A Strange Revenge.—Many devices have been made known whereby a discarded lover has avenged himself on his successful rival, but none of them has equalled in unique originality that of the Michigan jilted one, who waited at a window in the upper story of a house until his hated successor passed, and then threw a lasso over his head, drew the noose tight and hauled the astonished victim from the sidewalk and held him kicking there in danger of strangulation until he was released by some witnesses of the act. But even this display of the agony her desertion caused him did not induce the fickle maiden to smile favorably on him again, nor to relieve his suspense. In fact, it was the other fellow who suffered suspense.

DIED.

At Highfield, on Sabbath, 18th August, John Darrach, second son of Hugh and Catherine McKinnon, in the 22nd year of his age.

I cannot say, and I will not say,
That he is not dead—he is just away
With a cheery smile and a wave of the hand,
He has wandered into an unknown land,
And left us dreaming, how very fair
It needs must be, since he is there.

And you, O, you! who the wildest yearn,
For the old time step and the glad return,
Think of him as faring on as dear
In the love of there as the love of here
Think of him still as the same, I say
He is not dead—he is just away.

At the Ramblers sports at Halifax, on Saturday, G. H. Laidlaw won the half-mile open in 1.09 1-5, lowering the maritime record. Laidlaw also won the one mile open in 2.24 1-5. In the one mile, 2.40 class, Ralph Smith won in 2.31 4-5; in the half mile, 1.20 class, Frank Butler was the winner in 1.21¼. Jost won the two miles open in 5.14¼. S. H. Cameron took first in the five miles open, beating the Maritime Province record. His time was 13.11. Nat Butler, of Boston, and Harley Davidson, the Canadian champion, raced a mile. But they made such a poor showing, that they were hissed. Davidson won in 2.27. Butler's record on the same track last year was 2.14 4-5, and Davidson's 2.13. Subsequently Butler gave an exhibition mile, flying start, with pacers, in 2.08½, the fastest time ever made on a Canadian four lap track. Davidson failed to respond to calls for a similar performance.

All who intend taking part in the Labor Day races put in some hard practice at the Park last evening. The wheelmen and runners were going against the watch, and some very fast time was credited. The hose reel teams had their first spin with the reel, and made fair time. This being the last week of practice, the boys are training harder than ever.

Four worlds' records were broken at the State L. A. W. races, at Denver, on Saturday as follows: One mile, class B, unpaced, A. B. Hughes, 2.10, beating record by two seconds; one mile, novice, class A, Radalsoll, 2.05 2-5; half mile, class A, competition, C. C. Collins, 1.01 4-5; five miles, class A, competition, F. C. Lawton, 11.50 1-5.

Last week at the Paris, Buffalo track Gugoltz beat the world's record for one mile, unpaced, with flying start. He did it in 2 mins. 4 4-5 second, which is indeed a good performance.

At Calford grounds, London, on Saturday J. W. Stocks rode 122 miles 560 yards in five hours, establishing a new record.

John S. Johnson, paced by two tandems, rode half a mile in 52 2-5 seconds on Friday last at Rochester, N. Y.

Athletic.

A three-quarter mile running race at Traverse Island, New York, on Friday, under the auspices of the N. Y. A. C., was won by T. P. Conneff, C. J. Kilpatrick was second and George Orton third. Time, 3.02 4-5. This performance beats the world's record of 3.07, made by Conneff in Boston in 1893, but the Amateur Athleic Union authorities will hardly recognize it, as it was not done in open competition.

The Turf.

At Rochester, N. Y., on Thursday last, Alix tried to make a fast mile, but stepped on a soft part of the track and could only make it in 2.09¾.

GENERAL TELEGRAPHIC NEWS.

London, Aug. 25.—The schooner Elizabeth, from St. John's, Nfld., for Cadiz, has arrived at Falmouth with the captain and crew of 11 men of the Swedish bark Alex, from Liverpool for Charlottetown, P. E. I. which was abandoned in a leaking condition August 15th, in latitude 47 N., longtitude 30 W.

Rochester, N. Y., Aug., 25.—One of the greatest labor struggles ever waged between employer and employe in this city began last night, when one thousand members of the United Garment Worker's association went on strike. Unless the bosses concede to their demands before tomorrow the finishers and button-hole workers, numbering one thousand, are said to be ready to go, and the difficulty will affect 8,000 laborers. The principal demands are as follows: That none but union help be employed in the tailoring shops; second, that wages be paid at the end of each week, Friday to be the end of each week for Jewish help and Saturday for christian help; fifty five hours shall constitute a week's work.

London, Aug. 25.—With the continued influx of gold, the rates for money have again slackened, and from the same cause gilt-edge stocks have advanced, but the exception was the mining market. Foreign railroads were quiet. American securities are better, especially the bond issues, which were in good demand at advance in prices. Shares were neglected, but the anticipated Erie and Reading reorganization schemes will, when issued, improve matters. Eries have been sold on a basis of $12 assessment. Grand Trunks have been better on better traffic prospects. Advances have been as follows: Illinois Central, 2; Chicago, Milwaukee and St. Paul and Lake Shore, 1½. Other movements were fractional.

St. John, Aug. 26.—The fiftieth annual convention of the Maritime Baptists opened here on Saturday, Rev. Dr. Saunders presiding. The report of the board of governors of Acadia college sets forth that the past year was free from trials and discouragements; that the enrolment of students last year was 122 and that work had been prosecuted with diligence and vigor by both faculty and students. There was, however, a deficit for the year of $200. The total accumulated deficit is now about $7,900. It is proposed to make a direct appeal to each church through the convention for proportional part of the indebtedness. The executors of the estate of Mark Curry have given notice that they cannot continue the payment of $1,200 per annum, which Mr. Curry had donated to the chair of history and political economy previous to his death. The next Convention will be held at Berwick.

Winnipeg, Man., Aug. 25.—Sir John Schultz is at Banff, in consultation, it is understood, with Sir Mackenzie Bowell in regard to the school question. It is believed that Sir John has reached an agreement with the Greenway ministry, which, if acceptable to Premier Bowell, will be ratified at once. It is not true that in consideration of these efforts to bring about a compromise, Sir John has been promised a second term. What he has been promised no one here knows. Without doubt, Hon. Mr. Patterson will be here very shortly to take up his residence at government house. True, there was a local feeling against the appointment of an easterner as governor, but this feeling has been much allayed by the announcement that the popular Mr. Scarth has been well provided for. He becomes Dominion land commissioner here on the first of September, the present commissioner, H. H. Smith, being transferred to Ottawa.

Bicyclists.—The Great Bicycle Tournament is drawing near. We hope that it will be a fine day and prove a success in every sense of the word. But in case of rain, provide yourself with one of the Bicycle Waterproof Suits to be had at the McKay Woollen Co.
