More than 2000 Families in Halifax and Dartmouth use Sunlight and Lifebuoy Soaps

exclusively in their homes, and all say they would not have any other kinds.

This information is correct having been gained by competent and trust-worthy advertisers, leaving samples at every house and making careful enquiries.

These families never knew what pure SOAPS meant, until they tried SUNLIGHT and LIFEBOUY.

Why should not others learn and be healthier and happier for the learning.

Price is only 5c for large twin bar.

The Restaurant Glass.

"Give me a glass of water, please." The request was made to a waiter behind the marble top lunch counter of a well known restaurant in the central part of the city.

"All right, sir," was the waiter's reply. "I will just as soon as you put your glass down."

The man looked first at the empty glass he held in his hand and then at the waiter. Then his choler began to rise at what he considered an unwarranted piece of impertinence. The waiter evidently saw the outbreak of wrath that was coming.

"No offense meant, sir," he hastily explained. "You see, it's just this way: The first thing a waiter learns, and he learns it by dearly bought experience, too, is never to take a glass from another person's hand. Why? Because if he does the chances are about even that the glass will fall and be smashed in the transfer. This is particularly true if the top of the table or counter happens to be of marble, as this one is. You probably understand that when a waiter breaks anything in a hotel or restaurant he has to pay for it, and you probably now understand why it was that I would fill your glass as soon as you put it down so that I could pick it up myself."—Philadelphia Inquirer.

He Wasn't Joking.

"I had four days' growth of beard on my face when I struck a little town in northern Michigan," said the civil engineer. "I found a little coop of a barber shop near the depot, and I entered it to discover the barber sitting on a bench with his head in his hands. As he roused up I told him to get to work on me, but after looking me over he replied:

"If I shave you, you'll have to take the chances."

"What chances? I asked.

"Well, I've been on a drunk for the last week and am just on the point of seeing rats. I may get through with it all right, and I may cut your head off."

"The man had a wild look and was all a-tremble," continued the engineer, "and, though he smiled as he talked, I saw that he wasn't joking. I went away without getting shaved and for the next two hours was busy making purchases. As I returned to the depot I looked in on the barber to see how he got along and found him hanging dead. Just what would have happened had he started to shave me I don't know, but I've always felt much obliged to the man for putting the case as plainly as he did."—Baltimore Herald.

CLARKE'S KOLA COMPOUND CURES

A Child That Suffered From Asthma Almost Since his Birth.

Mr. James Paterson, 52 Princess ave., Victoria, B. C., writes: "Our boy, who is just nine years of age, has been troubled with asthma almost since his birth, which has been continually growing worse in spite of all the medical aid we could procure. Our doctor bills have been very large each year; neither myself nor my wife have had a full night's sleep during the last year of his trouble, having had to poultice and give him medicine to keep him from choking. We heard of a neighbor who had been cured by Clarke's Kola Compound and resolved to try it, with the result that to-day our child is completely cured, not having had an attack since taking the second bottle, almost a year ago. He has grown very fast since and is now quite strong and healthy. We feel very grateful to Dr. Clarke for the discovery of this wonderful remedy, as it has saved our child's life." Certified correct by Messrs. Hall & Co., druggists, Victoria, B. C., from whom the medicine was purchased. Three bottles of Clarke's Kola Compound are absolutely guaranteed to cure any case of asthma or hay fever, or money will be refunded. Free sample bottle to any address mentioning this paper. Address the Griffiths & Macpherson Co., 121 Church street, Toronto, sole agents for Canada. Sold by all druggists.

Clarke's Kola Compound has permanently cured more cases of asthma than all other remedies combined.

OUR VOLUNTEERS.

Comrades, ere you join in battle,
Ere you fight Old Britain's cause,
Know the hearts you leave behind you,
Thinking ever without pause
Of the dear loved ones gone from them—
Gone from happy home to war,—
Bravely as your fathers' fore you,
Wended the same road before.

Brothers, husbands, sons, you brave ones,
O you true and noble band,
You are honored by your Island,
Pride o'er our Empire grand.
Fight this war of God, our kindred,
With a mind to do or die,—
While we pray our God to aid you,
Pray likewise to Him on high.

Ne'er forget the love we hear you,
While the thickest bullets fly,
We shall ever be beside you
Joining in the battle cry.
If you ever fear to falter,
Think of mother, sister, dear,
And a darling sweetheart trembling,
For the battle news to hear.

Gallant heroes! Hearts o'erflowing,
Beating for our dearest brave,
Fear the threatened. But 'tis glory!—
O to fill a patriot's grave!
Trust in God and do your duty,
He shall make the end come right,
Fight for country, love and freedom;
Shed abroad Britannia's Light.

It is Easy to Love

Your neighbor as yourself when your neighbor is a pretty girl. It is just as easy to cure yourself of Catarrh, Bronchitis or Asthma, if you use Catarrhozone, the new medicated air treatment for all diseases of the nasal and respiratory passages caused by germ life. Catarrhozone cures by inhalation without danger or risk to the sufferer. It goes wherever air can go and never fails to reach the affected parts. This is why it excels treatments requiring the use of sprays, douches, powders, ointments, &c. which cannot reach the seat of the disease and are therefore useless. For sale at all druggists, or direct by mail, price \$1. Send 10 cents in stamps to N. C. Polson & Co., Manufacturing Chemists, Kingston, Ont., for sample outfits.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where it has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent of all cases of Consumption if used according to directions. It also cures all lingering coughs, bronchial and throat affections.

The FURS We Sell.

We are showing \$10,000 worth of high class furs, all new and made by the best manufacturers, where only skilled workmen are employed. That's why we can safely guarantee every piece to give satisfaction. That's why we do the Fur trade.

THE FURS WE DON'T SELL

are made in this way—Some of the smaller Fur houses in Montreal (known there as Jew Houses) have the cutting done in the factory, but the sewing is given out to poor families, all over the city, where it can be done very cheaply, as all the children take a hand. They also buy the clippings from the large concerns, make them up into collars, muffs, etc, and sell them to those who don't know the difference, but you can judge for yourself how long they will wear. Now it sometimes happens that an unwary dealer buying this class of furs for the first time will imagine that he never could sell furs cheap before, but if you want furs that will wear you had better buy from the old reliable.
