What to Wear and Where to Buy?

Our display of novelties and our general stock of ladies' furnishings this spring, will, we believe, be found of unequalled attractiveness.

The new Dress Goods are woven in both neutral and decided tints. Plain colored Cashmeres will be in much demand and we have selected twenty-five exquisite colorings, several of which are specially adapted for evening wear.

Not for many years has there been so large and varied an assortment of trimmings worn. We have endeavored to secure the choicest novelties with a result that needs only to be seen to be appreciated.

Silks for evening wear have received our most careful attention. We show a nice range of the popular "on-dine" silk and the leading shades in "crystal" silk.

ments, sent on approbation, and not kept, within 2 hours.

In Millinery we may truly say: this is an exceptional season; anything and everything may be worn, if it be becoming. Hats are largely trimmed with flowers, laces, velvets and feathers.

Colored veillings divide the honors with blacks and many new styles are shown at our lace counter.

The "Chicago" Kid Glove is a great favorite, and we also show a nice line of Gauntlet Gloves at 75c.

The Fur and Silk Skirting are in great demand.

The new figured lawns are very pretty. Coma Cloth is a novelty for outing dresses.

In Cape Jackets the butterfly and batwing effects lead. In Embroidered and braided jackets we show many elegant models in all sizes.

Our black Dress Goods Department is stocked with the largest variety as well as with the best value ever shown by us.

On our counters are several really wonderful bargains in Hosiery—Notice for example our 25c Black Cashmere Hose.

"Reliable Goods at Reasonable Prices" is our motto and we attribute our growing success to the fact that we keep the quality up.

This season our prices will be found especially low. We solicit the favor of your patronage.

very low as we bought very largely before the recent heavy advance in price.

The variety of Capes and Jackets now showing in our Mantle Department is almost bewildering.

We doubt if any house in Canada shows a larger or finer stock. The fact of our being such large buyers of these goods enables us to secure many astonishing values.

No words of ours can give you a correct idea of the many and charming models shown by us.

Perhaps you may glean a small idea from the fact that we show 300 different styles of Capes, Jackets and Wraps. Every previous Show made by us in this department is completely eclipsed.

We ask particular attention to the fine finish and perfection of style in our garments. We show this spring for the first time Mourning Wraps and Jackets. As we have many models of which we show only one garment, ladies are requested to return gar-

ments, sent on approbation, and not kept, within 2 hours.

In Millinery we may truly say: this is an exceptional season; anything and everything may be worn, if it be becoming.

Hats are largely trimmed with flowers, laces, velvets and feathers. The new Goffered Lace is a novelty. Fancy Trimmed and Gauze Laces are very fashionable.

Our variety of frames and Straw Hats is the finest we have shown for many seasons. Our London models will be found very stylish and we are prepared to trim all orders in the latest modes.

The new colors are emerald, moss and various shades of violets.

Colored veillings divide the honors with blacks and many new styles are shown at our lace counter.

Local and Other Items.

SEE BEER BROS. COAST

I. O. O. F.—Wildey Lodge meets to-night at 8 o'clock. Full attendance requested.

FOOTBALL—All members of the Junior Abegweit are requested to meet at Victoria Park this evening at 6.30.

A W. C. T. U. CONVENTION will be held in this city on the 18th of May. Public meeting in the evening.

A VALUABLE CATCH.—The sealing steamer Newfoundland has arrived in Halifax. Her catch is worth between \$20,000 and \$30,000.

OUR STAMPEE GROUND.—Judge Tukey, of Chicago, in a speech the other night, described newspaper men as "sleepless sentinels upon the outposts of freedom and civilization."

DROWNED.—Capt. Campbell, a native of North Mountain, West Bay, C. B. was recently washed overboard and drowned while taking his vessel from Newfoundland to Provincetown, Mass., with a cargo of fish.

FROM HALIFAX.—The steamer Eastnet will leave Halifax for Charlottetown direct on the 3rd May, and will be due here on the following day. From Charlottetown she will proceed to Soreil.

RUNAWAY.—A countryman's team ran away on Queen Street to-day, and the truck and its contents, a quantity of shingles, came to grief after trying to lay out one of the telephone poles in front of Dohd & Rogers store.

"SALLY DOWNS."—This interesting story which has been running for some time in the pages of THE EXAMINER, is concluded to-day. Our readers will be glad to learn that another equally interesting story, entitled "The Street of Peace," will be commenced to-morrow.

DEATH OF AN ISLANDER.—The Moncton Times says: A P. E. Islander named Hugh McLean, aged 49 years, died at the residence of Mr. Goughlan, Robinson street, yesterday morning. Deceased had been ill all winter. The body will be interred at Stylesville.

CONCERT.—The concert to be held in St. Patrick's Hall on Monday next will consist of vocal and instrumental music, recitations, a stump speech, tableaux and an address, to conclude with a laughable farce "A Doctor by Proxy." Doors open at 7.15; concert at 8. Don't fail to attend.

ANALYSIS.—An Ottawa despatch says: The Inland Revenue Department has analyzed eighty-two brands of fertilizers sold in the Dominion, as against seventy-four last year. Results of the analyses of milk samples collected last autumn, and just issued, show that in many points of Nova Scotia milk vendors require to be watched.

A PILGRIMAGE.—The members of the Sir John A. Macdonald club are now talking over a project to invite their sister clubs throughout the Dominion to unite in a pilgrimage to the grave of Sir John A. Macdonald in the St. John's cemetery. It is proposed to hold the pilgrimage either on the anniversary of the chief's death or on Dominion Day next.

MORE IMMIGRANTS.—The St. John Telegraph says: About 500 immigrants passed through here yesterday at noon bound to the Northwest. They crossed the Atlantic in the steamer Hungarian and disembarked at Halifax. This is the last consignment of immigrants who will be taken to Halifax. In future they will disembark at a port on the St. Lawrence.

PROTECTING THE FISHERIES.—The fishery protection service this season will be composed of steamers La Canadienne, Constance, Acadia, Stanley and Curlew; schooners Vigilant and Kingfisher. Two steamers will do police duty around the island of Anticosti and Bay Chaleur. The others will be stationed around Prince Edward Island, New Brunswick and Nova Scotia.

PINE HILL THEOLOGICAL COLLEGE.—The closing exercises of Pine Hill College were held in St. Mathews' Church, Halifax, on Wednesday evening last. The proceedings were very interesting. Donald Campbell, of P. E. Island, was among the graduates. The other students in attendance from the Island are Mr. Daniel McLean, L. 48, (middle year); Mr. Geo. Arthur, R. 2c; Mr. J. S. McArthur, B. A.; and Mr. J. D. McDonald, of P. E. I. (junior year 1st div.) and Mr. J. A. Crawford (junior 2nd div.).

THE MARKET.—The day the market was well attended, with a very little change in prices from last week. Last day, butter (fresh) sold for 19 to 25 cents per lb., butters (tub) from 19 to 20 cents per lb. Eggs, in fairly good supply, sold for from 11 to 12 cents per dozen. Outside, hay was scarce, the few loads that were for sale selling for from 70 to 75 cents per cwt. Oats in small supply brought 35 cents per bushel. Potatoes sold for 35 cents per bushel. Herring (fresh) in large supply, were selling at from 10 to 12 cents per dozen. A few lobsters—the first of the season—were on sale, but were rather small and sold at 3, 4 and 5 cents each.

HOME MANUFACTURE.—The accomplishments of the Souris East postmaster, Mr. Marshall Paquet, are not, it appears, confined to one class; for besides being an obliging and pain-taking official, he is possessed of a mechanical turn of mind which he puts to good account from time to time. As an expert in making fishing rods for sportsmen of his acquaintance he is well known. Lately he made a wooden leg for one of the employees of the P. E. I. E. Mechanical Department, which is a credit to him. One bought some time ago by the same employee, cost quite a large amount of the manufactory in Boston. Mr. Paquet's make is pronounced by competent judges to be far ahead of the imported article in every particular, and was presented to his friend the other day as a birthday gift.

SUCCESSFUL ISLAND STUDENTS.—The Halifax papers contain full particulars of the recent examinations at Dalhousie College. It is pleasing to see that the Island students held their own—that Miss Sophia Ross, of North Brudenry; H. P. Duchemin, of Charlottetown; E. P. Robbins, of North Bedouque; E. Brahan, of Murray Harbor; J. A. Crawford, John Sterling and A. D. Sterling, of Clifton, and William D. Ross, of Stanley Bridge, more than kept up the reputation of the Province. Following is the arts pass list: Fourth year—Howatt, C. A.; McArthur, S. A.; Martin, A. J.; Ross, Hedley. Third year—Brecht, Ernest; Ross, Miss Mary S. Second year—Duchemin, H. P.; Jordan, E. E.; Robbins, E. P.; Rogerson, J. A. C.; Ross, Miss Jennie W.; Sterling, John. First year—Ross, W. D. George Arthur, of Alberton, secured the degree of Bachelor of Science, and Mr. Hedley Ross, of Stanley Bridge, graduated in Greek and English. Mr. George Arthur was the valedictorian of the graduating class in arts.

Reasonable prices is a feature of business which always attracts custom. We try to live up to this idea of reasonable price-making. We propose to make a reasonable price to every buyer on every article we sell, and are willing to let our price, quality considered, be compared with any and all prices made.

DRESS GOODS FOR SPRING!

We are now showing a magnificent line of NEW AND FASHIONABLE MATERIALS in all the latest Colorings. As far as Styles and Colorings are concerned, there appears to be a larger demand for Plains and less for Fancies. This is readily explained by the increased popularity of Silk, which is being, and will be, not only used as a fabric for dresses, but largely for trimming and kindred purposes, and thus provide the necessary coloring for the plainer material.
