Directors.....Pat Doyle, Charlottetown 566-1171  
.....Ruth Richman, Lewes 962-2516

NEWSLETTERS are published bi-monthly. Articles, notes, reports, drawings, etc. are welcomed from members. If you have seen anything unusual, please share it with us. It is important to have your observations recorded so that others may learn from them. "Today's notations become tomorrow's history". All contributions should be sent to:

Gary Schneider,  
RR6,  
Cardigan, P.E.I. COA 1G0  
Phone: 838-2678

The Natural History Society gratefully acknowledges financial assistance from the Department of Transportation and Public Works which enables the newsletters to be distributed to schools and libraries as well as to members. The Natural History Society of P.E.I. is a member organization of the Canadian Nature Federation. The Society is a registered, non-profit organization. Editors of other newsletters are welcome to reprint articles appearing in this issue but acknowledgement would be appreciated.

## THIS MONTH'S COVER

The Meadow Vole (*Microtus pennsylvanicus*) is often seen at this time of year running into holes in the snow or hiding under piles of wood. About 7 inches long, it has gray to dark brown geographical variants. It makes its home in grasslands and near bodies of water throughout Alaska and Canada and in the northern third of the U.S.
