

Hon. Attorney General, in reply, said, certainly as far as it related to Canada and the Provinces of New Brunswick and Nova Scotia.

Hon. Mr. Duncan remarked that the people of Nova Scotia were driven into Confederation without their consent—they were denied the privilege of an appeal to the Polls.

Mr. Howatt did not see the necessity of recognizing the Confederated Government, as it was termed, for it could scarcely be said that it had, as yet, an existence—certainly it was not yet in working order, and, therefore, it was unnecessary on the part of that House to give it any hasty recognition.

Hon. Mr. Davies said the fact that the Bill for Confederating Canada and the two Maritime Provinces had passed the Imperial Parliament, and had received Her Majesty's Royal Assent, rendered it necessary that the House should recognize it. He thought the views of hon. members of the opposition must have been considerably modified on the question of Confederation, for it appeared that they had nominated the Hon. Mr. Haviland, who was a strong Confederate, as their Leader.

After some further remarks from hon. members, the resolution was put and agreed to.

Hon. Mr. Haviland remarked that the names of the new Administration had not been announced to the House, nor was it made known whom hon. members should address as Leader of the Government.

Hon. Mr. Hensley, Attorney General, replied, and read the names of His Excellency's responsible advisers. He remarked that the Hon. Mr. Coles, Colonial Secretary, and President of the Executive Council, having just been triumphantly elected by the people, would in a few days be able to take his seat as the Leader of the Government.

**AFTERNOON SESSION.**  
On motion of the Hon. Mr. Kelly, the House went into Committee of the whole on the Draft Address in answer to His Excellency's speech. Mr. Bell in the chair.

The whole Address having been read by the Chairman, the first paragraph was again read and agreed to.

When the adoption of the second paragraph was moved by the Hon. Attorney General, he remarked upon the inconvenient season at which the late Parliament was dissolved, and said that any explanatory remarks from hon. members in the opposition, especially from those who were members of the late Government, which they might choose to make, he would be glad to hear as to the cause of the late period at which the General Election took place. It had been rumored that the delay was caused by a desire to ascertain what course to adopt relative to the subject of Confederation then before the Conference held in England. It was not his desire to cast reflections on the late Government touching that point, but he contended that an explanation was desirable.

Hon. Mr. McAuley replied, to the effect, that the explanation sought for was contrary to Parliamentary usages.

Mr. Brecken—Assuming that the rumor alluded to was correct, was it not advisable that the country should know the decision of the Imperial authorities on that important subject, Confederation?

Hon. Mr. Davies was surprised at the reply given by the Hon. Mr. McAuley. It was also, he said, extraordinary to think that the Constitution of this independent Colony should be destroyed by any action that might be taken on Confederation by the Home Government. The people of this Island, he said, were misrepresented, touching their loyalty, to the authorities at home, with the view of coercing them into Confederation; and, in proof of his remarks, alluded to the bringing of a portion of Her Majesty's troops to the Colony.

A lengthy debate then ensued, in which several hon. members on both sides of the House took part.

During the debate, the Tenant Union and Political Alliance Associations, exclusion of Office-holders from the floor of the House, the Departmental system, and the principles of Responsible Government generally, were freely discussed, as were also the several actions of the Conservative and Liberal party relative to their policy in conducting the Government of the Colony since the year 1858.

Hon. Mr. Henderson and Mr. Prowse, from the Opposition, and the Hon. Mr. Laird and Mr. McNeill, from the Government side of the House, addressed the Committee for the first time. Their addresses were listened to with marked attention.

At a late hour, the paragraph in the address under consideration was unanimously adopted. After which progress was reported, and the House adjourned till 10 o'clock to-morrow.

**A. McNEILL, Reporter.**  
The Steamer "Heather Belle" made her first trip for the season to Mount Stewart Bridge on Tuesday last. We understand that she proceeded to Pietou this morning.

The debate on the address in answer to the Governor's Speech concluded on Tuesday night—two days only having been occupied in that duty, which usually takes up a week.

**CATHOLICISM IN PRUSSIAN GERMANY.**—After many struggles in Berlin and Potsdam during the course of the past year, justice has been done to the Catholic cause, and the Catholic schools have been acknowledged as "communal schools." The same justice has now been done in the case of the Catholic schools at Frankfurt, on the Oder. The negotiations have been continued during many years, and at last the magistracy has acknowledged the duty of the "commune" to provide for the erection of a Catholic school, and has judged it expedient that the magistracy should be responsible for the education of Catholic children as well as for that of Protestants. In consequence of this, the magistrates have passed the following resolutions:—1. The voting of a sum of money for the erection of Catholic schools, to be called the "Catholic communal school." 2. To grant 400 thalers for that object. These resolutions were passed almost unanimously. In consequence of these resolutions of the magistrates, an end has been made to the Catholic school for 250 children in a private school, which for years has supplied the wants of the town, and this is the more advantageous as the uncertain means for the support of the schools and the unsuitable nature of the school-buildings rendered their gradual extinction only a matter of time. This joyful and just solution of the school-question is not only a good example to the cities of Berlin and Potsdam, but also an earnest of the energetic steps of the Government.

**LUXEMBOURG.**—Quite an excitement, almost amounting to a war panic, seems to have sprung up in Europe over the alleged intrigues of Louis Napoleon to obtain the province of Luxembourg. Mr. Lowe states in the House of Commons that the Prussian Government has received alarming news from Paris, and Count Bismarck was routed out of bed at 2 o'clock on Sunday morning. The money markets and cotton markets are thrown into confusion. In the meantime Parisian newspapers endeavor to throw cold water on the excitement, which they say is due to the imagination of newsmongers. We can tell better about that by and by.

Luxembourg, the cause or occasion of this agitation, once a State of Europe, is now divided between Belgium and the Netherlands. It lies on the Northern boundary of France. The part belonging to the Netherlands, or Dutch Luxembourg, as it is often called, has about one thousand square miles and a population of 100,000. Belgian Luxembourg, on the west of the other, has a little less population, but an area of 1695 square miles. If there is anything in the alleged movement, it is a part of the long entertained scheme to "rectify the boundaries of France," and is a direct menace to Prussia.

Charlottetown is agitating, and has been for years, for increased hotel accommodation. It certainly requires it if it wishes to prepare for, not to say attract, summer travel. There is capital enough in this city, but the moneyed men lack enterprise. We have always been of the opinion that a joint stock company, to build a suitable hotel and conduct it on the most approved modern principles, would find it a very remunerative branch of business. In lieu of a large hotel, there are a number of small ones—the largest and most attractive of which is the "Norto American," conducted by John Murphy, a place where the traveling public cannot fail to receive attention and satisfaction.—*His Reporter.*

The following gentlemen, we understand, have been appointed Sheriffs for the ensuing year, viz:—  
Hon. Francis Longworth for Queen's County.

**TERRIBLE MASSACRE IN MEXICO.**—The account of the horrible massacre of the French soldiers who fell into the hands of the Mexican Liberals, which appeared in the telegraphic despatches a few weeks ago is amply confirmed by the later advices since received from Northern Mexico. The soldiers in question formed part of the detachment which left the city of Mexico with Gen. Miramon about two months ago, in order to check Escobedo's advance upon the capital, but were outnumbered, defeated, and surrendered, after a desperate resistance, under the usual conditions. Escobedo, nevertheless, denounced them as "armed foreigners," entitled to no quarter, conveniently forgetting that his own army consists, in great part, of "armed American foreigners," and forthwith ordered them to be shot. A Mexican paper, the *Weekly Ranchero*, tells the remainder of the horrible story:—

"This order," it says, "was executed on the 3rd instant, at 7 o'clock in the evening, or rather the execution of 123 prisoners was finished at that hour. One by one of the prisoners were shot, and each body was left as it fell for the next victim in order to look upon. We are informed that but few of the doomed victims faltered; and when marched out for execution most of them sang the Marseillaise hymn. After the execution of San Jacinto, Gen. Escobedo ordered a ball at San Louis Potosi, in honour of the victory achieved over Miramon. It was to have been the grandest affair ever gotten up in that city. One hundred and fifty ladies were invited who were of course the 'ton of the town.' When the hour came to commence the dance, the heroes of the St. Jacinto massacre found that but fifteen ladies had responded to the invitation."

A report has since come to hand that the main forces of both parties had since fought a battle near St. Louis Potosi, in which the Imperialists have amply retrieved their previous reverse, defeating Escobedo and his Jaunitas. Poetic justice would be done if Maximilian now ratalified by ordering all the American adventurers taken in arms to be shot as "armed foreigners." It would make the war horrible. But it would not make it so tempting for the class of adventurers who really put themselves without the pale of civilized society.

### THE PEOPLE'S FRIEND.

**Perry Davis' Vegetable Pain Killer**  
Travellers are always liable to sudden attacks of dysentery and cholera morbus, and these occurring when absent from home are very unpleasant. Perry Davis' Vegetable Pain Killer may always be relied upon in such cases. As soon as you feel the symptoms take one teaspoonful in a gill of new milk and molasses, and a gill of hot water. Stir well together and drink hot. Repeat the dose every hour until relieved. If the pain be severe bathe the bowels and back with the medicine, clear.

Fishermen, so often exposed to hurts by having their skin pierced with hooks and fins of fish, can be much relieved by bathing with a little Pain Killer as soon as the accident occurs; in this way the anguish is soon abated; bathe as often as once in five minutes, say three or four times, and you will seldom have any trouble.

Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplish a cure must prove, as this has proved, of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it, has been proven by experiment on many of the worst cases to be found in the following complaints:—Scorfula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blisters, Eruptions, St. Anthony's Fire, Ross or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Venereal Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.
