McGILL COLLEGE. TRIPLE CONVOCATION.—A GRAND CEREMONY. —ISLANDERS TO THE FRONT.

(Special Correspondence of The Examiner.)

MONTREAL, April 30.—The triple convocation for conferring degrees in the faculties of science, arts, and law, of McGill University, took place to-day in the Windsor Hall, in the presence of two thousand spectators. On previous occasions these events have been held within the College walls—in the William Molson Hall—but this year the interest was so great and the attendance likely to be so large, that the largest public hall was sought out, and it proved itself not nearly equal to accommodate the many friends of McGill. His Excellency the Governor-General graced the proceedings with his presence, and amongst the ladies of note were Lady Dawson, Lady Macdonald and Lady Smith. All the Governors of the University, the Principal, Chancellor, Professors and Fellows, the Judges of the Supreme Court, the Clergy of all denominations, and a large body of graduates, all robed in appropriate costume, were in attendance. One prominent feature of the event was the notable place taken by those who are proud to acknowledge Prince Edward Island as their native place. Chief among these was Mr. W. C. McDonald, whose benefactions to McGill the past year sum up half a million dollars, devoted to the interests of Law, Arts and Science, but chiefly the latter. When the McDonald buildings are erected, the Science Department at McGill will be as strong as any in Europe or America. It will be of interest to note the place taken by students from the Island, as their names appeared from the convocation lists. First came Mr. R. S. Lea, of Victoria, who won the Lord Stanley gold medal, the special British Association prize of \$30, the prize for best summary report on "Standpipes," \$25, prizes in theory of structures, hydraulics, steam and designing. The Dean announced that Mr. Lea had obtained the highest marks that had ever been gained in the Science Faculty, and that he was first in every subject of the advanced and ordinary courses of Civil Engineering. In the third year, Mr. E. A. Stone, another Islander, stood first, winning the Scott Exhibition of \$66. Prizes in Mathematical Physics, Descriptive Geometry, Theory of Structures, Surveying, Mathematics and Instrument Work. In the second year, Mr. Thomas McLeod stood first in Civil Engineering, and in the first year R. C. Holman took a high standing with first prize in Mathematics and Chemistry. It will be remembered that Mr. A. W. Strong was gold medalist last year, with Mr. J. P. Taplin second, and in 1888 Mr. R. E. Palmer held a similar position. In the Faculty of Arts Mr. D. J. Fraser obtained first rank honors in Mental and Moral Philosophy, and had also the distinction of reading the Valedictory for his class. In the third year Mr. H. N. Goff obtained first rank general standing, and in the first year Mr. John S. Gordon won the prize for Hebrew and the special prize for the Maritime Provinces. It is not too late to speak of some results in the Medical Faculty. The only Island graduate was A. C. McLehlan, one of the strongest men of his class. In the third year Mr. J. A. McNeill B. A., obtained first-class honors in Medical Jurisprudence, Mater Medica, Therapeutics, and Pharmacology. Mr. E. J. Keir also passed with credit. In the primary years, Messrs. A. J. McKinnon, D. A. Bruce, J. D. McIntyre, Dewar, McMillan, and Matheson occupied prominent places. The success of these students is a matter of comment, and brings additional credit to the Prince of Wales College, the visit of whose Principal, Dr. Anderson, to Montreal, is still talked of in University circles.

Whilst the subject is "Islanders," it will be proper to mention the success Mr. Robert Harris is meeting in the Art world. His portrait of Sir Joseph Hickson, for which he received a thousand dollars, is now on exhibition in the Royal Canadian Academy. He has also another picture, which anyone who knows Charlottetown will recognize as that of Connolly's wharf.

LETTERS TO THE EDITOR

Seed Grain.

Sir,—The Local Government has bushels of Black Tartarian oats for distribution amongst the farmers of the island (and the amount was not near) to meet the demand. Will you be a benefit to the farmers if the Government if a sufficient amount has been obtained? Many are not but anxious to pay the amount in order to get good seed, and it would be a move in the right direction to have the Government to purchase different varieties of proved seed were reported yearly and furnished to the farmers at cost. Is it too late to import another lot this spring?
H. L. G.
China Point, May 3, 1890.

Personal.

Mr. W. Dennis, of the Halifax Herald, is to be congratulated upon his re-election as alderman. The office of the Herald is a candidate for election to the Legislature in Halifax, and the editor of the Mail, the Herald's evening edition, is a candidate in Shelburne.

A bottle containing a card on which was written: "Steamer Erie, Capt. McGinty, at the bottom of the sea," was picked up the other day off the English coast, and several London papers sapiently concluded it was a message from the ill-fated steamer Erie. English editors evidently do not read their American exchanges very closely, or they might have seen some passing reference to McGinty ere this. His name has been in one or two papers, and possibly three.

If the Sufferers from Consumption,

Scrofula and General Debility will try Scott's Emulsion of Cod Liver Oil, with Hypophosphites, they will find immediate relief and a permanent benefit. Dr. H. V. Mott, Brentwood, Cal., writes: "I have used Scott's Emulsion with great advantage in cases of Phthisis, Scrofula and Wasting Diseases. It is very palatable." Sold by Druggists, at 50 c. and \$1.00.

FOR THE WEAK AND LANGUID.—Campbell's Beef, Iron and Wine is one of the best tonics, possessing many nutritive and strengthening qualities. It is recommended by the leading medical men. If you are weak and languid a bottle will give instant relief. See that you ask for a dog Campbell's Beef, Iron and Wine.
now filed

HOUSEKEEPERS.—During house-cleaning times, when taking down your Pictures and Steel Engravings, etc., before putting them up again send them to Taylor & Gillespie, where they will be cleaned and made look as good as new. Taylor & Gillespie, Bookbinders, Queen Square, over R. K. Jost's Boot Store.

A FATAL MISTAKE.—According to an exchange, a man went to the city hospital of Hamilton, Ont., some time ago suffering from a diseased kidney, the other being perfectly sound. The doctor in attendance removed the sound kidney in place of the diseased one, and the man died shortly afterwards.

TO SHIPPERS.—Special attention is directed to the advertisement of the sailings of the Princess Beatrice, which appears elsewhere in to-day's issue. Mr. W. W. Clarke, who is the agent here for this well-known and popular steamer, will be at all times pleased to furnish the fullest information with respect to passengers or freight.

K. D. C.—Are you troubled with loss of appetite, craving for food, distress after eating, acidity of the stomach, heartburn, constipation, headache, dizziness, drowsiness, depression of spirits, etc., then try our King's Dyspepsia Cure and you will have these ills no more. All druggists and dealers.

Everyone is delighted with the children's clothing at J. B. Macdonald's.
