Ladies' Fine Slippers

More than 2000 Families in Halifax and Dartmouth use Sunlight and Lifebuoy Soaps

exclusively in their homes, and all say they would not have any other kinds.

This information is correct having been gained by competent and trust-worthy advertisers, leaving samples at every house and making careful enquiries.

These families never knew what pure SOAPS meant, until they tried SUNLIGHT and LIFEBOUY.

Why should not others learn and be healthier and happier for the learning.

Price is only 5c for large twin bar.

MRS. STEVENSON'S LECTURE.

The audience almost filled the Y. M. C. A., hall at the temperance meeting, last night, to hear the lecture delivered by Mrs. Catherine Lente Stevenson, of Boston. Mrs. Steven took for her subject: "The demands of the Christianity of to-day," particularly on the liquor problem. Mrs. Stevenson assailed the saloon as the foe of the church, the home and the state, and denounced the humbug of the Government in regard to the plebiscite. She spoke in a very clear and interesting manner for upwards of an hour. Her quotations, which were exceptionally well chosen, were many and varied and added much to the pleasure of the address.

The vote of thanks was moved by Rev. Mr. Raymond and seconded by Rev. Mr. Weddall, who, with Rev. Mr. Bryan and Mrs. Poole, the president of the Charlotte town branch of the W. C. T. U., occupied seats on the platform. Mr. Justice Fitzgerald, the chairman of the meeting, then made a few remarks to which Mrs. Stevenson replied, after which the vote of thanks was put and carried unanimously. At the close of the address Miss Boyer sang a very beautiful solo, and the benediction was pronounced by the Rev. Mr. Weddall.

A SUGGESTIVE LETTER.

SIR,—The sad drowning which took place at Rocky Point on Tuesday night last, the night on which the excursion on board the steamer Elfin took place, should be a warning to the public that too much care cannot be exercised while walking on such places as Rocky Point wharf, a public thoroughfare without a railing or any protection whatever, to ensure the safety of travellers.

Would it not be more in keeping with the times if our energetic and ever watchful supervisor would call the attention of our Local Government to this fact, instead of awarding private contracts to his own sons.

WATCHMAN.

ZION CHURCH.—A meeting was held in Zion Church on Monday night to decide upon substituting chairs for the pews. It was decided almost unanimously to leave the church as it is.

SUNDAY SCHOOL PICNIC.—The annual picnic of Grace Church Sunday School is taking place to-day at Elliot's Mills. The weather is fine and the little ones and their friends are having a delightful outing. Nine well-filled cars left Charlottetown at half-past nine o'clock.

DR. PARKER ILL.—A St. Andrew's, N. B., despatch says: Friday afternoon last Dr. Neville G Parker was prostrated by an attack of heart failure. As he walked across his bed chamber he was heard falling on the floor. With the assistance of a neighbor who was called for the stricken gentleman was laid on his bed and Dr. Harry Gove, who was quickly summoned, administered a stimulant into Dr. Parker's arm in the form of a hypodermic injection. In due course he came out of the unconscious state into which he had lapsed as a result, and at last accounts was making favorable progress to recovery.

Miss Amy DesBrisay's school will reopen in St. Paul's Schoolroom on Monday, Sept. 11th.

Muttart's Steam Merry-go-round will be operating on the grounds of the Ch'town Driving Park during the horse races on the 13th and 14th Sept. 1 wk.

LABOR DAY.—All the principal stores in the city have agreed to celebrate Labor Day on Wednesday, Sept. 6th, instead of Monday, Sept. 4th. The sports on the C. A. A. A. Grounds promise to be the best held for years. Unsworth, Cook, Newsome, Clarke, Brown Bros, Large and others are training hard and will put up some of the best races ever seen on the Island. 3 ins.

SEWER CONSTRUCTION.

Work Well in Hand—Pumping Stations Nearing Completion

Work upon the sewers is progressing well. Work was begun on the 17th of May, and already about six and a-half miles of pipe have been laid. About two-and-a-half miles of pipe were put down last year. About a mile-and-three-quarters have yet to be sewered to complete this year's contracts. It is expected that all the sections south of and including Euston Street will be sewered by the latter part of October. Next year all that portion of the city lying to the north of Euston Street will be sewered. This will mean the putting down of about six miles of pipe. Already there have been about 100 connections made with the sewerage system, and they have all been satisfactory. The pumping stations at the east and west end of the city, are nearing completion. The station at the foot of Fitzroy street will be ready for use in about three weeks' time. The station at the east end will be ready in about six weeks' time. Each station is equipped with a seven horse-power gas engine. The reservoir itself is of concrete and rubble masonry and is completely buried. The only evidence of its existence in sight is the small brick pumping house which surmounts it. Altogether about 200 men have been employed in the work of construction, and a sum in the vicinity of \$37,000 has been paid out in wages already this year.

PERSONAL.

Dr. Burrell, of Yarmouth, is visiting Charlottetown.

Mr. J. E. Hegan, C. E., went to Malpeque this morning.

Mayor Warburton registered at the Windsor Hotel, Montreal, on Monday.

Miss Annie Johnson was a passenger by the western train this morning en route to Summerside.

Mr. B. B. Lyons, manager of the Scientific Library Department of D. Appleton & Co., of New York, is in the city.

Mrs. Stephenson, who lectured in the Y. M. C. A. Hall last evening, left this morning for Summerside en route to Moncton.

Mr. G. Dodd left this morning by the Princess for Boston. He was the guest of Mr. and Mrs. J. A. Webster while on the Island.

Sister Ann (Miss Fairclough) who has been visiting relatives in Charlottetown during the last month, left this morning on return to Toronto.

Miss Alice G. Parker, who has been visiting Glencairn, the residence of Charles Palmer, Q. C., returns to St. Andrew's, N. B. tomorrow.

Mr. James Vaughan, for many years employed in R. K. Jost's establishment left yesterday by the Grand Duchess en route to Boston.

Mr. Douglas Stevens, Government steamboat inspector, arrived from Halifax last evening. To-day he is inspecting the Government steamer Brent.

The Summerside Town Council has passed a resolution of sympathy with the wife, family and friends of the late James McLeod, who for some time sat as a member of that body.

Mr. John F. Robertson, jr., left this morning by train en route for Quebec where he will begin the preparatory work of his second year's course in science at McGill College.

Mr. M. Kilfoy, for many years in the engineering department of the Stanley and later employed as engineer on the Yarmouth, came to Charlottetown last evening to take a position with the Royal Electric Company.

Mr. W. B. MacKenzie, Chief Engineer Government Railways, arrived from Moncton last evening and registered at the Hotel Davies. To-day he is inspecting the curves at Loyalist and Colville, which it is proposed to straighten.

Messrs. Gregory McLellan and P. McQuillan, who have been students at St. Dunstan's College for several years, expect to leave tomorrow morning for Quebec where they will enter Laval Seminary to study for the priesthood.

Local and Other Items.

THE COBAN.—S. S. Coban will be due here tomorrow morning.

ENGINEERS.—The Engineers will meet for company drill this evening, in uniform.

RACE ENTRIES.—The entries for the Driving Park races on the 13th and 14th close tonight.

SALT.—The bark Romance, direct from Liverpool, G. B., is discharging salt for Peake Brothers & Co., at their number 2 wharf.

POLL TAX.—A batch of executions has been made out, and will be given to the police today. Now is the time for those in arrears to pay up.

RACES.—The list of entries for the races at the Driving Park will be published shortly. It is one of the best lists ever made up for an Island race.

MORE COAL.—The schooners Brilliant, Ceto and Capio have arrived from Dominion Coal Co's. mines, C. B., with cargoes of slack and nut coal to Peake Brothers & Co.

ANOTHER EXCURSION.—An excursion from Pictou to Charlottetown takes place Sept. 2nd, probably accompanied by the Westville Band. It is expected that a large number from Pictou will come.

ST. DUNSTAN'S COLLEGE.—As the new building is not quite ready for the reception of students, St. Dunstan's College will open on the 12th September, instead of on the 7th, as announced in the prospectus.

SCHOOL RE-OPENING.—St. Peter's school will re-open on Thursday, September 7th. There are a limited number of vacancies. Pupils prepared for the Universities. Fees, boys' school, \$26.00 a year; girls' school, \$15. Apply to the Rev. J. Simpson, e o d, t d.

SPORTS.—Entries for the sports to be held on Wednesday, September 6th, will close Sept. 1st, except the Massey-Harris Trophy, which will close Sept. 2nd. The contract for score cards has been let to James D. Taylor, and Arthur Vatcher will be the caterer.

EXHIBITION STOCK.—For the information of Island exhibitors of live stock at St. John and Halifax we may say that horses, cattle and sheep intended to be shown at both Exhibition will be charged regular tariff rates from Point du Chene to St. John; half regular tariff rates from St. John to Halifax, and will be returned to Pictou free.

CONDENSED MILK FACTORY.—Work upon the new factory of the Charlottetown Condensed Milk Co., was begun on Monday by Mr. W. W. Harper, on St. Peter's Road, near the residence of Mr. B. Longworth. The building will be 150 feet long and 38 feet wide. There will be a boiler room on the north side and a receiving room on the south side. It is expected that it will be completed about the 25th Oct.

THE BANK AT ALBERTON.—The office of the Merchants Bank of P. E. Island at Alberton, at which Mr. Cecil Stewart is agent, has just been fitted up in real bank style. It is now very neatly arranged, roomy and comfortable, and is a credit to the town. It is to be hoped that this branch of our Island bank will do a large and increasing business, and that the establishment of a bank at Alberton will have as profitable a venture as it is convenient to the business men who make use of it.

MARRIAGE BELLS.—The marriage of Mr. S. G. Thorne, a well known and popular young printer, and Miss Clara Rose, was solemnized in St. Joseph's Convent at an early hour this morning. The Rev. J. F. Johnston, of the Cathedral staff, performed the interesting and impressive ceremony. The bride was attended by Miss May Trainor, and Mr. William McEachern ably supported the groom. The pretty little chapel of the convent was handsomely decorated in honor of the event. The bride was the recipient of many handsome and valuable presents. Mr. and Mrs. Thorne have THE EXAMINER'S best wishes.

The Agriculturist is pleased to note that Mr. Thomas W. B. Crafer, of Malpeque who recently graduated from the Boston University with the degree of L. L. B., has been successful in passing the Massachusetts State Bar examination. There were in all 210 applicants for admission to the bar, of whom 125 were successful. It is Mr. Crafer's intention to locate in Boston.

Mr. H. J. Gardiner, referred to in THE EXAMINER'S despatches of yesterday as having been appointed manager of the newly established branch of the Merchants Bank of Halifax at Ottawa is another of Prince Edward Island's successful sons. He served for several years as a clerk in the branch of the bank in this city. His father is Mr. George Gardiner, of Summerside.

Premier Farquharson was present at the temperance meeting held last evening in the Y. M. C. A. hall. But he did not speak. He was, like the Guardian, "discreet."

The Plebiscite juggle of the Laurier-Tarte Administration was denounced by Mrs. Stevenson; but the discreet Guardian's reporter avoids the point. There are no prohibition bullets in the Guardian's gun when the Liberals are to be hit.
