### ALMOST A MIRACLE

#### Strange Case of Kidney Disease Reported at Smith's Falls.

SMITH'S FALLS, Aug. 27.—One of the most remarkable cures ever performed by Dodd's Kidney Pills was that of Mrs. George Barnes of this town. Mrs. Barnes was afflicted with Female Weakness and Urinary Trouble resulting from Kidney Disease. The disease had also a serious effect on her senses of sight and hearing, for at times Mrs. Barnes would be exceedingly deaf and short-sighted.  
Mrs. Barnes gives an account of her case for publication:—"I have consulted a doctor," she writes, "who gave me medicine that seemed to make me worse sometimes. I was told of Dodd's Kidney Pills, and I got one box. I have used one of the box and am completely cured, and it is strange to say both my hearing and sight are now unaffected."

Water is the hardest of all substances to heat, with the single exception of hydrogen gas. The easiest two are mercury and lead, which stand in this respect on nearly the same footing.

#### To Cure a Cold in One Day

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure you. E. W. Grove's signature is on each box.

A taste for tomatoes has to be acquired, and when acquired it doesn't pay.

### NOT A MODEL FOR CANADA.

(Toronto World.)

The British army is confessedly in a badly demoralized condition. The officers have been found lacking in the most rudimentary tactics of warfare, and under incompetent leadership the men are necessarily below the standard in military discipline. The exposure at Aldershot forms another strong argument why Canada should cut loose from the British military system and develop her own military resources in her own way. A healthy rivalry between the different sections of the Empire cannot fail to have a beneficial effect all round. The people in this country are not in sympathy with the practice that prevails in Great Britain of appointing the officers from the young men of a certain social rank, nor do they approve of the introduction of that practice in the Canadian militia. British influence and control does not work for the best interests of our citizen soldiery. Our idea of what a soldier is, and how he should be treated, is quite different from the idea prevailing in Great Britain. The two systems will not harmonize very well, and any attempt to create in Canada a duplicate of the British military ideal will fail. But independently of this radical difference in the constitution and spirit of the two peoples, we find that the British army is a very bad model for us to follow or to have forced upon us. A strong, healthy military sentiment now pervades this country, and nothing should be done to discourage it. The interference of British officers who do not the spirit of our people certainly does discourage the development of our military resources, and the sooner the Canadian military system is made entirely independent the better it will be both for Canada and the Empire.

### RUSSIA A DEBTOR NATION.

NEW YORK, August 24.—There was no confirmation in Wall Street yesterday of the rumor from London that the Russian Government is going to negotiate a loan of \$150,000,000 in this country. At the offices of the New York Security and Trust Company, the fiscal agents of Russia in this country, it was said that nothing had been heard there of the loan.

According to the London despatch the Russian minister of finance, M. De Witte, was about to make an arrangement with a syndicate of insurance companies to raise the money. The New York Life Insurance Company and the Equitable Life Assurance Society both have money invested in Russian securities already, but there is no indication that the amounts will be increased. The President of an important bank with Russian connections said yesterday:

"Russia is a debtor nation; but she must borrow where she can get money cheapest. I think that just now she could get better terms in

### France than in the United States."

#### FOR PERSIA'S GOOD.

It is reported that the Shah of Persia, who has recently been on a tour to western Europe, combined business with pleasure to some extent by consulting certain men of practical enterprise with reference to reforms he contemplates adopting in his dominions. He appears to have awakened, as did the ruler of Japan some years ago, to a conviction that if he did not adopt modern ideas and methods his throne and empire must pass away, a prey to the aggressive spirit of conquering Christian powers. To aid him in the proposed work of remodeling and reforming his government and introducing western civilization he has taken an Englishman, Mr. John Marsden Ward, into his employ, who has planned a system of Persian railways to supplement the lines under construction by Russian engineers. It is generally understood that Persia has been divided into two spheres of influence, Russia claiming the northern and Great Britain the southern half of the empire. Mr. Ward is now in the United States purchasing locomotives and other railway material as well as the plant for a trolley street railway in Teheran.

#### WON THE QUEEN'S SCARF.

Private R. R. Thompson, of D Company, first Canadian contingent, it is understood, is the Canadian who has received one of the Queen's scarfs for conspicuous bravery in South Africa. Her Majesty knitted four of these scarfs, one to go to a member of each of the four different colonial contingents in South Africa for conspicuous bravery.

Private Thompson is a native of Ireland, and son of a large confectionery manufacturer in Dublin. Some years ago he was in South Africa in the government service. He afterwards came to Canada. Shortly before the first Canadian contingent was raised he was in Buffalo, N. Y., on a visit to friends, but as soon as he heard of the troops from Canada going to fight the Boers, he returned to Ottawa and enlisted in D company. Mr. Thompson is about twenty-three years of age. It is presumed that the act which won the scarf was Private Thompson's rescue of a wounded companion at Paardeberg. He rushed from the trenches and in a hail of bullets carried to safety a soldier who had been wounded and was lying quite a distance from the trenches and exposed to a Boer fire.

#### TRUTH IS NOW KNOWN.

London, August 28.—The Colonial Office today made public the text of the correspondence sized at Pretoria. Besides Mr. Henry Labouchere, Mr. John Edward Ellis, Liberal member of Parliament for the Rushcliffe division of Nottinghamshire, wrote to Mrs. Solly for facts favorable to the Trans-

vaal, and Dr. Gavin Brown Clark, Radical member for Caithness, and former consul-general of the South African Republic in London, wrote to President Kruger, under date of August 29, 1899, of the unsatisfactory results of a conversation he had with Mr. Joseph Chamberlain, the secretary of state for the colonies. Dr. Clark said he thought war was inevitable, and discussed the effect of President Kruger's seizing the passes.

The French consul at Hankow wires that an attempt at an uprising occurred during the night of Aug. 21. A band of Chinese tried to set fire to a house adjoining the Customs Bank, adjacent to the British consulate, with the object of pillaging the bank and burning the European quarters. The viceroy, however, took immediate steps and arrested the ringleaders, seizing at the same time arms and documents demonstrating the existence of a secret society and an organized plot. Two of the leading culprits were decapitated, their heads being subsequently exhibited in the centre of the Chinese town. Twenty others were imprisoned. More trouble is feared when the flight of the Emperor to the west, if true, becomes known.

A despatch to the 'Standard' from Durban, Natal, says that 9,000 Uitlanders have registered there. A Uitlanders committee has addressed a protest to Sir Alfred Milner, Governor of Cape Colony, and High Commissioner in South Africa, against the appointment to official positions in the Transvaal of persons whose character and antecedents merit the adrorence of honest men. The committee says that such appointments will bring discredit upon the administration and amount to a public scandal.

The Daily Mail's Tien Tsin correspondent says that much feeling has been aroused by the action of the Russians in destroying with dynamite the locks of the Lutai canal, despite the protest of the British commander. As a result, the water in the Pei river has fallen eighteen inches and navigation is impeded.

A Durban despatch says that a food and passenger train has been wrecked at Dannhauser, in Natal, North of Glencoe, by a small party of Boers which have been operating in that neighborhood. There were no fatalities, but the line was destroyed for a distance of a hundred yards.

The transports Dilwara and Nongolian, with 2,000 Boer prisoners, have sailed from the Cape to Ceylon.

All the Dutch officials of Harmsmith, including the landdrost, have been sent to Ladysmith.

## A Family Medicine

Of Unusual Merit, Known and Praised the World Over, is Dr. Chase's Kidney-Liver Pills.

Having a direct and combined action on both the kidneys and liver, Dr. Chase's Kidney-Liver Pills are the most valuable as a family medicine, and positively cure constipation and all forms of stomach trouble.

Mr. John White, 72 First Avenue, Ottawa, writes:—"I used Dr. Chase's Kidney-Liver Pills for deranged liver and pains in the back, with excellent results."

"My wife used them for stomach trouble, and pains about the heart, and is entirely cured. They are invaluable as a family medicine."

Scores of hundreds of families would not think of being without Dr. Chase's Kidney-Liver Pills in the house. They are purely vegetable in composition and remarkably prompt and effective in action. One pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates and Co., Toronto.
