

LEAVE FOR SASKATOON

The members of the Montague Fire Brigade Curling team and chief of the brigade D.H. Coffin, who is team coach and manager left for Saskatoon today to compete in the Canadian Curling Finals for firemen. The team members are (FROM THE

LEFT) E.G. (Duke) MacDorald, skip; Dave Clarkson, mate; Ralph Annear, second stone; Arnold MacClure, lead. The bonspiel begins Tuesday and will end Saturday. They had previously won the Maritime championship in Moncton, N.B., and the right to

represent the Maritimes in the Dominion Fireman's finals. Previous to leaving for Moncton by car the team and coach expressed their thanks to the citizens of Montague and surrounding area for financial assistance.

highways are gradually melting away with the approach of summer and the growing warmth of the sun's rays. Although secondary roads are still lined with white fringes on both sides, snow is melting quickly and water is running freely across the Trans-Canada Highway and other main Island arteries.

Sloping lawns around Charlottetown which are exposed to the rays of the sun are virtually clear of snow and bulbs have been emerging from flower beds. The Charlottetown Radio range reported light rainfall last night with 0.3 of an inch of precipitation measured since 8 a.m.

Gold Seal Certificate Issued George Boswell

A Gold Seal certificate issued to George Boswell for production of 121,270 pounds of milk by his "Blackadder Duchess," and a production total that ranks second in Canada for the month, by a cow owned by W.A. Moase and Son, Kensington RR, are two of the highlights for Prince Edward Island cattlemen in the current listings by the Canadian Ayrshire Review.

The Moose cow, Cloverview Jo Anne, actually produced the highest quantity of milk in her class in Canada for the month, though the cow placed on top of her had nine pounds more butterfat.

Jo Anne produced 14,445 pounds milk, 571 pounds butterfat as a senior four-year-old. Her breed class averages were 170 for milk, 163 for fat. The R. R. Ness cow from Howick, Quebec that was rated at the top of the class produced only 13,436 pounds milk, which is 909 pounds less than the Moose heifer.

Others placing well up in the four year old class included two Charlottetown Experimental Farm heifers. Gay Ruth produced 10,892 pounds milk, 505 fat for BCAs of 128 and 144 and Dairy Ruby 11,757 pounds milk, 492 fat for BCAs of 138 and 140. Other production records established include:

In the mature class Raedale Janice 12,219 pounds milk, 592 fat, BCAs of 142 milk, 168 fat for A.B. and Fred T. MacRae, Union Road, Charlottetown RR; Charlottetown Burr Niece 12,374 pounds milk, 547 fat, BCAs of 141 and 154 for The Experimental Farm; Fairvue Burton's Queenie 10,819 milk, 440 fat, BCAs 123 and 124 for A. MacRae and Son, Charlottetown RR.

Lincoln Dewar Addresses Group

Milk producers will probably receive an average of 85 cents per pound butterfat, J. Lincoln Dewar, New Perth told a farmers-meeting at Cardigan Saturday night.

The New Perth farmer was speaking at the meeting which organized a new potato farmers association. Mr. Dewar said if the federal government supports milk at \$4.00 per hundredweight farmers sending cream will likely be paid about 15 cents per pound, butterfat more than last year when they received 70 cents per pound.

The era of dairy surpluses in Canada is over, said the New Perth man who predicts higher prices in the days ahead.

A scarcity of labor in Ontario, particularly, is causing a large decrease in dairy production with many large herds being disposed of, Mr. Dewar reported. George MacDonald, St. George's said that Kings County is deficient in cattle numbers.

Mr. Dewar said cattle numbers are unlikely to decrease unless there is more money for milk, and more grass to feed the cattle.

SECOND SEAL DISCOVERED

A second seal has turned up many miles from the sea with the latest one being found on the property of Stephen McKearney, St. Marys Road East.

While playing on Saturday afternoon Benny McKearney was surprised to see the seal. He said when he approached it the creature would try to bite him but he was able to get quite close to it without any harm. He had his mother notify the RCMP detachment at Montague and have the seal removed to open water. This he noted was no easy task as the weight of the seal would be in excess of 100 lbs.

CAN'T BE IMPOSED TORONTO (CP) — Education can't be imposed on illiterate adults, Dr. R. Lee Henney, a United States educationist, said Saturday. He told a press conference it was "cruel" to teach an adult reading, writing and mathematics without providing better opportunities through simultaneous skilled job training.

Course Plans Are Finalized

KINKORA — A meeting to finalize plans for a standard first aid course to be held in Kinkora Regional High School auditorium March 23 was held recently at the home of Mrs. John Myers, chairman of Carleton Siding women's Institute Safety Council.

Albert Stairs, first aid supervisor for Prince County, was present at the meeting and outlined arrangements for the course.

Mr. Stairs informed the meeting that 10 qualified first aid instructors from Prince County were available to give instructions during the course.

Conducting the lectures for the course will be Mrs. Evelyn Cudmore, director of first aid and water safety, Provincial Red Cross Society, and Sinclair Cutcliffe, provincial field supervisor, for the Red Cross.

The six-week course is open to the men and women over 16 years, from 22 communities surrounding Kinkora.

Present at the meeting were Robert Shea, chairman of civil defence, Kinkora; Mrs. Cook Howatt, Mrs. Donald Sutherland and Mrs. James Paynter and all members of Carleton Siding Women's Institute Safety Council.

Ayrshire Bulls Gain Mention

Two Ayrshire bulls owned by Almon Wood and Sons, Little York won honorable mention in the All Canadian competition, it is revealed in the current issue of the Canadian Ayrshire Review.

Donholm Victory's Woody won honorable mention in the yearling bull class, and East River Dairy King won honorable mention in the class for bull calves.

The Woody bull was the first prize senior yearling bull and the grand champion Ayrshire bull at Charlottetown last August. He was the second prize yearling bull at the Atlantic Winter Fair, and the bull that beat him went on to become the grand champion, and took the grand championship at the Royal Winter Fair, Toronto a couple of weeks later.

Woody's mother, Donholm Supreme Candy, was reserve grand champion Ayrshire female at the Royal last fall.

East River Dairy King was first prize bull calf and the reserve junior champion at the AWF last year. His dam, East River Fancy Girl, was the grand champion Ayrshire female at Charlottetown last year and she stood third for Canada among a list of "production stars" released early this year. Her production was slightly more than 15,000 pounds milk and her combined breed class average for milk and fat was 185. Mr. Wood told The Guardian.

Dairy King's sire, Donholm Betty's Star was classified Excellent, which is tops for conformation, it was learned.

Ice Conditions Are Deteriorating

The Charlottetown detachment of the RCMP last night advised all people to keep clear of river ice which has been deteriorating in the past few days under mild weather conditions.

Salt water ice is reported unsafe to walk on and ice on fresh water ponds is becoming unsafe due to lack of freezing weather. Winter horse racing on the ice at North River causeway has been discontinued because of

patches of rotten ice. The last race of the winter horse racing schedule was held Wednesday at North River.

An ice racing program was scheduled to be held on the causeway ice Saturday, but was postponed when two horsesmen fell through ice in the car parking area of the track on North River causeway.

Edwood Shaw, Charlottetown, last night said he and four men were checking ice conditions at 11 o'clock Saturday morning for possibilities of holding a race that afternoon.

Mr. Shaw stated that he and Harold Proud, Charlottetown, broke through the ice surface in deep water near the racing area.

Although there was lots of ice on the track there was slush covering other areas concealing open water, he said.

The two men were assisted out of the water by Wendell Proffitt, Charlottetown; Ivan Sentner, Springvale, and Grant MacLeod, Charlottetown.

Mr. Shaw stated that he and Harold Proud, Charlottetown, broke through the ice surface in deep water near the racing area.

BRIAN WALSH

Brian Walsh Is Selected

Brian Walsh, 14 Spring Park Road, is this week's Guardian-Patriot newsboy of the week. Twelve years old, Brian is a grade 7 student at Birchwood Junior High.

About a year ago Brian became a Guardian carrier so he could buy himself a bike; he charged the bike and paid for it out of his weekly earnings from delivering papers. He now delivers 66 Guardians a day.

Brian is a sports fan who likes basketball, hockey and baseball, with basketball his favorite. His favorite sports star is Bobby Hull. His hobby is building model airplanes, and he has about ten in his collection.

Although there was lots of ice on the track there was slush covering other areas concealing open water, he said.

The two men were assisted out of the water by Wendell Proffitt, Charlottetown; Ivan Sentner, Springvale, and Grant MacLeod, Charlottetown.

Borden RCMP Investigating

SUMMERSIDE — The members of the Borden RCMP detachment are investigating what is reported to have been a deliberate attempt to set fire to the Lions Club building in Albany.

The attempted act was committed late Friday night or early Saturday morning and was reported to the RCMP at approximately 9:30 a.m. Saturday.

The attempt was confined to the club room where members only are allowed. A curtain was burned and a pile of papers had been ignited alongside the cup-rook wall. The flames apparently died out before gaining headway.

Entry into the building was gained through one of the windows.

City Police Report Mishap

The City Police Department reported a two car collision that occurred at 8:30 Saturday night on Grafton Street, in front of Prince of Wales College.

The cars reportedly involved were a 1963 Ford owned by Robert A. Whiteway of 32 Roper Drive and a 1961 Valiant driven by Joseph Vernon Blanchard, 265 Euston Street.

Mr. Whiteway's car was parked on the north side of Grafton Street at the time of the collision. The other vehicle was proceeding west on Grafton.

Robert Whiteway's vehicle received damage to the left rear fender, nickel and light. Mr. Blanchard's car received damage to the right front fender and bumper. There was no estimate of costs available and there were no injuries reported.

Ross Vehicle Leaves Road

SUMMERSIDE — A 1965 Mustang driven by Robert Ross Anderson of RCAF Summerside was extensively damaged when it left the road at DeSable late yesterday.

The accident occurred at approximately 5:45 p.m. After leaving the highway the vehicle struck a hydro pole and rolled over.

The driver along with three other occupants suffered no serious injuries.

The accident was investigated by the Borden RCMP detachment.

It was also learned that the other vehicle had left the road earlier in the afternoon almost directly across from the scene of the Anderson accident. However, there was no further information available at press time.

WESTERN BRIEFS

EXTENSIVE DAMAGE — A 1954 car driven by William Harry MacNeill, O'Leary and a 1938 automobile driven by Kaye Eugene Frizell, also of O'Leary were extensively damaged in a collision Saturday night. The accident was investigated by Al-ber-ton detachment of the RCMP.

IN COLLISION — Approximately \$700 damage was sustained by two vehicles in a collision at the intersection of the Sherbrooke Road and Granville Street Saturday afternoon, in Summerside. The accident occurred at approximately 3:00 p.m. A 1955 half ton truck driven by Charles Elmer MacFadyen of Portage and a 1963 car driven by John Allison MacIntosh of Summerside. There were no injuries reported. The accident was investigated by the local RCMP.

It was also learned that the other vehicle had left the road earlier in the afternoon almost directly across from the scene of the Anderson accident. However, there was no further information available at press time.

The accident was investigated by the Borden RCMP detachment.
