OUR BUSINESS INDEX!

—OF—

CHARLOTTETOWN.

Vigorous Enterprise and Spirit of Charlotte-town.

Our Foremost Bankers, Merchants, Manufacturers, Lawyers, Etc., Etc.

A GUIDE

—TO THE—

BUSINESS OF CHARLOTTETOWN

Pointing to the Whereabouts of Charlotte-town's Capital, Energy and Genius.

Those Who Contribute to our Commercial, Industrial and Professional Activity.

A Carefully Classified Index of the Business Houses, Manufacturing Establishments and Professional Firms of Charlotte-town.

READ CAREFULLY AND PONDER.

THE full and reliable Index, pointing to the business firms of Charlotte-town, published in to-day's issue of THE EXAMINER, is a very handsome page, and contains the names of enterprising and leading citizens who have earned and are in the full enjoyment of good and honorable reputations in the sphere of commerce, manufactures and professions. The mention in each instance is brief, but sufficiently full to indicate clearly the nature of each firm's or individual's business or profession. It is not pretended that all the solid and prominent business firms in the city have places in this array. We could not reach every one, and a number we found were not ready to avail themselves of our space at this time. But while we qualify our assertion in regard to the names that appear on this page to-day, we still claim for them, one and all, that they are distinguished for enterprise, ability, probity and success. They are foremost bankers, merchants, manufacturers, lawyers, etc. Taken together, they may fairly be regarded as leaders in the different departments of commercial, industrial and professional activity.

To the general reader our Index will not be without interest, affording, as it does, an accurate map of the business of Charlotte-town, and showing the general tenor of business of the city during the past few years. It is of sufficient moment to every person having the interest of our city at heart to insure it a widely extended circulation, and for that purpose we have printed a sufficient edition, so that all may be supplied, and all can obtain copies for mailing purposes at this office.

We also publish this list on a large card for free distribution, and to be placed in prominent places for constant reference.

A Attorneys & Barristers.

The Public Finances.

The Montreal Gazette reports that the statement of revenue and expenditure for the current fiscal year from July 1st, 1886, to April 30th, 1887, is very satisfactory. For the last two years the transactions have produced a considerable deficit, due mainly to the fact that the cost of suppressing the rebellion in the Northwest was defrayed out of current revenue, and also in part to the decrease in customs receipts through the decline in the value of staple articles which reduced the receipts from ad valorem duties. To date the income has been \$28,100,936 as compared with \$27,307,375 in the corresponding period of the preceding fiscal year, a gain of some \$850,000. The principal sources of revenue yielded as follows:—

	1885-6.	1886-7.
Customs	\$19,293,963	\$18,200,441
Excise	5,581,651	4,704,794
Post office	1,562,763	1,671,250
Public works	2,057,302	2,162,785
Interest	1,040,153	313,741

Some considerable variations in the accounts, it will be observed, occur. The decrease of \$700,000 in the income from interest was caused by the cancellation of the indebtedness to the Canadian Pacific Railway company to the Government on account of the loan of \$20,000,000 to it, which loan was extinguished last summer. Customs receipts are larger by \$2,000,000, an increment arising out of the prosperous condition of trade and the larger importation required to satisfy the legitimate consumptive demand. On the other hand the excise revenue is considerably less than a year ago, from the fact that in anticipation of important changes in excise duties in the session of 1886 very large quantities of liquor were taken out of bond, and the equilibrium is only now being restored. The gain in income from the post office and public works, under which latter head is included railways operated by the Government, is the result of the growth of population, more active trade movement and extended postal facilities.

The expenditure of the current year to April 30 was \$25,985,548 as against the preceding year, a reduction of \$2,865,000. Almost the whole of this arises out of the item of cost for the suppression of the uprising in the Northwest, there having been spent for this service only \$210,085 this year as compared with \$2,836,246 in the year 1885-6 to same date. On April 1st a year ago the expenditure exceeded the revenue by \$1,542,674, while now the revenue exceeds the expenditure by \$2,175,388, making a total gain on the ten months of \$3,718,062. On May 1st of this year interest on the public debt to the amount of \$1,274,005 fell due and was paid, and that about closes the interest charge for the fiscal year. When all the accounts are in it is now reasonably certain that the transactions of the twelve months ending with June next will show a small but sufficient surplus, and that after paying the whole cost of the rebellion out of current revenues.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up with disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that Green's August Flower will make them free from disease, as when born. Dyspepsia and liver complaint are the direct cause of seventy-five per cent. of such maladies as biliousness, sick headache, costiveness, nervous prostration, indigestion, dizziness of the head, palpitation of the heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottle, 10 cts. Try it.

LARGEST stock and noblest styles of hats ever presented to Charlotte-town public at E. Stuart's new hat store, Newson's Block. ap19
