HASZARD'S GAZETTE.

Wednesday, October 19, 1853.

PUBLIC MEETINC.

We have had barely time to give the resolutions passed at the Public Meeting this day, and must of necesstiy reserve any remarks for a future day, but we must say that we have seldom seen a public meeting conducted with more decorum and propriety. It is true that a greater degree of feeling was evinced than we have hitherto been in the habit of witnessing, but it was the genuine ebullition of generous feeling, and justly called forth by the disclosures made by various gentlemen, particularly Mr. Lydiard, the Rev. Dr. Evans, Mr. McAusland, Mr. M. Butcher and others, of the shameful inefficiency of the Fairy Queen. It will, however, be our duty to give a more detailed account, and we will endeavour faithfully to perform it. A more important and more interesting enquiry has never been entered into, and the resolutions that we this day print, and which were passed almost unanimously, fully express the sense of the meeting.

The meeting did not adjourn until nearly 5 o'clock.

Moved by Hon. T. H. Haviland, seconded by James D. Haszard, Esq.

Resolved, That this meeting deeply deplores the serious sacrifice of human life, caused by the wreck of the Steamer "Fairy Queen," on the night of Friday, the 7th October instant, during her passage from Charlottetown to Pictou, and unfeignedly sympathizes with the relatives and friends of the sufferers (nine in number,) who perished upon that melancholy occasion; and desires to express thankfulness to Almighty God for the wonderful preservation of those persons who eventually reached the shore.

Moved by James Duncan, Esq., seconded by Thomas Pethick, Esq.

Resolved, That this meeting acknowledges, with sentiments of gratitude, the energy and promptitude exhibiteed by the Community of Pictou in adopting means with a 'view to afford releif to the survivors of the wreck of the *Fairy Queen*, and in instituting a judicial enquiry into the cause of the disastrous occurrence.

Moved by James Walkingshaw, Esq., seconded by D. Macdonald—

Resolved, That it is the opinion of this meeting, from the published reports of the examination of W. R. Belyea, the Master, Patrick Treanor, the Mate, James Turner, the Clerk, and James Webster, Second Engineer of the late Steamer *Fairy Queen*, as also of Edward Lydiard, Esq, one of the surviving passengers, taken before the legal authorities in Pictou, that the lamentable loss of life which attended the wreck of the said Steamer, was owing to the base and inhuman conduct of the said W. R. Belyea, Patrick Trainer, James Webster, and others of the Crew who treacherously took away the two boats capable of containing all the Passengers and Crew, when the Steamer was in a sinking state.

Moved by E. L. Lydiard, Esq, seconded by George DeBlois, Esq.

Resolved, That while this Meeting views with the utmost indignation the unmanly and criminal conduct of W R. Bulyea, the Master, and others of the Crew of the *Fairy Queen*, in abandoning the Passengers and remainder of the Crew to await the awful catastrophe of being engulphed with the sinking Vessel—it feels imperatively called upon to express its conviction, that, from the construction and impaired condition of the Steamer *Fairy Queen*, she was wholly unfit for the service in which she was employed.

Moved by John Lawson, Esq., seconded by J. R. Bourke, Esq.—

Resolved, That it is the opinion of this meeting, that the loss of the Fairy Queen was in consequence of the unseaworthy state of the vessel, the inefficiency of her equipments, and the incompetency of the Master and Crew.

Moved by J. H. Conroy, Esq. seconded by E. Palmer Esq.

Resolved, That it is the opinion of this meeting, that the Executive authorities of this Island have rendered themselves liable to severe animadversion by engaging and continuing the services of the Steamer Fairy Queen to carry the mails and passengers, between Charlottetown and the adjoining Provinces, when it was notorious that the imperfect condition of the Hull and equipments of that vessel would imperil the lives of the passengers and the safety of the mails in crossing the Gulf of Saint Lawrence in tempestuous weather.

Moved by John T. Thomas, Esq., seconded by George Beer, jun. Esqr.,—

Resolved, That this meeting call on the legislature to pass such Act or Acts as shall afford sufficient guarantee to the Community of this Island that all vessels receiving bounty for carrying mails and passengers be fully seaworthy and properly found in Life boats and Life Buoys.

OPINIONS OF THE PRESS ON THE LOSS OF THE FAIRY QUEEN.

The Editor of Whelans Gazette, with an ungovernable malignity, has charged the *Islander* and *Haszard's Gazette* with a descreditable attempt to implicate the government. We have, as yet, it is well known, given but a feeble expression, of the public opinion in regard to this sad accident. We have plenty to say on the subject as soon as the facts can be obtained, untill then, we will publish the opinions of the Nova Scotia press, only, which in all shades of politics in no measured terms, shews the culpability of the owner, agent, and employers of the ill fated vessel. It may be very well for the Government to try and make it appear that their opponents are pressing them too hard on this subject, but the facts are too plain, and their conduct has been too gross to admit of any palliative.

We gave in our last the opinion of the Fditor of the Pictou "Eastern Chronicle," a paper which in politics, takes the same side as our government, but one we believe which is honestly and faithfully conducted.

Let us hear the opposite party.—The *Colonist* says. "The Steamer Fairy Queen, a rotten old tub that has been allowed to run during the summer," they should have said that has been engaged in the place of a sound and efficient little Steamer. The above has also been copied into the *Provincial Wesleyan*.

The *British North American* a paper independant in politics, and liberal in its views, thus prefaces its remarks:

"The terrible casualty recorded elsewhere by the foundering of the "Fairy Queen" will at last arouse the attention of the governments of these lower Colonies to the necessity of a thorough survey and inspection of Steamers employed in the public service—in which the lives of the people are endangered day-by-day.

"When such valuable lives are sacrifed, the public will awake to a sense of the awful responsibility which rests on the authorities for allowing such coffins to navigate our waters. The two young ladies whose lives have thus suddenly been extinguished, were daughters of the late Elisha DeWolf of Wolfvill,—neices of Hon. C. Young's Lady, with whom they were spending a visit, and one of whom was on the eve of marriage to the Rev. Mr. McNair.

These are all that have as yet come to hand which give the Editor's opinions. None of these gentlemen seem to be aware that this vessel was not simply allowed, but actually inspected and engaged by our government to carry mails and passengers in place of a boat that had performed the service punctually for three years previously.

TO THE EDITOR OF HASZARD'S GAZETTE

Sir,—Among the valuable lives sacrificed in the *Fairy Queen*, you have got to record that of Thomas Hamil, aged 21 years, Tobacconist, of this Town, for many years the sole support of an orphan family of six young brothers and sisters. For honest industry and integrity of character he was not surpassed. The last account of him was, that he and Dr. McKenzie, having selected a plank as their hope of escape, when the vessel first canted, too boldly committed themselves to it, and had to regain the wreck, when, becoming too much exhausted, were unable to reach the piece of deck that proved a means of safety to others, and thus sank to rise no more. In their walk through life they differed—in death they were one. * * *
