

## Canadian Advisory Team Set For Republic Of Tanzania

OTTAWA (CP)—Canada will send a Canadian military training and advisory team of about 30 members to the United Republic of Tanzania, Prime Minister Pearson has announced. The Canadians will presumably work alongside Chinese Communist military advisers who have already been sent to the East African Commonwealth country at the request of Tanzanian President Julius Nyerere.

Mr. Pearson said in a statement that the commander of the

## Steel Plant At Sydney Nears Record

SYDNEY (CP)—The head of the Dominion Steel and Coal Corporation's steel plant here, which is nearing record production, says the mill will operate at almost capacity strength for at least the next six months.

C. H. Drury, president of Dosco Steel Limited, commented in a telephone interview from Montreal that representatives are "combining the world" for new orders for the plant and the projection for the first half of new year was excellent.

Output production stood at 762,100 tons Nov. 30 as compared to the record annual production of 795,000 tons a few years ago. Last year the plant produced 794,200 tons.

Operations would be curtailed for about six weeks when a blast furnace is taken out for relining, he said. This was about the time Dosco's new steel mill at Contrecoeur, Que., is expected to start production. The plant will be fed with steel from here.
