

PLAN RED CROSS CAMPAIGN

G.G.K. Peake, Chairman of the Red Cross Campaign Committee and Walter Shaw, Provincial Campaign Chairman held a preliminary meeting with the Divisional Commanders at Red Cross Headquarters Thursday afternoon. Mr. Shaw told the group that this year's Red Cross Campaign objective is \$31,000, a 6.8 per cent increase over last year's. Since Charlottetown's proportion of this amount is \$13,000, Mr. Peake impressed upon the Committee the importance of lining up live-wire canvassers who will make sure that every call is satisfactorily completed in the allotted time.

The canvass will get underway on March 4th, immediately following the Divisional Red Cross Annual Meeting scheduled for Friday evening, March 1st. Campaign officials seen in the above picture LEFT George Purvis, Miss Iphigene Arsenault, Keith Johnson, Gordon Kerr, Mrs. E.E. Douglas, Walter R. Shaw, G.G.K. Peake and Henry Douglas. J.T. Doyle and O.R. Simons are also on the Charlottetown Committee but were not present when the above photo was taken.

J.A. VATCHER

Died Recently In Charlottetown

The death of James Arthur Vatcher occurred suddenly on February 27, 1957, at his home 101 Railway Street, Charlottetown, P.E.I. Although he had been fighting ill health for many years, his passing comes as a decided shock to a wide circle of relatives and friends both in Canada and in the United States.

Mr. Vatcher was born in Charlottetown, the eldest son of the late Arthur and Nettie Vatcher. For fifteen years he was owner and manager of the Credit Bureau of the Island, a member of The Associated Credit Bureaus of Canada, the Maritime Associated Credit Bureaus of Canada of which he was president in 1955, and a member of the American Collectors Association and Commercial Law League of America. He was Maritime Director of The Associated Credit Bureaus of Canada in 1949.

Mr. Vatcher received his early commercial training in Detroit, where he was engaged in the merchandise business and was associated with the early development of Civil Aviation being a charter member of The Detroit Flying Club.

Claims To Be The Only Liberal In N. S. House

FREDERICTON (CP)—Liberal ranks in the New Brunswick legislature were reduced by one today when fiery Northumberland County Liberal W. J. (Tony) Gallant announced he will not sit with the other 13 opposition members.

Mr. Gallant said in an interview four hours before the house opened, "I am sitting off in a corner." He refused to call himself an independent. "I am the Liberal," he said. "The rest of them are independents."

Mr. Gallant, re-elected under the Liberal standard in the June, 1956, general election, said he will not necessarily vote with the opposition even in a vote of non-confidence in Premier Fleming's Progressive Conservative government.

Liberal party spokesmen said this made Mr. Gallant an independent. Mr. Gallant is one of the most colorful members of the legislature. His remarks have often provoked the wrath of government members and during the 1956 session he was ordered "to shut up or get out," by the house Speaker. He was first elected in 1952 when the Liberals became an opposition party for the first time in 17 years.

Opposition Leader Joseph E. Connelly said he had no advance knowledge of what Mr. Gallant planned. He said he did not know Mr. Gallant's dissatisfaction "had reached such a degree of acuteness."

A Liberal source said: "We will just have to sit down and wait to see what develops." No reason was given for Mr. Gallant's decision.

House standing now is: Progressives 36; Liberals 13; Independent 1. Two seats are vacant.

Mission Circle Met At Mrs. E. MacLeod's

Mrs. Ervin MacLeod entertained the members of the Mission Circle of Trinity United Church at her home on the evening of February 18th. The meeting opened with a devotional service led by Mabel Jay. The President, Alberta Brown, conducted the business period with the minutes of the previous meeting being read by the Secretary, Mrs. Allison Mutch. Several new members joined the Circle.

Progress was reported on the two aighans now being made although there are still a number of squares to be completed. It was suggested that the group should take part in a worship service at Easter and a committee comprising Anna Matheson, Gladys MacMillan and Mrs. Roy Boswell was appointed to make plans.

Several humorous contest contributed to the recreational program. Eleanor Carson and Gladys MacMillan assisted the hostess in serving refreshments.

Rev. William Simpson and Rev. Vincent Murnaghan occupied seats in the Sanctuary.

The pall bearers were Messrs. Daniel Holland, William Quina, Ernest Currie, Daniel Currie, Victor Keoughan, Ivan Quinn.

Interment took place in the church cemetery. The funeral was very largely attended.

The Guardian Page 3 Friday, Feb. 22, 1957

Funeral At Fort Augustus

The funeral of the late Mrs. Flora Trainor was held Thursday morning from the residence of her son, Joseph A. Holland, Tarantum, to St. Patrick's Church, Fort Augustus, where Requiem High Mass was celebrated by her pastor Rev. T.P. Butler who also officiated at the grave.

Rev. William Simpson and Rev. Vincent Murnaghan occupied seats in the Sanctuary.

The pall bearers were Messrs. Daniel Holland, William Quina, Ernest Currie, Daniel Currie, Victor Keoughan, Ivan Quinn.

Interment took place in the church cemetery. The funeral was very largely attended.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain. Thousands have been relieved—without resort to surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

To Focus Public Interest On Educational Problems

By BILL BOSS
Canadian Press Staff Writer

OTTAWA (CP)—Fourteen Canadian organizations are to pool their efforts for one week during March to draw Canadian education into public focus.

Canada's Education Week, March 3 to 9, has as its theme "Education—Everybody's Business." It is to be Canada's 21st annual observance of the week.

George Croskerry of Ottawa, chairman of the national committee, says the aim is twofold: 1. To take pride in accomplishment; 2. To publicize remaining gaps and weak points.

Local committees are responsible for observances within their areas. The national body provides ideas and guidance.

UNITED IN APPEAL

"No other project in Canada has brought into effective working partnership such diversified groups as are to be found in Canadian Education Week's sponsoring organizations," says Mr. Croskerry, a former public school principal here and now secretary of the Canadian Teachers' Federation.

"These groups want more and better education for Canadians. They are united in this appeal to all citizens to turn their attention on education and its contribution to Canadian life."

The list: Association des Educateurs de Langue Francaise, Canadian Association for Adult Education, Canadian Association of School Superintendents and Inspectors, Canadian Chamber of Commerce, Canadian Education Association, Canadian Federation of Agriculture, Canadian Home and School and Parent-Teacher Federation;

Canadian Labor Congress, Canadian Legion of the British Empire Service League, Canadian Manufacturers' Association, Canadian School Trustees' Association, Canadian Teachers' Federation, National Conference of Canadian Universities and National Council of Women.

GROWING ENROLMENT

Canada, says the sponsoring committee—on which each organization is represented—has 125,000 teachers in elementary and secondary schools accommodating 3,350,000 students.

"It is estimated that enrolment in 1956 will be 42 per cent higher in elementary schools and 85 per cent higher in secondary grades than corresponding 1956 enrolments.

"Within the next 10 years Canada will need 46,000 new teachers to take care of enrolment increases alone. That does not make

any allowance for replacement of those who leave the profession.

"To provide school seats for the extra pupils in the next decade Canada will need 46,000 extra classrooms. At present dollar values new elementary and secondary school buildings during the next 10-year period will cost \$1,500,000,000; the increase in salaries for the additional teachers will amount to nearly \$150,000,000.

Education Week, says the sponsors, is an effort to persuade Canada that more definite action should be taken to meet the challenge. An important problem is teacher recruitment. The profession should be made more attractive.

Suggested methods are to raise standards and to increase salaries.

The average Canadian teacher's salary during 1956 was \$2,950, while 38,000 earned less than \$200 a month — \$2,000 an academic year. By contrast with other professions, let alone the skilled trades, the field would have to be made more remunerative to attract the new numbers needed.

The sponsors say 19.6 persons of every 1,000 population in Russia now go to university. This compares with 15 in the United States and 4.94 in Canada.

"If we want more Canadians to go to university, obviously standards of teaching in our schools must be of the best. There can be no skipping here."

The committee has published a 15-page handbook of suggestions for local programs, based on ideas worked out at Melfort, Sask.

It calls for local tours of educational establishments, public meetings with the accent on audience participation, public opinion polls on education needs with fast tabulation and publication of the results, job surveys correlated to the training the openings demand, and various types of contests.

STELLA MARIS SCHOOL

The following is the report of Stella Maris High School. Grade XII. 1. Josephine Bradley, 2. Rose Marie LeClair, 2. Rose Marie Doiron.

Grade XI. 1. Edna Kelly, 2. Marie Murnaghan, 3. Billie Doucette, Grade X. 1. Lionel Gaudin, 2. Norman C. Gallant, 3. Clara Gallant.

Grade IX. 1. Urbain Gaudin, 2. Aeneas Gallant, 3. Ida Gallant, Grade VIII. 1. Bonita Gallant, 2. Eleanor Blaquiere, 3. Elizabeth Gauthier.

Grade VII. 1. Mary Saulnier and Camilla Doiron, 2. Margaret Gallant, 3. Joseph Buote.

Grade VI. (Boys) 2. Eric MacEwen, John Lester Gallant, 3. Julien Gaudin.

Grade VI. (Girls), 1. Carolyn Gallant, 2. Barbara Gauthier, 3. Jeannette Blaquiere.

Grade V. 1. Gerard Gauthier, 2. Darlene Gallant, 3. Linda Gallant, Grade IV. 1. Irving Doiron, 2. Anne Marie Gaudin, 3. Janet Gallant.

Grade III. 1. Gail Gallant, 2. Angela Gallant, 3. Ronald Blaquiere.

Grade II. 1. Bernadette Gaudin, 2. Elaine Doiron, Cyril Gallant, Grade I. 1. Neil Gallant, 2. Errol Gallant, 3. Justin Gallant.

Grade II. 1. Della Deneucette, 2. Elaine Gallant, 3. Dolores Sampson.

LOWER PROTEIN

Last year Island grain crops was one of the heaviest on record, grain from such a crop will be lower in protein than a normal crop and this variation will have the effect of producing hogs carrying more fat than is desirable.

Stated in another way there will be a greater amount of protein supplement is increased then the hogs will be fatter. In fact there is already evidence that this situation is being reflected in the percentage of A hogs.

ELECTRICAL WIRING

Electricity is one of the greatest convenience that the farmer can have in his barn but electrical wiring can also be a very real hazard. Even though an excellent job in the presence of dampness, dry was originally wiring deteriorates and deteriorate quite rapidly in the presence of dampness. Places where continual dampness exists should be checked carefully to see that the insulation on wire is not falling to pieces. In fact wiring that has been in use for more than five years should be checked by a competent person can make recommendations for which develop as the years go by the elimination of danger spots and the home made extension

New London Has A P.Y.P.S. Party

On Friday evening, February 15th, the Presbytery of the people of the New London Pastoral charge gathered at the hall in New London to hold a belated Valentine's party.

The evening opened with a short devotional period led by the Rev. L.D. Bartlett. Miss Ruth MacEwen accompanied the group on the organ in the singing of a hymn. A few pertinent remarks were made by Rev. Bartlett on the topic "God Seeks Our Hearts."

The business meeting was brief as the only item of business was the possibility of having another social for the pastoral charge P.Y.P.S. in May. This was most heartily agreed to. Plans for such would be discussed by the member groups, namely, South Granville, Clifton, and Geddie P.Y.P.S. groups.

The games for the evening got under way with the matching of broken hearts. This was won by Monty Campbell and Wallace MacLeod of Park Corner. The group then enjoyed an elimination game called "Dash for the Heart" which was won by Mr. Robert Montgomery. The group was forming for a relay game, when one of the participants tripped over his shoelace. Mr. John Burgoyne informed all that the weather was getting rather nasty. So one more game was played. This was called "swat tag" which was thoroughly enjoyed. This was watched at the end by Mrs. Warren Sims and Mr. James MacKay.

Refreshments had been planned at the manse but the suddenness of the storm and its intensity called these off. The group departed in haste for their homes. It was later learned that only because of the much appreciated rescue work of Mr. Daniel Buzzle of French River many would not have reached their homes. This service is greatly appreciated by the pastor, the parents, and the children.

It was regrettable that activities had to be curtailed and that the members of the South Granville P.Y.P.S. who had planned to come were unable to make it, being wise not to start out under such conditions. Yet, despite the storm over 25 young people had a very good time.

Plan Boys' Work For Next Year

Following a meeting in Trinity Church Study of the P.E.I. Boys' Work Committee it was announced that the dates of the Boys' Camp at Augustine Cove would be from July 2 to 12. Registration \$2.00 and Board \$14. The Registrar to be Rev. Lindsay Graves, Tryon.

The report of the Boys' Model Parliament stated that 44 boys were registered representing the Presbyterian, Anglican, Baptist and United Churches. A fund of about \$40 was available to send representatives to the Maritime Boys' Parliament next December.

Appreciation was expressed for the support of the Men's Associations in underwriting the deficit of the Committee due to small returns from the past two camps.

Rev. Owen Cochran, president at the meeting, Mr. Alfred Tait represented the Baptist Church, Rev. C.R. Moose was asked to represent the Committee at the next meeting of the Maritime Boys' Work Board.

which develops as the years go by.

HOG WEIGHTS AND RETURNS

To further emphasize the value of shipping hogs within the core-

rect weights we publish this table to show what happens at the heavy end of the weight range where feed efficiency is at its lowest too.

GRADE	WEIGHT	PRICE	RETURNS
A	169 lbs.	\$30.00	\$52.70
B1	173 lbs.	29.00	51.17
B3	178 lbs.	28.40	50.55
Heavy	182 lbs.	28.75	51.36
Ex. Heavy	202 lbs.	25.00	50.50

Then look at the light end:—

GRADE	WEIGHT	PRICE	RETURNS
A	140 lbs.	\$30.00	\$44.60
B1	139 lbs.	29.00	41.31
B2	131 lbs.	28.75	37.66
C	124 lbs.	27.00	33.48
Light	113 lbs.	26.50	29.94

TURNIP MARKETS

For a long time turnips have been cash crop of importance to sections of this Province. Prices and demand over the years and within the years has shown marked variations but at the present time there seems to be pretty general agreement on the part of both the producers and dealers that there is no money in the business for anyone. Last year the Province exported in the vicinity of 1,500 car lots, an item of considerable consequence, but at least some of the dealers admit that they operated at a loss and of which means
