THE DAILY EXAMINER

JUNE 1, 1899.

PARTY VS. COUNTRY.

SIR WILFRID LAURIER has declined to accede to the proposition of Sir Charles Tupper that the Government should publish its redistribution bill and let it stand over till next year in order that they may be able to give that care and attention to the Alaska boundary and other matters in dispute between Canada and the United States which is essential to the success of this country in the negotiation. The plain English of this refusal is that the vital interests of the Dominion are held by the Government to be secondary in importance to the passage of a measure that will give the Liberal party an unfair advantage in the next general election. It is a clear case of party before country. There is no necessity for the immediate passage of a redistribution bill. In point of fact, the bill tought not, according to our constitution, to be passed until after the taking of the decennial census in 1901.

HOW IT WILL WORK.

THE Liberal gerrymander will work the following results in Ontario:

County	Members.	Total pop.	Pop. per member.	
Brant	(2).....	33,998	16,990	Lib.
Simcoe	(3)....	77,143	25,714	Con.
Norfolk	(2)....	28,320	14,160	Lib.
[illegible]	(1).....	[illegible]	21,271	Con.
Kent	(3)....	51,835	17,278	Lib.
London	(1).....	.....	34,855	Con.
Middlesex	(3)....	54,609	18,203	Lib.
Toronto	(4)....	200.000	50,000	Con.
York	(3).....	57.672	19.224	Lib.
Welland	(1).....	.....	29,914	Con.
Parry Sound	(1).....	.....	13,778	Lib.

Fourteen Liberals will represent, according to this scheme, 17,100 each; ten Conservatives represent 36,300 each.

NOTES AND COMMENTS.

—"The Patriot Twist"— right around on the license question!

—From every part of the town and country we hear protestations against the "shame" "disgrace" "scandal" etc., of the summary dismissal of Rev. Donald McNeill, without cause assigned.

—Mr. Farquharson's favorite liquor dealers—those who have paid their money—have now a monopoly of the business, and may again hope to grow rich rapidly. What the other fellows will do about it remains to be seen.

—According to the Farquharson Act, the liquor dealers are to pay $100 each half year. This is not half so restrictive as the bill submitted last year, and rejected, which provided that the fee should be $200 cash in advance for the year.

—There is genuine rejoicing in the camp of the Farquharson Government over the "blood money." Nearly four thousand dollars paid into the Provincial Treasury by citizens of Charlottetown within two days. This is a windfall indeed.

—Senator Ferguson has given notice that he will make enquiries as to whether certain persons in Prince Edward Island have received cheques for fishery bounty, and if so who was the fishery officer or magistrate who administered the oath, and the amount of bounty?

—Three thousand and odd dollars of citizens money are paid into the Provincial Treasury in one day on account of a tax not applicable to the country. Is this fair to the city corporation and tax payers? What have Messrr Rogers and Prowse to say in reply to this question?

—Discussing the usury bill in the Senate a few days ago, Senator McDonald said that "there was no need of the bill in Prince Edward Island. It had been said that young men had been driven by the usurers to the United States. Well, if young men were such idiots as to undertake to pay 120 per cent. they were not much loss. He would not consent to sanction 20 per cent. as the maximum rate of interest."

—The Farmer appears to be at loggerheads with some of its advertisers. It seems that the Farmer is dated on Thursday but printed on Wednesday, and advertisers who are so unsophisticated as to believe all they see in that paper persist in sending in their advertisements to late on Wednesday in the expectation that their notices will appear in Thursday's paper, which had already been issued on Wednesday. The difficulty is a serious one; but the remedy is in the hands of the proprietors of the paper who should cease deceiving the public and date the paper on the day it is actually issued. These remarks will also apply to The Pioneer which in this, as in other matters, keep up a false appearance.

Bay View Notes.

Crop is mostly in. Has come up well and is making good growth. Grass is backward yet on the old pasture.

Stanley cheese factory commenced business on the 29th with a very small supply of milk. Not much produce to ship from the port of New London this spring.

The schooner Onward was loaded by Wedlock Bros, and the Merry May by Albert Simpson. Capt. D. Sutherland has brought in a load of coal in the Ripley Ropes.

The channel leading up to Bay View wharf is so filled that a little schooner loaded can scarcely get up. This channel was surveyed for dredging and we were promised the dredge some years ago but our Minister of Marine seems to have altogether forgotten his constituents.

John C Clarke, Esq., and Mrs. Clarke leave today for Wolfville to attend the commencement exercises of Acadia University which take place next week. Two of their family J S Clark and Zella Clark, are in the graduating class.

The Presbyterians of Cavendish are soliciting subscriptions to build a new church. We hear that they are succeeding well. The old church building will likely be torn down and a new and modern structure will replace it in the near future.

Thee Farquharson license law is a surprise to all temperance people here. It is needless to add that all true temperance reformers are outspoken in their condemnation of the Premirr and his Government for their treachery to temperance people. There is a day of reckoning coming when the perpetrators of this outrage will get their reward from an indignant electorate.

Rev. E. W. Jackson will attend the anniversary exercises at Wolfville next week.

Lobster fishing has been only moderately successful so far. Cod fishing with trawls has been very successful.

A beautiful spot for a home, Brown's lawn, will be sold on Wednesday 7th inst., at 12 o'clock.
