In Memoriam

MACNEILL— In loving memory of my mother, Mrs. Harry MacNeill, Beach Point, who passed away June 17, 1952. The world may change from year to year and friends from day to day but never will the one we loved from memory pass away. Fondly remembered by daughter, Mrs. Leslie MacKay, Murray Harbour.

ORD OF THANKS

I wish to thank Dr. Murchison, and Dr. Brown, nurses and staff of the P.E.I. Hospital for their kindness to me while I was a patient there. Also the many kind friends who visited me, who sent cards and treats. Thank you all sincerely.

Harold Peterson
Loyalist Road.

Seek Oil In Cape Breton

HALIFAX.— Two Imperial Oil geological parties, consisting of three men each will spend the summer in Cape Breton Island exploring the oil possibilities of some 200,000 acres in the Lake Ainslie area, south of Inverness. W. A. Roliff, who directs Imperial's eastern exploration work, revealed the company's plans after the Nova Scotia Government announced it had granted Imperial license to explore the tract.

Mr. Roliff said the geological parties will work in an area which has had an intermittent, but unrewarding, interest for oil men since the earliest days of the Canadian oil industry. In 1864—only a few years after North America's first commercial oil well was completed in southwestern Ontario—two unsuccessful wells were drilled at the site of oil seepages near Lake Ainslie. Further wells were drilled towards the end of the 19th and the beginning of this century, but they were relatively shallow and did not provide an adequate test of the region's possibilities.

"A great deal of geological information must be gathered and studied before we can decide whether drilling is warranted," said Mr. Roliff. "We will have to have some indication of the nature of rock formation deep underground to discover clues to the whereabouts of traps which might contain oil. Drilling, however, is the only way to tell whether oil exists in a formation." Even if drilling does follow, Mr. Roliff said, there will not be sufficient time to begin this year.

In 1930 and 1931 Imperial drilled wells on the Nova Scotia mainland at Amherst and near Pictou, he said both were dry.

Retail Sales In April Increase

OTTAWA (CP)—Sales of Canadian retailers in April amounted to \$1,106,866,000, an increase of half of one per cent above last year's corresponding total of \$1,101,038,000, the bureau of statistics reported Friday.

This raised January-April sales 6.8 per cent to \$3,896,470,000 from \$3,655,519,000 in the like 1955 period.

In April, sales were 2.2 per cent in Quebec. They were down 2.4 per cent in the Atlantic provinces. In the four months, area increases included: Atlantic provinces, four per cent and Quebec 9.6 per cent.

DIES ON BANKS

ST. JOHN'S, Nfld. (CP)—Portuguese authorities Wednesday released the name of a young fisherman who died of a heart attack while hauling lines in a dory on the grand banks. Adriano de Oliveira Dasdos, 24, of Aguda, Portugal, slipped over and fell in the sea only yards away from his ship, the "Ranche."

Opportunity

Established fumigating and window cleaning business, with signed contracts of over \$3000.00 for balance of year. A bargain at only \$750.00 for all equipment and contracts.
