**Frank MacDonald  
Heads Local Staff  
Of Branch Here**

Like many of Canada's leading enterprises, the House of Robinson, in Charlottetown, is built on a firm foundation of service and fair dealing in high-quality merchandise. From a humble beginning back in 1917, F. W. Robinson has steered a steady course. Hard work and strict application to duty have developed an organization which today covers the three Maritime Provinces, and gives employment to many people.

Direct contact with manufacturers and manufacturers' agents means quick and satisfactory service to a large clientele scattered over the three provinces.

Branches of the Robinson organization are located at Windsor, Cambridge, Middleton and Yarmouth.

The new Charlottetown store which opens today is the latest in a chain of wholesale outlets. It is managed and staffed entirely by Islanders who know the needs and desires of their fellow citizens. The manager, Mr. Frank MacDonald, will be pleased to meet and greet the many old friends of the business and will be glad to offer his services to all new customers.

You can be sure of satisfaction here. The new store, located in the recently completed Currie building, has commodious quarters. Supplies are in plenty and easy accessible to the busy shopper.

The management and staff are carefully trained in their duties and are anxious to assist in any requests or demands made upon them.

## ANNOUNCING

The Opening of our new Store in the CURRIE BUILDING,  
Corner Queen & Kent Streets

Due to the increasing demand for Automotive Parts and Equipment we were forced to move to larger accommodations. We were fortunate in securing the main floor of the Currie Building and basement, and are now able to carry a much larger stock than at our old location. New and old customers will be welcome and all orders received will be filled promptly and efficiently with the best Automotive Parts obtainable.
