THE LATE GALE ON THE LABRADOR—TOUCHING INCIDENTS.

[From the Public Ledger]

There are true heroes in the humblest walks of life, as well as in the high places of the field "The short and simple annals of the poor," if written, would disclose some of the noblest instances of self sacrifice, and brave endurance for the sake of others, that have ever glorified our humanity, and lifted our souls to higher levels. A very touching illustration of this has just been related to me, by one who has recently returned from Labrador. I shall endeavour to tell the tale briefly and simply.

The awful hurricane that raged along the coast of Labrador on the 9th of October last has no parallel in the memory of the oldest inhabitant. The sea rose, in many places, thirty or forty feet higher than it had ever been known to rise before. Cliffs that had stood the buffeting of the waves, without perceptible change, for half a century, gave way before the furious rush of the watery battalions. Huge boulders that the united efforts of twenty-four strong men could not move, were hurled from their heads and carried far up the beach by the mighty swing of ocean. Blinding snow drifts, showers of hail, sleet and rain accompanied the tempest. Alas! for the poor fisherman along that iron-bound coast, whose frail barques were not sufficiently sheltered from the storm. In a few hours thirty vessels were driven ashore, or swalloed in the boiling surges; some fifteen hundred beings were shipwrecked, and more than thirty met a watery grave, or perished of cold and hunger on the inhospitable coast. The produce of months of hard toil was swept away.

A vessel named the *Renfrew*, Delaney Master, with a large number of men, women, and children on board, tried hard to ride out the hurrican; but at length she dragged her anchors and was driven ashore. With great difficulty all on board were safely landed. Drenched with rain, blinded by the snow-drifts, shivering in the cutting blasts they found themselves without food or shelter, the nearest huts being five miles distant. Night closed in as the last of them were being dragged ashore. Their only hope lay in endeavouring to reach the huts; and through the darkness and storm those who were able staggered on along the pathless wilderness in search of shelter.

Who can picture the horrors of that awful night of suffering. When the morning sun shone out, nineteen women and children lay dead along the shore. One group of children were found clasped in each others arms, sunk in mud to the knees, frozen, all dead! During the darkness and the confusion of landing, four young children were separated from their parents who sought for them in vain, and at length gave them up for lost. A boy fourteen years of age encountered these poor littles ones; and on learning their deplorable plight, he resolved to do what he could to save their lives. Making the shivering children lie down, locked in each other's arms, he set to work resolutely collecting moss and piling it on them, layer after layer, till at length the piercing cold was partially excluded. Then having fortunately discovered a fragment of a sail, he spread it over all, rolling stones on the extremities to keep it in its place. By hard toil he collected more moss, and increased the rude covering, until the poor little children ceased to cry with the bitter cold, and sank into a slumber. Through all the dreary hours of that awful night, this heroic boy remained by these children guarding them from the blast and speaking to them when they awoke words of cheer and hope. He might have taken refuge in the huts, but he would not leave his helpless charge. At length day-light appeared, and then he turned his tottering footsteps towards the huts to look for aid. When half way, he met the parents of the missing children coming out to search for their bodies. He told them where they were to be found; and on lifting the covering of moss their hearts throbbed joyfully to find their children alive and refreshed with sleep. But, alas! on the way back, they found the noble boy who had saved their children's lives, at the expense of his own, lying dead! Nature was exhausted after the fatigue and exposure of the night; and unable to reach the friendly shelter, he sank and expired.

Our hearts have thrilled over the tale of the gallant Sydney, who, when parched with the death thirst, gave the cup of water to the wounded soldier, saying, "thy need is greater than mine." History has glorified the names of those who have sacrificed their lives on the altar of patriotism, or who risked and lost life in alleviating the woes, or saving the lives of others. With moistened eyes we have read of the British soldier who thrusts the despatch with which he was entrusted into his wound, lest it should fall into the hands of the enemy, and then lie down to die. Our pulses have throbbed over the story of the boy who

"Stood on the burning deck
Whence all but he had fled,"

and though the flames were curling round him, refused to move till his father, who had placed him at the post of duty, should give the order to retire. But I think the deed of this gallant young hero of Newfoundland deserves record among the brightest acts of unselfish heroism. Picture him in that night of storm, on the savage shore of Labrador, when the hardest fishermen were driven to shelter, though their fellow-creatures were perishing around, as they cried in vain for help, with the howl of the tempest, and the roar of the angry surges in his ears, struggling along to shelter and save these poor helpless children—feeling his own strength ebbing away, and yet, at the call of humanity, refusing to listen to the promptings of self preservation, giving up his young life on behalf of others! Consider, too, that those he saved had no claim of blood or kindred on him. No prospects of praise or reward sustained him through those hours of darkness. No eye but His to whom "the darkness and light are both alike" marked his heroism. It was a deed of pure, unselfish love. I have not been able to ascertain the name of this gallant boy; but when, in after years, the tale of the awful hurricane of 1867 on the Labrador, shall be told around the winter hearths of the fishermen, shall not this heroic deed be told also "for a memorial" of him; and shall it not awaken young hearts to similar deeds of self-sacrifice.

The survivors dug a common grave for the dead; and in it, with bitter, heart-wrung tears, husbands laid the uncoffined bodies of their wives and children, and friend buried friend. No coffin or shroud for any form; no memorial to mark their resting place; no words of Christian consolation breathed over their dust. The young hero whose tale I have told sleeps with the others in this lonely grave. But another form was laid there—that of a mother who was found dead, with a living infant clinging to her breast, and endeav[...] draw nourishment from her bosom—[...] from men who seldom wept. With [...] stronger than death, the poor mother had [...] herself of her clothing, wrapped it around [...] and then clasping it to her bosom so as [...] it from the blast, she sank into the [...] In the morning, the unconscious babe [...]ed up smiling, into the faces of the survivors from its shelter on the dead mother's bosom. O mighty power of love, that throbs often most strongly in the bosom of the humblest—those whom we in our pride and scorn, pass by with contempt—prompting to deeds of self-sacrifice that show what depths of tenderness slumber unsuspected in human hearts, and proving to what heights humanity may rise. How poor does many a deed that has been sung by a poet appear when contrasted with the acts of this nameless fisher-boy and poor, loving mother. Dead boy! Dead mother! How your deeds of love brighten this scene of horrors, carrying our thoughts up to that Infinite Love who gave Himself for our poor lost humanity; rebuking our cold selfishness, and saying to all go and do something to help and comfort your suffering brothers! O dark mystery of sorrow, pain and death! In presence of such examples of love breathed into the soul of man from the Divine source of Love, we can better believe, notwithstanding the dark chain of sorrow that encircles our race, that the universe is rocked in the arms of Everlasting Love; and that

"Every cloud that spreads above,
And veileth love, itself is love."

A COMPARISON.—The St. Louis *Republican* deplores, in the most lugubrious terms, the heavy burthen of taxation which the American people are now called upon to endure. It says that, in former times, it used to be the custom for Americans to boast of being the most lightly taxed people in the world, and to point with delight to Great Britain as an instance of over-taxation. It then draws attention to a few facts connected with the present position of the two countries, which are certainly very instructive and suggestive. The rate of taxation in Great Britain is 90 cents on the one hundred dollars; in the United States the rate of taxation, without considering that of the State and local corporations, is three dollars and nine-three cents upon the hundred dollars of property. Thus the rate of taxation by the Federal Government alone is now four times as great as that of Great Britain. Nor is this all. The Americans pay to their central government upwards of two hundred millions of dollars more in taxes than the people of the British Islands pay for the maintainance of their efficient and comparatively cheap form of Government. And yet, under the British monarchy, a large pension list is kept up, and every man who does the State service is bountifully rewarded, and his descendants after him; while, in America, statesmen who have distinguished themselves by their ability, and generals who have fought and bled for their country, are soon forgotten, and too frequently allowed to sink into poverty and obscurity.—*Hamilton (C. W.) Spectator.*

CERTIFICATES:

Cancer of the Womb Cured.

Messrs. Rogers & Co,

GENTS.—I have been cured by your wonderful Medicine of one of the worst of diseases, as follows, viz:

I had been afflicted for several years with an internal Tumor, and four years ago I was taken sick with a fever; the old complaint also revived. I had a Doctor attending me, but continued to get worse, we sent for another Doctor. He pronounced it a hopeless case, and said I could not live long. He said the Tumor was then as large as a pint bowl, and was assuming a cancerous nature. I suffered more than tongue can tell. My friends expected me to die daily. They were called in to see me die, and I was reduced to a mere skeleton. I suffered in this dreadful manner for upwards of two years. I at length, as a forlorn hope was induced to try your medicine. The first lot seemed to make me worse, and I became discouraged; but the Rev. A. W. Borss advised me to continue. I did so, and soon began to improve, and I am now well again, and a wonder to myself and neighbors. I feel as one raised from the dead. I am a young woman of 26 years of age. I state these things for the benefit suffering humanity, and I cannot begin to describe the severity of my case—it is widely known in the County of Yarmouth, Nova Scotia.

Yours, with much gratitude,
LOIS A HATFIELD.

We, the undersigned, friends of Miss Hatfield, have much pleasure in endorsing all she says above and much more might be said of this most extra ordinary case.

MARIAH GAVILL,
MARY L. McCORMIC.

ULCERATED CANCER CURED!

Who needs better proof than the following voluntary testimony of

MRS. HANNAH BALMAIN, OF WICKHAM, N.B.

Some four years since there came a lump in my breast, and at the time I did not know what it was—but on showing it to three Doctors, they told me it was a "CANCER," and for which the knife would have to be applied; then again, I went to a female doctor, who has been in the habit of curing Cancers by drawing them out, but she informed me that it was deep in the flesh and too long seated, and therefore could not help me. Knowing that something must be done, I concluded to try your medicine, which I saw advertised in the *Visitor*. Accordingly I sent for a can of *Ointment and Powders for making the Syrup*, which I used without the slightest change at the time. I began to think it was a failure, but concluded to give it another trial; consequently I procured another can of Ointment and Powders, and from its use it gathered and broke in two places, and discharged very freely for about six months, after which time it broke again in another place, and one of the old Ulcers healed up, the remaining two still remaining, one of which ran for two and a half years, the other healing up in about two months after it broke, during which time I used your medicine regularly. I may here state, that the last Ulcer healed up about thirteen months ago, since which time I have enjoyed good health. Yes, I may say better health than I have enjoyed for several years.

I remain yours, respectfully,
MRS. HANNAH BALMAIN.

Wickham, Queen's Co., N. B., February 11, 1867.

EXTRACT OF A LETTER.

FIVE ISLANDS, Nova Scotia, October 21st, 1867.

Messrs. Rogers & Co.

GENTS:—My daughter is nicely, and you have done wonders, for I never thought you would make a cure as you have done. Her leg appears to be quite strong, but it itches a little.

Yours, &c.,
EDWARD CORBETT.

The above was a very severe case of Scrofula of four or five years standing, and after having baffled the skill of the best Physicians and almost every other Patent Medicine, and the child appeared to be on the verge of the grave, and the parents having lost confidence in everything in the medical line, we undertook the cure for a certain sum, and if we failed we were to get nothing: but we succeeded, as we do in every case of Scrofula we undertake. Nearly the whole of the bone from the knee to the ankle came out in pieces from time to time.

ROGERS & CO.

Mrs. Edwin Starratt, of Port William, Nova Scotia, after having lost the use of her limbs for upwards of three years, has been fully restored to her former health by the use of our medicine. Any one wishing to know the particulars can correspond with Mrs. S. who will give every information.

R. & Co.

Mr. Allen, Editor of the Liverpool *Transcript*, Nova Scotia, has been cured of a very bad Scrofulous sore on his leg, of several years standing, after every other means failed.

R. & Co.

Miss Miles of Milton, Queen's Co., Nova Scotia, was for upwards of three years suffering from a general derangement of the system. Suspension of the menses, bleeding at the lungs, &c., &c., and to all appearance was fast sinking to the grave. Medical skill and every other means proving ineffectual. In a few months our *ALTERATIVE SYRUP* restored her to her usual health.

Persons wishing to know the truth of this case can drop a line to the Rev. JOHN HUGHES, Baptist Minister at the above place. We could easily fill pages of newspapers with the relation of such cases, but we deem the above sufficient for the present.

R. & Co.

It usually takes from six to twelve months to effect a cure in cases of long standing, and will cost from thirty to sixty dollars. The cheapest way for such cases is to order a $20 box at first, which can be had in New Bruswick by ordering from

JOHN CHALONER, ESQ.,

Before the Medical College, Glasgow.

I do hereby certify, that by request of scores of my patients and others, I have analyzed what is known as old Dr Judson's Worm Candy Sticks; on analysis, I find it to contain nothing that is the least injurious to the youngest infant. I find that the Medicine used, acts specifically on the Worms, and is a perfect regulator of the debilitated system—knowing this to be the fact, and the medicine so pleasantly disguised in a candy stick, I strongly recommend to this Board of Physicians to prescribe *Dr. Judson's Dead Shot Worm Candy* to all of their patients that are troubled with the common or Tape Worm.

CHILDREN TEETHING

MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of mothers her

Soothing Syrup,

FOR CHILDREN TEETHING,

which greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay all pain and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over thirty years, and can say, in confidence and truth of it, what we have never been able to say of any other medicine—never has it failed, in a single instance, to effect a cure, when timely used. Never did we know an instance of dissatisfaction by any one who used it; on the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter "what we do know," after thirty years' experience, and pledge our reputation for the fulfilment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered.

This valuable preparation is the prescription of one of the most experienced and skilful nurses in New England, and has been used with never-failing success in

THOUSANDS OF CASES.

It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

GRIPING IN THE BOWELS, AND WIND COLIC,

and overcomes convulsions, which, if not speedily remedied, end in death. We believe it the best and surest remedy in the world, in all cases of Dysentery and Diarrhœa in Children, whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—do not let your prejudices, nor the prejudices of others, stand between your suffering child and the relief that will be sure—yes, absolutely sure—to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of CURTIS & PERKINS, New York, is on the outside wrapper.

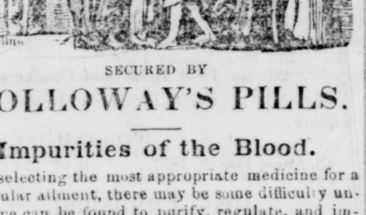
THE ROAD TO HEATH AND LONG LIFE



SECURED BY

HOLLOWAY'S PILLS.

Impurities of the Blood.

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the causes why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, and restoring its healthy digestive tone; they are, therefore, confidently recommended as a never-failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Disease of the Head and Heart.

These formidable diseases are, unfortunately, of frequent occurrence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest preservatives against all derangements of the brain, and are the speediest correctors of irregular circulation. If they be taken without delay, when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvellous.

Females of all Ages & Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favor is accorded to them for their invigorating and purifying properties, which render them so safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength and cheerfulness to the frame where previously all was lassitude, gloom and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered disgestion is, unfortunately, felt by most. These famous Pills should be taken in appropriate doses to adjust the disturbed functions. They dispel headache, biliousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience.

Influenza, Diptheria, Bronchitis, Coughs and Colds.

In our changeable climate few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflammation, and restore lasting soundness.

Holloway's Pills are the best Remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula, or King's Evil

and acknowledged by many prominent physicians to be far the most Reliable Preparation ever introduced for the RELIEF and CURE of all

The unequalled success that has attended the application of this medicine in all cases of

Such testimony

CANNOT BE DISCREDITED.

From the mass of evidence in our possession we select the following:—

From L. J. RACINE, Esq.,

of *La Minerve*, Montreal. "Having experienced the most gratifying results from the use of *Dr. Wistar's Balsam of Wild Cherry*, I am induced to express the great confidence which I have in its efficacy. For nine months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the side, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without resting to recover from the pain and fatigue which so slight an exertion occasioned. At this juncture I commenced taking the Balsam, from which I found *immediate relief*, and after having used four bottles I was completely restored to health. I have used the Balsam in my family, and administered it to my children, with the happiest results. I am sure that such Canadians as use the Balsam can but speak in its favor. It is a preparation which has only to be tried to be acknowledged as the remedy *par excellence*."

A CURE FOR WHOOPING COUGH.

ST. HYACINTHE, C.E., Aug. 21, 1856.

Messrs. SETH W. FOWLE & SON.

Gentlemen:—Several months since a little daughter of mine, ten years of age, was taken with *Whooping Cough* in a very aggravated form, and nothing we could do for her seemed in any way to relieve her suffering. We at length decided to try a bottle of *Dr. Wistar's Balsam of Wild Cherry*. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure.

You are at liberty to make any use of the above you think proper. If it shall induce anybody to use your Balsam I shall be glad, for I have great confidence in it.

Yours, P. GUITTE,
Proprietor of the *Courrier de St. Hyacinthe.*
