

## A Letter from one of your Arts Reps

Hello everyone. I would like to take this opportunity to introduce myself - I am Laura Kilfoil, one of your four Arts Representatives on the Student Union Council. Your other Arts Representatives are Daryll Cole, Hans Connor, and Jennifer Bartlett. The Student Union Council meetings have been very informative and productive. To give a feel for what is coming up this year here are a few of the goals;

- 1) Raising the spirit of the students;
- 2) Raising the awareness of SU activities;
- 3) Student Union work;
- 4) A university centre;
- 5) Student Union speakers campaign.

These are just a small amount of what we hope to accomplish.

This letter is to inform you of my commitment and enthusiasm for this year. I am available at all times through the receptionist at the Barn or at the Mini-Centre in the Pit on Tuesdays 11:30 - 1:00. Your input on all issues (such as student carrels, condom dispensing machines, wet-dry pubs) is needed in order for me to represent you as Arts Rep. I also hope to join the many Arts clubs (ie. Club Politique, Modern Languages, etc.) to keep in touch with what is happening in the Arts faculty.

Please contact me with any questions or concerns that you have. I need and welcome all opinions concerning our year here at UPEI.

Your Arts Rep  
Laura Kilfoil

## The Ins and Outs on Campus

Here we are with more observable trends for the UPEI campus. Let us know what you think of Hot or Not. This is an arbitrary column not necessarily reflecting the opinions of the Gem Editors.

### What's Hot!

-The old 'baldy' look of Marion Hallers' shaved heads (like wham, KVB + The Fly).

-Newlines on the 'Pseudo' football field between Blanchard and Bernadine.

-Student Union President Dean MacMillan and his efforts to get thing rolling fabulous.

-The Modern Languages club executive and their plans for the club to travel to exotic, warm, french islands.

-Exchange trips to Japan - the list is nearly full.

-WUSC and their efforts to raise money by Hunger strike.

-The group of business students who are doing their policy project on the feasibility of the University Centre for UPEI.

-Chemical free dances at the Barn on Sunday nights - Big Success

-Bernadine Halls' House Committee plans to make their own yearbook. (It will probably be done before the 1986/87 UPEI Yearbook comes out).

-Embarking on a voyage to the "Blue Zone".

-Jake, the concerned student for attempting to shut up da Biker et al.

### What's Not!

-The one-sided razor swipe the new Marion Hallers sport.

-Professors who try to sneak personal mail through the work budget.

-The Psychology Club and its mundane "clique"ish meetings.

-French Club Dinners in the small cafeteria Dining Hall being used as a chance to get extra marks from professors. Suck-holes.

-Hawaiian Pubs or Beach parties for themes.

-The former Bernadine Hall House President who quit.

-Movie Pubs with old movies-worse than Gilligan's Island reruns.

-Being forced to listen to CIMN in the Pit. It was so peaceful last year when no one noticed that the wires were cut.

-The History Clubs lack of spirit. Where have all the members gone?

-Brian "da Biker" Cormier, Pungeonmaster, Death and the rest of those who have repeatedly bored us with their innane running comentary in 5-lines free.

I.C.U.

The Brunswickian

**Mondays.**

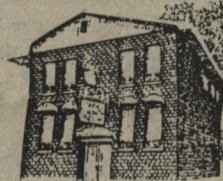

## UPEI's National Student Day

The UPEI Student Union/CFS Committee would like to comment the spirit and actions of student at UPEI, and those other students nationwide. The Oct. 19th National Student Day was one special celebration and we hope all participants enjoyed the day. We also hope that the positive feelings of your individual self recognition as well as appreciation of fellow students remain throughout this year and years to come.

In an ongoing attempt to provide information on the good

work of yourselves, and other students we are please to inform you of the cooperative attempt of your committee, the Faculty of Arts Scholarships Committee, and the UPEI Information Office to publicize important achievements like in the area of graduate scholarships of recent UPEI graduates.

Look forward to these promotions, and then consider yourselves as possible winners in award money and deserved recognition. Bravo students!
