WEDNESDAY, Sept. 24.—Seventy-five Bishops—British, Colonial, and American met (September 24th, 1867) at Lambeth Place, the residence of the Archbishops of Canterbury, and where Simon of Sulbury (1381) was beheaded by the followers of the rebel Wat Tyler, who afterward burnt the furniture and books and destroyed the register and public papers. The popular name of this conference is the Pan-Anglican Synod. It issued an address, published some resolutions of a very general character, and formally closed on the 10th of December, the same year.

THE Toronto *World* says:—It is not unlike a little bird tells us, that the Premier of Canada will be raised to the peerage with the title of Lord John Macdonald.

ATTENTION is directed to the public meeting to be held to-morrow evening. It is hoped that the "repealers" will put in an appearance, and that the discussion will be lively. No doubt there are two sides to the question. Ladies are invited.

By cablegram to Peake Bros. & Co.:—Bark Moselle arrived at Liverpool on the 22nd inst.—twenty-one days passage. This vessel will immediately go on the berth and load for Charlottetown, to sail about the 1st of October, so that Island merchants would have ample time to cable.

A CITIZEN complains that night after night he and his family are disturbed in their rest and annoyed by horses tramping about in front of the house. This is the greater nuisance from the fact that one of the persons in the house is very ill. He desires THE EXAMINER to call the attention of the police to the nuisance.

THE steamer Coban arrived here to-day, from Montreal, with merchandise and the following passengers:—Mrs. R. B. Stewart, Miss Mayo and Mr. L. M. Poole. She sails to-morrow for St. John's, Newfoundland, and will take a full deckload of cattle and sheep, besides other freight.

THE schooner Lillian Bourke, Capt. McInnis, owned by G. R. A RAILWAY CONDUCTOR HEARD FROM.—Advices from the East, dated 23rd Sept., gives us the intelligence that Conductor Hibbett has been very successful during his holidays, having bagged yesterday 16 black ducks, 23 brace of snipe, 19 brace of plover, 3 crows, 1 crane, 4 muskrats, 2 wild geese, 1 owl, 7 bittern, and 8 brace of partridge. We congratulate our friend on his good luck; and would recommend Professor Earle to look to his laurels, and Prince County to wake up.

ORDINATION.—The Presbytery of P. E. Island will meet in Georgetown, on Thursday, 2nd October, at 2.30 p. m., to hear Mr. W. H. Spence's ordination trials, and at 6.30, same day, for his ordination and induction into the pastoral charge of the congregation of Georgetown and Montague. The above service was appointed to be held at Montague Bridge, but on account of painting and other repairs which the church there is undergoing, the ordination will take place in the church at Georgetown.

AN entertainment, under the patronage of His Honor the Lieutenant Governor, for the benefit of the Queen's County Rifle Association, will be given by the Hazle Ryerson Company in Market Hall this evening. This Company have already given three entertainments in this city, which have been largely attended and highly appreciated. As the entertainment to-night is for the benefit of a worthy Association, we hope to see it well patronized. The Military will be in attendance in uniform.

AN IMPORTANT ITEM.—Mr. John McKenzie, of Summerside, was in town a few days ago. We understand that he called at the Post Office and, meeting the Postmaster, asked to see Mr. M. His request was at once granted, and Mr. M. was called in, when, we understand, Mr. McKenzie delivered himself about as follows:—"My Dear Sir,—I have been deputed by my fellow-townsmen to convey to you their congratulations on your recent appointment to a clerkship in this office. Our people, irrespective of creed or party, are particularly gratified that your qualifications as a newspaper correspondent have thus been fittingly recognized. It is men like you who are the backbone of this great and grand Dominion of ours. I have only to say that I have great pleasure in adding my own congratulations to those which I have just delivered." The new appointee appeared to be struck dumb at such unexpected flatteries, and failed to reply. In the midst of his wonder, our genial friend from Summerside bowed himself out, feeling highly pleased with the success of the deputation. It is stated that Mr. M. could not bear up under the feelings with which this message inspired him, and was afterwards seen on the streets possessed of a black thora and a pair of number sixteen pedal coverings, eagerly seeking an interview with the ambassador. We have not heard with what success.

WEDDING BELLS.—An interesting ceremony took place in the Methodist Church, Prince Albert, on the afternoon of Wednesday, 20th inst., when Rev. R. L. Ockley, of Madoc, led to the altar Miss Fannie, youngest daughter of George Bates, of Prince Albert. Rev. Mr. Dobson, pastor of the Methodist church, Prince Albert, performed the ceremony, assisted by the Rev. J. F. Ockley, pastor of the Methodist Church, Port Perry, brother of the groom. Wm. A. Ockley, of Parkdale, brother of the groom, acted as groomsmen, while Miss Annie Neving, of Owen Sound, was the bridesmaid. The fair and amiable bride is a favorite with all her acquaintances, and the large number of valuable wedding gifts presented to her was a tangible manifestation of the respect in which she is held. Perhaps one of the most precious gifts was a very handsome Bible from her Sunday School class, which she has taught with much success for two or three years. At the close of the ceremony the congratulations offered to the young couple were general and hearty. Quite a number accompanied them to the trains, wishing them all possible success and happiness in this life.

ELECTRIC GLOSS.

FOR cleaning Solid Silver, Nickel, Brass, Copper and Plate Glass. Quick! Sure! Permanent! No dirt, no trouble, no labor. Being entirely free from grit and acids, it cannot injure the most finely burnished surface. It is the only preparation ever produced that will polish brass or copper without the use of acid. Nothing approaches it for removing grease and finger marks from Brass, Copper, Glass, etc.; while for cleaning Nickel or Stoves it is especially useful. Retail price, 25 cents per bottle.

MICA WASH.—This wash is the only thing of the kind ever invented. A stove may be as handsome as a jewel and shine like ebony; but smoked mica lights will spoil it all. Day by day mica becomes scarcer and higher in price, and an article that will clean and preserve it is valuable to all concerned. Try this wash once, and you will always use it. Retail price, 75 cents per bottle.

The above household necessities are manufactured by The Electric Gloss Co., Philadelphia, U. S. A., and sold by every respectable Drug gist, Stove Dealer, Hardware Merchant and General Dealer in Canada. The Canadian trade supplied by JOHN T. REED, 105 Water Street, St. John, N. B. Aug 6—6m eod
