ANOTHER FOOLHARDY ATTEMPT.—Captain W. A. Andrews, of Boston, who with his brothers crossed the Atlantic in 1878 in the 13-foot dory Nautilus, will make a similar effort this year in a dory less than 15 feet, now being constructed, starting from Boston on June 17. His craft will be exhibited at the expositions in Belgium and France in 1890.

A VALUABLE YOUNG HORSE.—The entire colt "Lawyer," raised at the St. Dunstan's College farm, sired by Barrister, dam the "Carey Mare," rising three years old, and advertised for sale, has been purchased at a very handsome figure by Gilbert DesRoches, Esq., merchant, of Missouche. This horse is pronounced by competent judges to possess the qualities of an excellent stock-getter.

SUDDEN DEATH.—A shoemaker named Robt Bastie, residing on Queen Street, Halifax, awoke the other morning feeling unwell, although he had retired in good health, and asked his wife to get him a drink of water. She did so and he laid down again. Shortly she discovered that he was dead. The deceased was 65 years of age. A coroner's jury returned a verdict of death from natural causes.

INSTRUCTING THE JURY.—The jury in the Prepper murder trial, which has been in progress in Halifax for some time past, attended service in Grafton Street Methodist Church there on Sunday morning, and the pastor, Rev. W. C. Brown, instead of preaching a sermon, addressed himself to the jury, advising them that if there was any doubt in their minds as to Prepper's guilt, they ought to bring in a verdict of "not guilty." The judge strongly condemned the conduct of the preacher on Monday, and he has run a narrow escape in not being brought up for contempt of court.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural quiet sleep by relieving the child from pain; and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind mar 8 and 4 wky

ATTEMPTED TO BURN A JAIL.—Nellie Taylor, who is finishing a sentence of nine months in jail at Dorchester before being sent to Kingston penitentiary for seven years, made a determined attempt to burn the jail on Saturday evening. With coal from the stove in her cell she started a fire against the door, but it was discovered and after much opposition from her, extinguished. She then started another fire on a large scale with papers and books in the corner of her cell, but it also was choked before serious damage was done. The stove was removed from her cell and she now has to make the best of it this cold weather without a fire. Deputy Sheriff Wilson was called in and had to put handcuffs on the girl to prevent her doing serious injury to herself and others. The general opinion, is that the girl is crazy and should be removed to some place where she can be more strictly looked after.—St. John Telegraph.

DOMINION PARLIAMENT

DEBATES AND PROCEEDINGS.

The Speaker's Action Criticised Another Vote Taken.

OTTAWA, April 11. To-day, after routine, Mr. Laurier moved his resolution, declaring the dismissal, by the Speaker, of the translators of the debate, to be illegal and beyond the power of the speaker. He spoke at length in support of his motion. He was followed by Mr. Chapleau in defence of the Speaker's action. Mr. Mills moved in amendment to Laurier's motion that the Speaker's action was not only illegal, but was unfair since the other translators who had used equally violent language had not been dismissed. This led to the debate taking a general turn and at six o'clock it was still in progress. The debate on the Laurier motion was resumed after recess, and continued until nearly 2 o'clock in the morning, when Sir John moved an amendment to the amendment that the Speaker's action was perfectly legal and proper. A division was taken resulting in the adoption of Sir John's motion—113 for, 61 against, majority 52.
