Pine Siskin	American Goldfinch	House Sparrow

NEIL BENNETT AUTUMN BIRDING CLASSIC

For the seventh year, the Natural History Society will be working in conjunction with the Island Nature Trust to raise money for the acquisition and protection of natural areas throughout the province. This year the team will consist of Dan McAskill, Eric Marcum and Michelle Johnston. On September 29th, they will take to the fields, wood, shore, and wetlands to count birds, collect sightings for the newsletter, and to raise money for the Island Nature Trust's conservation programs. You can help by:

- * pledging a set amount or pledging by the species and seeing what the team can do;
- * contacting Barb McDonald at 566-9150 and obtaining a pledge sheet to collect monies for the Island Nature Trust for this event; or
- * fielding your own team and signing up pledgers for your team's efforts (contact Barb to set this option up).
