

IT IS THE FACT, Think as You Please

It is not generally known, but it is a fact readily proven by the investigations of science, that the real danger from every known ailment of mankind is caused by inflammation...

INFLAMMATION Causes Every Known Disease!

Inflammation of the nervous system embraces the brain, spine, bones and muscles. The breathing organs have many forms of inflammation, such as colds, coughs, pleurisy, bronchitis, etc.

DODD'S KIDNEY PILLS. Do you know of a case wherein DODD'S KIDNEY PILLS failed to cure any kidney ailment?

THE SECRET OF GORESTHORPE GRANGE

I am sure Nature never intended me to be self-made. There were times when I can hardly bring myself to realize that twenty years of my life were spent behind the counter of a grocer's shop in the East End of London...

Goresthorpe Grange is a feudal mansion—or so it was termed in the advertisement which originally brought it under my notice.

Any man with old-fashioned tastes and ideas as to how such establishments should be conducted, would have been disappointed at the omission. In my case it was particularly unfortunate.

It is true that there was no mention of an application in the advertisement. On reviewing the muddled walls, however, and the shadowy corridors, I had taken it for granted that there was such a thing on the premises.

I might have recollected myself to this state of things had it not been for Joseph's cup of sack. I love the good old sack, but I have never known it give the house an air of respectability, especially when coupled with blood-stains upon the floor.

I have a large amount of perseverance. Nothing else could have raised me into my rightful sphere, considering the unconsoling atmosphere in which I spent the earlier part of my life.

"My dear," Mrs. D'Odd remarked to me one day after dinner, as I sat moodily sipping a cup of sack. "I love the good old sack," she said, that odious ghost of Jorjacks had been gibbering again."

rather a sure subject between them. To was a rakish, clever young fellow, who had tried his hand at many things, but wanted perseverance to succeed at any.

Matilda smiled in an irritating manner. "There was a restoration of the family portraits, too, dear," she remarked.

"I thought of the long line of faces which adorned the walls of my banqueting-hall, from the burly Norman robber, through every gradation of casque, plume, and ruff, to the somber, Chesterfield individual who appears to have staggered against a pillar in his agony at the return of a maiden MS. which he grips convulsively in his right hand."

It is one of my maxims to act promptly when once my mind is made up. Noon of the next day found me ascending the spiral stone staircase which leads to Mr. Brockett's chambers, and admiring the succession of arrows and fingers upon the whitewashed wall, all indicating the direction of that gentleman's sanctum.

London People Have Begun to take the "Great Spook" as a matter of course. Last night, July 6, the Despatch from Detroit with reference to the cure from Bright's disease and blood-poison of Mr. Langley, of this city, by the use of Dodd's Kidney Pills, has recalled the wonderful facts of the case to the citizens, among whom Mr. Langley is well known.

The Newcomer notices that Russia has obtained absolute freedom of trade in Northern China. "The Railroad Kidney" Railroad employes, bicyclists, teamsters and other men who are subjected to much jolting, are often troubled with a pain across the small of the back.

The boiler in Robert E. Taylor's saw mill at Doyle's Pond, Tignish, burst on Saturday morning. It was a two-foot square being made in the boiler. The boiler was thrown over on top of the engine, wrecking the engine. Although some half dozen men were at work at the time, they all escaped with very slight injuries.

The amount of money suffers from catarrh will spend in attempting to cure that fondly disregarded ailment, is almost incredible. J. W. Jennings, of Guilford, Ont., says: "I spent between \$200 and \$300 consulting doctors; I tried all the 'treatments' without benefit. One box of Chase's Catarrh Cure did me more good than all the rest. It cured me. I cured me." Don't waste money, Chase's Cure, with improved blower, 25c. 1. cures.

A deadly diphtheria took place near Adairville, Ky., on Saturday morning. Dock Younger went to town drunk, and as he rode out of town he fired his pistol. H. H. Harmon, the town marshal, jumped on a horse and started after Younger. An hour later, both men were found dead about a mile from town. Both had been shot through the heart, and only one chamber in each revolver had been discharged.

Stephon's Wedding Coat.

Now, Stephon has always prided himself on his figure. Mrs. Stephon (Phyllis as was) says he has the only figure in his family.

"Your brother's figures," she said, contemptuously, "well, they're not lost, they're only gone before. But you—with broader shoulders and chest, and narrower waist—you'd have a first-rate figure—a really frock-coat figure, you know."

So for a long time Stephon exulted over his brother's. "I've been married eight years," he was wont to say, "and I can still wear my wedding coat; that's proof that I'm not getting fat."

One afternoon Phyllis met him when he came home with a determined look. "What does this mean?" she demanded, waving a bill before his eyes. He looked; it was accepted.

"What's the matter? The bill's paid," he said. "I think you must have given it away," she said, timidly.—New York Sun.

An Ordinary Economy. "What's this?" exclaimed the young husband, referring to the memorandum she had given him. "One dozen eggs, a pound of raisins, a bottle of lemon extract, can of condensed milk, six dollars' worth of ground cinnamon and half a dollar's worth of sugar. What do you want with all these things, Belinda?"

"I've got a dry loaf of baker's bread," replied the young wife, "that I'm going to save by working up into a bread pudding. I never let anything go to waste, Henry."—Clairmont (N. H.) Eagle.
