is not the only essential element to success; the aggregate profit at the end of the year is of far greater importance, and this, in most cases, is greater out of a low rate of profit, than out of a high rate, because of the increased business, which the lower price gives rise to. It was on this principle that Messrs. Tackett & Son acted in introducing their now famous "Myrtle Navy" tobacco, and to this principle they have ever since adhered. This is one of the reasons why the people of Canada are smoking the best tobacco which can be produced, at a cheaper price than other people can buy a similar article.

CADET LEZZIE MOORE, of the Gospel Army, who has been appointed to assist Captain Bartlett in Charlottetown, will arrive here to-morrow evening. She will be accompanied by Staff Captain Herbert, Divisional Officer. The following meetings have been specially arranged for during the stay of the Divisional Officer: Sundays, Knee Drill, at 7 a. m., Holiness meeting at 9.30, Special address to Christians at 4 p. m., Special address to Business men and young men at 8 p. m., On Monday morning, at 10 o'clock, at the Barracks, they will receive candidates for Gospel Army work, and at 7 p. m., a business meeting of soldiers, when the D. O. will give a sketch of the work and organization in England.

THE PARK DRIVEWAY.

Protests of Citizens.

WHAT DOES IT MEAN?

DEAR SIR,—I notice by THE EXAMINER that a movement is on foot by certain parties to have a part of the "Victoria Park" used as a driveway. What does this mean? Is it possible that the City Council or Park Committee will dare to give any person the privilege of using the Park as a training ground for their "flyers," and most likely as a race course when their horses are sufficiently trained? Victoria Park is the only place near the city where ladies and children can enjoy the sea-breeze during summer. But, if the Park is allowed to be used as a training ground to increase the speed and enhance the value of certain fast horses owned in the city, it will not be safe for them to walk in the Park at all. Such an outrage would not be tolerated in any city outside of Charlottetown. Yours respectfully, CITIZEN. Ch'town, May 11, 1886.

A MOTHER SPEAKS OUT.

SIR,—I hope the citizens will not allow our Park to be turned into a race course as some foolish person in yesterday's EXAMINER proposes. The Park was intended as a quiet, healthy resort for ourselves and our children and not a place of attraction for the rabble. Besides the danger of our children being run over by fast driving! I hope our city authorities won't allow it. A MOTHER. Ch'town, May 11, 1886.

SOME LIGHT.

A gentleman in the city writes to the Editor of THE EXAMINER:—It is a shame to think that our City Council have not manliness enough to refuse to turn the Victoria Park into a race course with all of the attendant evils. Last summer some parties made it a practice of driving their horses, in sulky, around the Park as fast as it was possible for them to go, and anyone who was driving for pleasure had to watch carefully to keep clear of the "flyers." This should not be allowed, much less to give anyone the privilege of driving on any part of the Park as they please. As far as I can learn a number of our horse buyers and jockeys decided to get a part of the Park to use for the purpose of training and increasing the speed of the horses that they speculate in, which, of course, will add to the value of their horses, but would not only be very dangerous to the lives of all who might go out to the Park to walk or drive for pleasure, but would bring together crowds of roughs, who have nothing else to do, in the Park, which would add to the danger of any respectable persons who might wish to visit there. I suppose the excuse will be made by the Council that a petition was sent in by a number of citizens to have the driveway. Even so, you know very well that there are a number of persons who will sign any petition without understanding what they are signing about. I hope you will put your foot down on the driveway scheme, and use your influence to prevent it. I was pleased to see your remarks in last night's EXAMINER.
