THE STANLEY.—The Stanley arrived at Georgetown this forenoon. The passengers hired a special train and came to Charlottetown this afternoon.

PRICE OF PORK.—In Chicago, pork per brl. is quoted at from $12.90 to $12.97. In Charlottetown the price per lb. by the carcass is from 5½ to 6 cents.

STILL IN THE FIELD.—Mr. Lewis P. Tanton asks THE EXAMINER to deny the reports circulated by his opponents to the effect that he has withdrawn from the civic contest in Ward Five.

THE REASON WHY. — Women always show more taste in adorning others than themselves, and the reason is that persons are like their hearts—they read another's better than they can their own.

AT THE CAPES.—Crossing both ways today. Sixty nine bags of mail matter arrived at Cape Traverse about half-past one o'clock, the mail will be due in Charlottetown about four o'clock this afternoon.

MEETING.—Last evening the basement of the Brick Church was again filled to the doors to hear Evangelist McKay. A meeting again to-night in the same place at 7.30; prayer meeting at 7. Come, and welcome to all.

TO RETURN HOME.—We regret to learn that owing to continued ill health, Mr. Ronald J. Macdonald, who is prosecuting his ecclesiastical studies at the Propaganda College, Rome, is compelled to return home. He is expected to arrive about Easter. The young gentleman is a son of Mr. Angus Macdonald, of North Bedeque. —Herald.

CHEESE FACTORY AT WINSLOE.—A public meeting will be held February 8th, in the Winsloe Hall, for the purpose of organizing a cheese factory. Mr. Dillon is expected to attend. If the night should prove unfavorable the meeting will be held on the following night. A full attendance is expected. By order of the committee.

MOVEMENTS OF THE TRAINS. — The Georgetown and Souris train reached the city to-day. The western train will be due in Charlottetown on time from Summerside. The train which left Charlottetown yesterday forenoon got as far as O'Leary last night, and reached Tignish to-day; the train which left Tignish at half past one only got as far as St. Louis, formerly known as Kildare. This train will arrive in Charlottetown to-night.

IN ONE OF OUR CITY SCHOOLS.—Tired Teacher—Now, children, it you cannot remember the other letters of the alphabet, you can remember O. See—It is round like an apple.

T. T.—(making the letter O on the black-board a moment later)—What letter is this? Ah, Johnny, I see your hand! Well?

Johnny—Please mam it's an apple.

T. T.—Faints.

CRUELTY TO ANIMALS.—A Montague correspondent of the Patriot writes:—A case of cruelty to animals somewhat similar to that lately witnessed at Montague, took place a few days ago in the vicinity of Victoria Cross. A man went to the woods for a load of firewood, and on his returning his horse got stuck in a snowdrift, where he was left by his master. Two days after a neighbor chanced to pass the way, and observing the animal still alive but unable to move, he out of pity at once put an end to his existence. Such instances of cruelty to animals deserve severe punishment.

POLICE PENCILINGS.—About one o'clock this morning, Miss Slate, who lives on Richmond Street west, informed the police that her brother Charles had a woman in one of the rooms of her mother's house, and asked the officers to remove her at once. The officers went down and found the room door locked. They broke open the door and found Slate and Mary Blaquiere there. They arrested the girl and brought her to the station, and also captured several bottles of medicine. This morning she appeared before His Honor, when Slate explained that the girl was at his place for treatment for a disease from which she was suffering. The case was adjourned until to-morrow, the girl being released on her own recognizance.

Three young men, named Frank McGregor, Fenton Vatcher and Joseph Mahar, were each fined $2 and costs for using abusive and provoking language towards Henry Horne.

LETTERS TO THE EDITOR.

A GOOD SUGGESTION.

SIR,—One of the speakers at last night's city meeting made an excellent suggestion and one which the incoming City Council would do well to act on, viz: for the city to fix and determine on the grades of all streets and sidewalks. This is one of the first steps towards making good streets and sidewalks of a permanent kind. I was glad that the suggestion I made in your columns some weeks ago that the present was an opportune time to build a roadway around the Government House grounds park met with general approval. I shall watch with some interest the proposed attempt to clean and drain and improve the sanitary condition of the city without sewers. Perhaps it can be done. I confess to being somewhat sceptical.

H. F. COOMBS.

CIVIC MATTERS.

SIR,—Your editoral yesterday was all very well. But you should have gone a little further and said that if Mr. Haviland had gracefully withdrawn from the field and made way for others who deserve the Mayoralty, he would have stood much higher than he does in the estimation of yours,

VOX POPULI.

NEWS NOTES.

According to the statistics of the St. Hyacinthe (Quebec) Custom House, six hundred and seventy-two families from the United States, during the year 1893, declared their intention of residing in that district, and brought their household goods with them as an evidence of good faith. At the usual rate of calculation that would mean some 3000 persons. There is no reason to think that St. Hyacinthe is peculiar in its experience in this respect, though the recent establishment of manufactures there has made it a more attractive point for people seeking employment. There are other evidences of a general movement of Canadian emigrants back to their homes, a large proportion of them intending to stay there.

Capt. McKee, of the steamer Yemassee, which arrived in the port of New York on Friday, reports having seen with his chief officer a meteor of great size at sea. They say the meteor was as large as five or six full moons. The meteor went careering about in the heaven's in a manner to make them fancy that the judgment day had come. It seemed at one time to be coming straight for the ship but suddenly it shot off for the east, followed by a great streak of fire. When I saw, said the captain, that it was not going to strike the ship I felt some relief. It frightened me badly, I admit. "After going about 50 degrees to the east it began to take a ziz-zag course. It continued to go about in that way for a long time. At last it burst into more than 100 pieces, like a sky rocket. the small fire balls were shot all over the heaven in every direction and gradually died away, as the fire does from an exploded rocket. I pulled out my watch when the meteor or whatever it was—began its ziz-zag course, and the display lasted more than half an hour. The chief officer and I both watched the thing from the time it started until the great streaks of fire it left in its wake gradually died out."

The World's Columbian Exposition.

1. The whole civilized world has been interested in the Great Celebration. The crowned heads of Europe, the governments of all the famous nations of the globe, the lands of the Orient and the islands of the sea have all been co-operating to render the Exhibition worthy of the greatest event of modern times. Its magnitude and marvelous character can only be described by saying that it has comprised all the rarest products of land and sea, the most dazzling wonders of nature and the grandest productions of human genius.

2. The Great Fair which celebrates the discovery of America by Columbus has never been equalled. It was larger and more magnificent than any similar exhibition ever held. Over twenty million dollars was expended in its grand spacious buildings, and the result was the most attractive Exhibition the world ever saw.

3. This gorgeous display is vividly portrayed in our PICTORIAL HISTORY OF THE WORLD'S COLUMBIAN EXPOSITION. his captivating volume is a brilliant panorama of the Great Fair which has awakened such a world-wide interest.

This wonderful work is a royal octavo volume of over 800 large double-column pages, 10½ inches long by 7¾ inches wide. It contains nearly twice the amount of matter in an ordinary quarto book, and is therefore equal to a large volume of 1600 pages.

It contains a complete history of the World-renowned Exposition at Chicago; captivating descriptions of the magnificent Buildings and marvelous Exhibits, such as Works of Art, Textile Fabrics, Machinery, Natural Products, Latest Inventions, Discoveries, etc., with a full description of Chicago, its wonderful Buildings, Parks, etc., by ex-Governor Wm. E. Cameron, of the World's Columbian Exposition History Co., with an introduction by Hon. Thomas W. Palmer, ex-U. S. Senator and ex-Minister to Spain, including a chapter on the Women's Department by Frances E. Willard, President of the World's and National Woman's Christian Temperance Unions.

CONDITIONS—It is printed from clear, new type, on fine calendered paper, and is embellished with a large number of BEAUTIFUL ENGRAVINGS, which charm everyone who sees them.

This grand work surpasses anything that has yet appeared in this line, and will be sold by subscription only. Wait for it; take no other.
