Air Lines Safety Record Best Yet Statistics Show

WASHINGTON, Dec. 26 (AP)—The Civil Aeronautics Board said yesterday scheduled air lines of the United States achieved their best safety record this year. On the basis of the latest statistics, the Board said the record indicated 0.38 passenger fatalities per 100,000,000 passenger miles. This compared the Board said, with the previous low record of 1.1 passenger fatalities achieved in 1950. The 1951 rate was 1.3. About 24,000,000 passengers will have been carried in 1952, the Board estimated, over approximately 12,000,000,000 miles, with 46 passengers having been killed in accidents. In a year-end summary of both scheduled and non-scheduled air carrier operations, the Board reported there had been an unparalleled 83-per-cent increase in low fare air coach traffic over 1951. Passenger miles, both domestically and internationally increased 17 per cent, and mail, ton-miles and express and freight volume gained nine per cent. Passenger operations of the large irregular air carriers involved an estimated 700,000 passengers and 1,300,000,000 passenger miles flown, the highest annual totals ever produced for that type operation.

China Reds Expel Two Canadian Nuns

HONG KONG, Dec. 26 (Reuters)—Chinese Communist authorities have expelled two Canadian nuns sentenced to five years' imprisonment at a mob trial in Canton last year, a Roman Catholic spokesman said today. They are Sisters Alphonsine du Redempteur (Antoinette Couvrette, 28, of Joliette, Que.) and Marie Germaine (Germaine Gravel, 43, of Three Rivers, Que.). Last reports said they were in a Canton prison, put to such work as mending shoes. The nuns were tried last year for allegedly murdering orphans in their care. The charge is one commonly made by the Chinese Communists. The nuns looked after wards suffering from disease and malnutrition and many died.

Canada Will Sponsor Canadian Book Week

TORONTO-(CP)—A Canadian Book Week to popularize Canadian writings and increase the regular reading public will be held March 14-21. Sponsored by the Canadian Authors Association, the observance is planned to inform the public of Canadian literary works of standing, while being amusing, interesting or instructive. The CAA said that while the size of the reading public has grown in recent years, there have been offsetting factors such as radio and television and spectator sports. Mass education may have increased the reading public, it noted, but it also has been followed by a flood of "printed matter" that could not be called literature. Therefore the week is planned to publicize the works of Canadian authors and to draw public attention to some of their problems.

WEEK'S FARM EQUIPMENT
