In addition to this he had, on the 10th inst., another scholarship awarded to him worth £200 sterling, or \$1,000 per year, for two years, with the privilege of studying in any University in Europe. This scholarship is known as "The Hibbert Scholarship," and is open to Graduates of any University of Great Britain or Ireland, and is given, not by examination, but in virtue of work done in the past—University successes, &c., and on the strength of testimonials from those who know the applicant. This is the fifth Scholarship of which Mr. Schurman has been made the happy recipient hitherto—beginning with the Prince of Wales Scholarship for Prince County, P. E. I.

A MEETING of the City Council was held at noon to-day. The principal business transacted was the final settlement of the agreement of contract with Mr. John Sinnott for the extension of Pownall Wharf. The Report of the Wharf Committee in regard to the completion of the extension was read. It was satisfactory to the Council and the contractors, and the balance due Mr. Sinnott on the contract, amounting to something over twenty-two hundred dollars, was ordered to be paid. The Pownall Wharf at present is incomplete. The extension stands in an elevated position, so that a horse cannot ascend with more than half a load from the old wharf to the extension. The sides of the extension and about one hundred and fourteen feet at the sides of the old wharf have been dredged with a view of extending the present breadth of the wharf on piles. Up to to-day the Council had taken no action in the matter. A letter was read from Messrs. Sinnott and Callaghan, offering to complete the wharf in the most substantial manner on piles, and raise the old wharf to the present length of the extension, for the sum of fifteen dollars per foot—which means one foot in length and one hundred feet in breadth. A committee was appointed to confer with the gentlemen regarding this matter, after which the meeting adjourned till Saturday evening.

THE CONGRESS.

HORRIBLE TRAGEDY.

The St. John Boat Race.

Special Despatch to Examiner: LONDON, July 24.

The Times' leading article says:—"There appears every reason to believe that the approval expressed of the work of the Congress at Berlin will be confirmed by the mature judgment of all impartial critics. The passing irritation which has been so intemperately expressed in Italy is evidently discountenanced, not merely by the government and the best men of the country, but by the better judgment of the nation. It is rebuked everywhere else, and will doubtless soon give way to more just views. From the other countries we receive evidence of increasing satisfaction, and the hasty rhetoric which assumed that every other nation was offended by the course we had taken is likely to be promptly refuted."

A letter from Constantinople gives a stirring account of the heartiness with which the people of Turkey have welcomed our occupation of Cyprus.

Gambetta says he cannot be classed among these who are adversaries of the work of the Berlin Congress.

OTTAWA, July 24. A horrible double tragedy occurred this morning near the village of Rockford, Ont. George Smith, a farmer, and James Smith, his eldest son (a young man about twenty-one years of age), had a dispute over some money, when the latter attempted to murder his two sisters and brother, desparately wounding the former. He then murdered his father outright by smashing his head with a club.

ST. JOHN, July 25. The wind is blowing hard, and the water is rough. A large crowd present to witness the race, but it is not likely to come off this afternoon unless the wind goes down before six.

The Great Sculling Match Between Ross and Hanlan.

To-day between three and six o'clock p. m., is the time appointed for the great sculling contest between Wallace Ross, of St. John, and Ed. Hanlan, of Toronto. The race will be over a five mile course, and the amount in dispute is \$2,000 a side. The struggle is expected to be the most exciting that has ever taken place in America. The question as to what time will be made is being warmly discussed by St. John boating men as well as by the devotees of boating that have arrived in town during the past few days. Yesterday the rumor was started that Hanlan had covered the five miles in 34:12, but few credit this report. A few days ago it is said that a Toronto gentleman, on being informed that Ross had covered the course in 35:40, offered to bet any amount that the man rowing the race in that time would be the winner, which statement, coming as it did from one who should know Hanlan's time, is considered pretty good evidence that Hanlan has not made the extraordinary good time mentioned above. Yesterday afternoon the American steamer brought to this city a great crowd of sporting men, most of whom belong to the United States. It was interesting last night to hear the discussions between the new arrivals and St. John men. The general opinion among the strangers is that Hanlan will win. Nothing but the boat race was talked of about town last night.—St. John News.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means for enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worried out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and Liver Complaint are the direct cause of seventy-five per cent. of such maladies as Bilioessness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10 cents. Try it.

JOB PRINTING Neatly and Promptly Executed at the EXAMINER Printing Rooms, Water Street, Charlottetown.

A Bye-Law for Levying an Assessment on Real Property in the City of Charlottetown.

(Passed by the City Council 19th July, 1878.)

WHEREAS, it is necessary and expedient to pass a By-Law for the purpose of levying an Assessment on the rental of Freehold and Leasehold Property in the City of Charlottetown, for City and School purposes, for the current year ending on the twenty-sixth day of May, in the year of our Lord one thousand eight hundred and seventy-nine,—

Be it therefore enacted by the City Council of the City of Charlottetown as follows:—

1. There shall be paid by the occupants or owners of Freehold or Leasehold Property within the City of Charlottetown, for City and School purposes, the following sum, that is to say, the sum of Twelve Cents on every Dollar of the rental for the current year ending on the twenty-sixth day of May, in the year of our Lord one thousand eight hundred and seventy-nine, according to the valuations entered against the names of each and every person in the Valuation Book of Real Property made by the Assessors of the City of Charlottetown, and returned by the said Assessors to the said City Council on the twelfth day of July, in the year of Our Lord One Thousand Eight Hundred and Seventy-eight.

2. In cases where the occupant named in the Assessment Book of real property, made by the said Assessors of the City of Charlottetown, shall have left the premises so assessed before the time of giving the notice of assessment required by law, such notice shall be served upon the person or persons actually in possession; and, if the premises be vacant, then such notice shall be served upon the owner or owners thereof, or his or their agent; and such owner or owners shall be deemed, for the purposes of this law, the occupant or occupants in the Assessment Book of Real Property made up by the said Assessors of the said City, and deposited with the City Clerk, subject to the same right of appeal as the person or persons originally assessed was or were entitled to.

3. In cases where tenement houses containing two or more occupants, and where either the owner or one occupant was originally assessed, the City Collector shall have power and authority to divide and apportion such assessment between the several occupants in proportion to their several or respective rents, in order that the notices for assessment may be served on such occupants in due form.

SYDNEY COAL.

REDUCTION IN PRICE!

NOTICE TO THE PUBLIC!

THE GENERAL MINING ASSOCIATION (Limited) beg to intimate to the Public that the price of SYDNEY COAL has been

Reduced to \$2 per ton of 2240 lbs., a price which it is hoped will place it within the reach of all consumers.

The opening of the new winning at "THE SYDNEY MINES" and the fact that the SYDNEY COAL now being shipped is all from the DEEP taken in connection with recent improvements in the process of screening, affords purchasers a positive guarantee of the very superior quality and condition of the SYDNEY COAL now offered for sale.

It is a well-known fact that for many years past the prices of other Cape Breton coals have been regulated by the rates fixed for SYDNEY COAL; but while it is true that other coals, to get a sale at all, have been pressed on the market at various prices under the current rate of SYDNEY COAL, it is no less true that, taking into account the superior lasting qualities of SYDNEY COAL when compared with other Cape Breton coals, the advantage, both as to economy and convenience, is in favor of SYDNEY COAL, even at a much higher price.

The General Mining Association (Limited) regret that they should again have to caution the Public against the attempts being made from time to time to induce them to buy inferior coals purporting to be "EQUAL TO SYDNEY," "SUPERIOR TO SYDNEY," etc., etc., while some yet more unscrupulous vendors have not hesitated to advertise their coal as SYDNEY COAL (from some designated locality). All these efforts to sell coal by such means are only so many admissions on the part of those who make them of the STANDARD character of SYDNEY COAL.

It has come to the knowledge of the Association that in frequent instances parties giving orders to truckmen and others for SYDNEY COAL have been furnished with other and inferior coal. The Public are cautioned against permitting themselves to be imposed upon in this way.

Every vessel loaded at THE SYDNEY MINES is furnished with a certificate of her cargo being Sydney Coal. Parties purchasing should satisfy themselves by demanding the production of this certificate.

The "Sydney Coal" is registered under the laws of the Dominion, and unauthorized parties using the Trade Mark "SYDNEY COAL" are liable to prosecution.
