Cause of Summer Complaints.

The direct cause of pain and looseness of the bowels is an irritation of the mucuous membrance of the same, sufficient to produce excessive peristaltic or worm-like motion in the interior of the bowels by which means the matter in the bowels is naturally carried through them. This excessive irritation causes more than a natural peristaltic action, and the partially digested food matter is kept constantly passing along and evacuated freely. This is called a diarrhoea; where the irritation is enough to cause bleeding, we have dysentery. Indirect causes of diarhoea, by which an irritation is started are intestinal dyspepsia, overeating, unripe or overripe fruit, tainted meats, or oysters, &c.; torpor of liver, by which not bile is secreted; excessive flow of bile, etc. TREATMENT. Thoroughly evacuate the bowels with say Parson's Pills, they are among the best to get rid of all irritating matter. Then take Johnson's Anodyne Liniment in teaspoonful doses diluted in water every four hours, and oftener if the case is severe. In cases of Asiatic cholera, one teaspoonful should be given every half hour. Thousands of people remember the year 1849, when that worst known epidemic disease spread over this country. Johnson's Anodyne Liniment at that time was but little known outside of the state of Maine. In Bangor, Maine, the home of old Dr. Johnson, the cholera got a firm hold—people dying in that small town at the rate of "thirty-six in one day."

Many old citizens of that place look back upon that wholesale death scene even at this late day, and shudder at the pangs it cost. Johnson's Anodyne Liniment, is now in its full vigor, and they feel that with it at hand cholera cannot again devastate their fair city as in 1849. But for its use at that time by its friends, many would not now live to spread the joyful news that any case of diarrhoea, dysentery, cholera morbus, cholera, or kindred diseases, if taken in season can be cured by Johnson's Anodyne Liniment. It never yet failed. No matter how well you know this medicine it will pay you to send to I. S. Johnson & Co., Boston, Mass, for a pamphlet free just to learn how to use the liniment economically. A tea-spoonful properly used will often do more good than a half bottle as some people use it.
