

THE DAILY EXAMINER.

OCTOBER 10, 1887.

Exhibitions.

The Provincial Exhibition this year was a decided success, so far as it afforded our people an opportunity of showing to the public what advances we are making in the tillage of the soil and in the raising of improved breeds of stock.

A Contrast.

We have received a copy of the special edition of the Omaha Daily World, which is issued by the million, its object being to boom the State of Nebraska and direct the tide of immigration into that channel.

With our American cousins the love of country is always greater than their adhesion to party. No matter if it be a Republican or Democratic administration in power, the wide-awake Yankee is intent upon the laudable task of showing that "the glorious Republic is the Paradise in which intending emigrants can live and prosper."

It is pleasing to learn that the latest reports to the Fisheries Department, Ottawa, are to the effect that the Labrador fisheries have been much better this year than for the last two or three seasons, and that there is no fear of the people being in distress this winter.

In connection with the recent outrages in Behring's Sea, the Toronto Globe calls attention to the fact that Secretary Boutwell in 1873, after the United States had acquired Alaska, refused a request of the Alaska Fur Company that revenue cutters should be sent to prevent foreigners sealing in Behring's Sea, and said: "I do not see that the United States would have any jurisdiction or power to drive off parties going up there for that purpose, unless they made such attempts within a marine league off the shore."

The Rifle.

Table with columns: Wimb. Team, Rifles, Lt. Smith, St. John, Lt. D. L. Hooper, Capt. Crockett, Lt. McDougall, Staff Sgt. Allen, Major Dogherty, HOME TEAM, R. V. Longworth, Pte. Gay, Capt. Weeks, Sgt. Davison, Capt. Longworth, Corpl. Hooper.

Another Convert.

The Provincial Exhibition at Charlottetown has had one good effect. It has dispelled the gloom from the office of the Patriot, and made the editor's heart swell with gladness.

Decidedly Rich.

"We understand that Mr. McMillan is negotiating with the proper authorities in regard to having a railroad track established from the railway works to his wharf, and we hope his energy and enterprise will meet with success."

St. Joseph's Bazaar.

This Bazaar, which opened in St. Joseph's Convent, Pownal Street, on Tuesday afternoon last, closed after a very successful season on Saturday evening. The devotedness of the Ladies of St. Joseph's Sodality towards St. Joseph's Convent, and the respect and esteem entertained for the good Sisters of that institution were amply manifested in the well stocked tables, and in the eagerness with which each one endeavored to outdo the other in the matter of increasing the funds of the institution.

The following are the names of the ladies who presided over the different tables, and whose energy and activity in the interests of the Convent is to be commended:

Fishery Notes.

Along the first of the week some of the North Shore fishermen did remarkably well. One of them caught 1300 mackerel on Monday, off North Lake, while several others got 400 and 500 with the old hook and line. Off Margaree, on Friday, the schooner Harriet Terry, Capt. Lord, of Souris, sailed over one hundred barrels mackerel; and the Loraine, Capt. Tierney, of same place is also reported to have made a haul at the same time, off the Cape Breton shore. With the exception of the above catches there was little or no mackerel taken last week. Seining may be said to be over for the season, and anything that may be taken by the hook during the remainder of this fall is not likely to affect the market any. We only hope that next season's fishing may prove as remunerative as the one now closing has been to many of our fishermen. The value of our fisheries cannot be over-estimated, and in the commission soon to take place at Washington, it is hoped that the position which Sir John has taken in enforcing the Treaty of 1818, may be endorsed by the other British Commissioners to the utmost extent. Our fisheries must not be sacrificed to appease the cupidity of Brother Jonathan nor any other man.

SOME of the innocent pastimes of life on the Western frontier are referred to in the following notice printed in a Dakota bill of fare:—Guests, after picking teeth, must positively return bowie to belt or bootleg. Jabbing knife into table or plate during meal strictly prohibited. No shooting at the breakfast.
