THE CITY OF GLASGOW BANK—London April 1.—The "Times," commenting on the announcement that the next call on the City of Glasgow Bank shareholders will be at least £2,250 per share, fears this portends ruin to nearly every shareholder. The "Times" recommends creditors to accept fifteen shillings on the pound.

A YOUNG American from Boston named Geo. H. Flint died suddenly during the night of Friday at the American Hotel, Montreal. He is believed to have committed suicide, as a bottle of poison was found in his vest pocket. His hands were drawn up, and he appeared to have died in extreme agony.

YESTERDAY'S issue of the Patriot revives the insult that Cartwright, the Grit Minister of Finance, offered the Highlanders of Ontario last summer, and very grossly misrepresents a paragraph in our paper of the previous day. The Patriot knows that the Belfast Highlanders will, to-morrow, poll a solid vote against his Grit candidate. Hence his chagrin and insulting insinuations.

ALTHOUGH the roads leading to the city are in a very bad state, the market to-day was largely attended. Prices were as follows:—Beef (small) from 6 to 12 cents per lb.; mutton, from 6 to 10 cents; pork (carcass) from 5 1/2 to 6 cents per lb.; veal, from 4 to 7 cents; oatmeal, \$2.25 to \$2.50 per 100 lbs.; flour, \$2.75 to \$3.00; butter (fresh) from 20 to 24 cents; butter (tub) from 15 to 17 cents per lb.; eggs, from 11 to 14 cents per doz.

Two thorough-bred stallions, which were imported from England for the use of the Stock Farm, were sold by order of the Stock Farm Commissioners, on the Market Square to-day. "Abel" was bought by Mr. Edward Howatt, of Tryon, for \$105, and "Brown Stout" was bought by Mr. Allan Boiesner, North River, for \$270. Mr. J. J. Davis, of this city, bought a splendid Ayshire bull calf for \$30.00.

It was twenty-six thousand dollars worth of debentures—not thirty-six thousand dollars worth—as erroneously stated last evening—which were issued by Mr. Davies' authority, and which the citizens have to pay for with interest. Yet Mr. Davies lately declared the issue of debentures a curse, and stated that a mortgage is placed upon the property of every man in the community for which they are issued. Citizens, give Mr. Davies a hoist with his own petard! On his own showing he is guilty of an unjustifiable offence.

THE Halifax Reporter states that the Government of Nova Scotia have resolved upon providing the harbor of Halifax with a steam barge, to ply between Richmond, Halifax and Woodside, calling at all the wharves of the harbor, Dartmouth and Halifax sides both, to take freight. This steam barge will be so constructed as to receive freight at all tides, and will be of sufficient size to hold from four to six cars. Of course, with the Woodside refinery in full blast, there will be almost enough freight to warrant the Government going to the expense.

AN Ox belonging to Mr. Scott, of North River, became infuriated at the market to-day and, careless of all deprecation, sped madly through the square. Pedestrians crept into every available nook, and the street was rapidly vacated. The run away crossed Grafton Street and attacked the store door of our genial friend R. Smeaton, damaging it considerably. Leaving that point of attack, he recrossed the street and upset a load of hay standing by the Market fence and made a charge upon a teamster. Entering the square he spread confusion in the minds of the market people, galloping furiously through the vehicles. He blindly ran foul of the fence at east side of Market House. Here he was seized by a number of sturdy yeomanry, who bound him with ropes and conveyed him to the nearest butchery. Other accidents caused by his freaks are reported, but they lack authenticity.

CASE OF YELLOW FEVER ON BOARD A VESSEL IN ST. JOHN HARBOR.—The bark Black Prince, which arrived at this port from Rio Janeiro, on Tuesday last, has since that time been lying at the Island in quarantine, having several cases of yellow fever on board. Last night about seven o'clock she was towed up the harbor, and is now lying in the stream below Sand Point. None of the crew have yet come ashore. It is reported that two men have died on board. It is also reported that on her voyage she fell in with a Spanish vessel, which had been abandoned. It was found that an attempt had been made to scuttle her, anger holes being found bored through her sides. The vessel was towed by the Black Prince about seventy miles, when the mate and four men went on board and started in her for Bermuda. —News.

**The Easter Cattle Show.**

The Easter Cattle Show was held on the Market Square to-day. It was attended by a large number of our foremost farmers and stock-raisers, who appeared to manifest a lively interest in the exhibition. The show was not as large as we have seen in former years; but the lack of numbers was made up by the exhibition of a superior quality. The cattle exhibited by Messrs. Blake Bros. would be creditable to any country. A three-year-old heifer owned by that firm attracted much attention, as did three four-year-old steers, fed by Messrs. G. Bullman, Malpeque, Blake Bros. and Thomas Bullman, respectively. Those exhibited by Mr. R. Bridges were worthy of special mention, as were the ones fed by Henry Longworth, Esq., Benj. Wright, Esq., John Bell and Mrs. Lewis. The following is a memorandum of the weights, for which we are indebted to Mr. Seller:

**The Depression.**

LORD BEACONSFIELD, in reply to a suggestion for an enquiry into the depression of commerce and agriculture, said that though he could not see that any advantage would result from an enquiry into the cause, he could not but acknowledge the fact of a depression in agriculture. He stated that English agriculturists were suffering principally because of the low price of produce, and he ascribed the low price to the depreciation of silver. Whatever may be meant by this, there are other more potent causes at work. The fact is that wheat cannot be grown profitably in England at the price for which American wheat can be laid down there. A recent letter to the Times shows clearly that American wheat, which has already brought wheat in England down in price to forty shillings per quarter, can be sold as low as thirty shillings. Now, if an agricultural depression is felt with wheat at forty shillings, the effect of a further fall of thirty shillings is very apparent. English wheat growers would be practically out of the market. It is stated that unless this year's harvest is an unusually good one many English farmers will be unable to hold out any longer. As there is no practical limit to the wheat producing capabilities of America, the depression as far as it affects agriculture must be a permanent one. An exodus of English farmers might be anything but an undesirable thing for themselves, and Canada especially, just now that our immense wheat-growing lands of the North-West are being opened up so rapidly, yet it would be a great blow to one of the greatest industries of England.

The following special cablegram to the Toronto Globe from London April 3rd, is published: "Edward Hanlan is rapidly recovering from his recent indisposition. He is now rowing with his usual strength and power. Very few persons will stake money against him. The Canadians who intend coming over to bet will not be able to put up much money on him, owing to Ross' easy victory. Hawdon has very few backers, as our speculators prefer the Canadian, considering that his prospects are much stronger."

**Why Will You**

Allow a cold to advance in your system and thus encourage more serious maladies such as Pneumonia, Hemorrhages and Lung troubles, when an immediate relief can be so readily attained. Boschee's German Syrup has gained the largest sale in the world for the cure of Coughs, Colds and the severest Lung Diseases. It is Dr. Boschee's famous German prescription, and is prepared with the greatest care, and no fear need be entertained in administering it to the youngest child, as per directions. The sale of this medicine is unprecedented. Since first introduced there has been a constant increasing demand and without a single report of a failure to do its work in any case. Ask your druggist as to the truth of these remarks. Large size 75 cents. Try it and be convinced.

**To the Electors of Charlottetown, Common and Royalty:**

GENTLEMEN,—Having been nominated at a large meeting of merchants, mechanics, farmers, and other electors of Charlottetown, Common and Royalty, representing both parties in Dominion politics, to run in conjunction with Mr. L. H. Davies, for the Local Legislature, I beg to state that I have accepted the nomination.

If elected my best efforts will be directed to have the Law for the Registration of Voters so amended that no elector may be deprived of his privilege as a British subject, in recording his vote. I believe that by strict economy and retrenchment in the various departments of the public service, the expenditure of the Province can be so reduced as to bring it within the revenue, without resorting to direct taxation; and any measures having for their object the reduction of the taxes, or the repeal of the Assessment Act, if that be found possible, will have my willing support. The state of the Provincial finances, as well as the depressed condition of all branches of trade, demand the strictest economy and retrenchment. Certain members of the present Government having declared their intention to place Charlottetown under the Assessment Act, I shall strenuously oppose any such measure. That Act was placed upon the Statute Book to defray the expenses of maintaining the roads and bridges of the country. The City taxes itself for that purpose, and it is, therefore, unjust that it should be compelled to contribute to a service from which it derives no benefit.

Charlottetown contributes largely to the general revenue by its consumption of dutiable goods. This revenue is repaid the Province in the shape of subsidy. The subsidy is also largely made up by the 80 cents per head of the population. It will, therefore, be my duty to see that Charlottetown gets a fair share of the Revenue thus derived.

Any measures having in view the improvement of the position of the Mechanics of this my native city, and the protection of their industry by the adoption of a just Lien Law, will, I need hardly say, have my warmest support, whilst at the same time I shall endeavor to see that the rights and interests of other classes are in no way infringed upon.

Having had an experience of upwards of 25 years in business, I claim to have some knowledge of the wants of the people. If elected, my best endeavors shall be put forth to promote their interests. My motto is country first, party afterward, and fair play to all.

I have the honor to be, Gentlemen,

Yours respectfully,

THOMAS MORRIS.

**To the Electors of Charlottetown, Common and Royalty:**

GENTLEMEN,—Having, at a large and influential meeting of the Liberal-Conservative Electors of Charlottetown, Common and Royalty, been nominated a Candidate for your suffrages at the coming General Election, I have accepted the nomination, and now solicit your support for myself, as also for my colleague, the Honorable Neil McLeod.

In the late Government, as a Free School man, I performed that which I considered to be for the true interests of all classes, by assisting to place on our Statute Books a thoroughly non-sectarian School Act. This Act, although it may—like most others—require amendment, has, I am pleased to believe, proved generally acceptable to every class and creed in the Province, and all now cheerfully agree that its non-sectarian principle must be kept inviolate.

I rejoice that the harsh line of religious party differences has been obliterated, and that all denominations can henceforth stand shoulder to shoulder for the purpose of striving in unison to carry out such measures of economy and retrenchment in the Administration of Governmental affairs as the changed aspect of commercial and other business matters in the Province have rendered absolutely necessary.

Should I have the honor to be returned to the Assembly as one of your representatives, an object of mine shall be to meet all reasonable and honest endeavors that may be made to lessen the burthen of taxation, which, in the present state of general financial depression, is undoubtedly necessary; and to aid any legitimate legislation that may tend to the well-being of every class in the community, and particularly of mechanics, who, as a body, through their own magnanimity, have not in the Assembly a representative from among themselves.

I have the honor to be, Gentlemen,

Your obedient servant,

G. W. DEBLOIS.

Ch'town, March 20, 1879.—the pres ar ne 2i

**To the Electors of Charlottetown, Common and Royalty:**

GENTLEMEN,—Having been nominated at a large and influential meeting of the Liberal-Conservative party as a candidate for Charlottetown, Common and Royalty for the House of Assembly of this Province, in conjunction with your late representative Mr. George Wastie DeBlois, I solicit your support and influence in behalf of Mr. DeBlois and myself at the approaching General Election.

Should you do me the honor of returning me as your representative, I shall consider it my duty to guard your interests in Parliament, by advocating such measures as will most conduce to your prosperity.

In times like the present, of financial and commercial depression, I will advocate measures of economy and retrenchment in every branch of the public service in order to relieve the taxpayers as much as possible.

Believing that the interests of the mechanics require some consideration at the hands of the Legislature, I shall deem it my duty to advocate all legitimate measures that will tend to promote their welfare.

I have the honor to be Your obedient servant,

NEIL McLEOD.

Charlottetown, March 21, 1879.

**To the Free and Independent Electors of the Third Electoral District of Queen's County:**

GENTLEMEN,—Owing to the dissolution of the House of Assembly, it becomes your duty to select Candidates to represent you in Parliament.

At the earnest request of many influential electors, from different sections of the District, I again, most respectfully and thankfully, submit to be nominated as a candidate for the forth-coming General Election.

My views on the political questions now agitating the minds of the people are well-known to the most of you; and, if I again have the honor to be elected as your representative, it shall be my earnest endeavor to assist in carrying out the reformatory measures initiated by the present Government, and which the present condition of our finances require.

I regret that, in consequence of indisposition, I have been unable to meet you personally as I would wish; but, if returned at the coming election, you may feel assured that your interests and the local requirements of the District shall not be neglected. I thank you, gentlemen, sincerely, for the continued and liberal support which you have extended to me for the past twenty-two years, which is a satisfactory endorsement that my services have been duly appreciated.

I have the honor to be, Gentlemen,

Your old servant,

F. KELLY.
