

## WINTER SCENE

The undisturbed snow slopes down to the river that winds crystal clear through the trees. You're at peace in this winter scene, in harmony with the natural world around you.

You're the kind of girl who wants the simplest yet most dependable kind of sanitary protection—Tampax tampons. They're worn internally, so you don't worry about discomfort or unpleasant odor. You never feel them when they're in place, yet you're secure

knowing how they expand softly to fit your inner contours.

Tampax tampons help make possible the most active, vital lifestyle. Yet in your quiet moments, you appreciate how their gentle, reliable protection helps simplify the natural process of menstruation.

## Donor Clinic

Attention Students:

Thursday, February 21, there is the first blood donor clinic of 1974 at the UPEI gym. The times of the one-day clinic are 10-12 a.m., 2-4 p.m. and 7-9 p.m. Come and bring a friend.

The clinic held in October of 1973 was very successful, 86% of the objective was obtained. We have door prizes again this time for some lucky donors. Few can save a life -- be a donor! Let us see if we can get 100% of our objective this time (360 donors).

We need eight volunteer workers for each of our two hour clinics. If you have some spare time on Thursday please sign up at the coffee shop, library or Bernadine Hall if you would like to help.

Thank you for your co-operation and support. Let us all turn out on February 21 to donate our blood.

Joe Murphy,  
Chairman of UPEI Blood Donor Clinic.

## S.U. Positions

Once again we are changing machinery and gears. Positions are up for the filling in the Student Union. If you would like to help out by applying for a committee or a chairmanship, talk it over with someone and drop it in at the S.U. office.

Don't think you can't do it. Most people who serve on committees have moments of doubt, but in the end most can say, "I'm glad I tried". Talk to the people who have served, they can tell you what it is all about. Consider this a chance to put something new and different into your life, as one to be taken seriously and maybe as one of the answers to the cloud of gloom that hangs around.

We hope we get a good response. A good response is usually free and spontaneous and we look forward to your enthusiasm. Hopefully we won't be filling positions by acclamation.

Deadline is 5:00 p.m.,  
March 6, 1974.
