THE JEWISH COLONY.—The first contingent of Jews left Montreal yesterday for the Northwest to found a new colony, at expense, including land to settle on, being paid for by Baron Hirsch. The settlement is near Regina. The new settlers will be received by a manager appointed by the Baron Hirsch sub-committee to look after the interests of the settlers. Sixty heads of families form the first contingent. By the end of the summer several hundred families will be settled in the Northwest. ap17 d w

The "Myrtle Navy" plug correctly represents the whole plan upon which its manufacture is conducted. There is not a fraction of a cent expended upon it for mere appearance. It is neither wrapped in tin foil nor worked into fancy shapes, nor put in fancy cases, nor subject to any kind of exposure to please the eye or captivate the fancy. The manufacturer rightly believe that tobacco was not purchased for ornament, but for smoking, and therefore all extraneous expense was avoided and added to the quality of the tobacco. The public have testified in its case that they prefer paying their money for a high quality of article than for ornament out of place. ap17 d w

SNOW IN APRIL.—The recent snowstorms did great damage to crops throughout the United Kingdom. The cold at latest accounts shows no sign of abatement. In many parts of the country the storms have been as severe as any during the winter, and snow is a foot deep in some sections. Many towns are completely isolated by high drifts. Late despatches from Paris and places in the north of France state that hail and sleet are falling and the weather is bitterly cold. ap17 d w

WITH GLOVES ON. The hands of the patient referred to below were so sore and offensive that he had to wear gloves continually to hide his hands, until he used PHOSPHOLEINE (Pronounced POS-FO-LEEN), when they became smooth and soft. SCROFULA AND SALT RHEUM. Dear Mr. Eggar, I have much pleasure in giving you a record of the effect produced by the use of your PHOSPHOLEINE. The following cases have come under my particular attention while visiting the sick and poor:—A case of Hereditary Scrofula.—The patient had tried most of the blood purifying remedies and Sarsaparilla in use, but for the past 19 years obtained no relief. After taking three bottles of your PHOSPHOLEINE his flesh became smooth and healthy, and he is now completely cured. A case of severe cough in the last stages of Consumption: The cough was eased, and the patient regained flesh and strength. This case is pronounced so by physicians; but had she obtained your medicine sooner, would no doubt have been cured. A case in which patient had given up the use of alcohol: The craving was cured, and the patient was regaining health and strength. A case of loss of flesh, great weakness, and indisposition for exertion of any kind, has been restored to health and strength by using your PHOSPHOLEINE. I have also recommended it to many who have been suffering from Dyspepsia, loss of strength and flesh, and in every case it has effected a cure. I have derived much benefit from the use of it myself. I remain yours, &c., E. C. NEWBERRY. For Sale by all dealers at 50c. per bottle of 60 doses. For sale by Geo. E. Hughes and Reddin Bros., Charlottetown.
